

Summary 1.17.23 - Crabapple Middle School Governance Council

Present: Lauren Pritchard, Christine Davidson, Rachel Noto, Liz Caspermeyer, Angelique Hayes, Stacy Perlman

The meeting was called to order at 8:47 a.m. via Teams. Meeting agenda was approved. Minutes of last meeting were approved.

The Council reviewed the ideas for expenditures for the Flexible SGC Funds. Some ideas are:

- Replacing Social Studies novels (it was suggested this would be a good PTA grant)
- Training for Intervention Teachers
- Incentives for Intervention
- Funding for field trips
- Murals or art for the building - something that students might individually contribute a piece to - such as a tile or on a walk
- Materials for AVID

Future funding need suggested - turf for field in back because students can't go outside often due to lack of drainage.

It was reported that the Fall Community Tour was a success. More information to be shared at next meeting.

Lauren Pritchard reported from the Teacher Advisory Council that there was discussion regarding the calendar and teacher workdays.

We heard that the Parent Advisory Council meeting focused on math and acceleration.

The team agreed on date of next mtg. - February 21 meeting, 8:30 a.m. on TEAMS with agenda to include:

- Charter Funds Spending (Discussion)
- Fall Tour Debrief (Discussion)
- FY24 Budget (Discussion)

Meeting was adjourned.
