**Charter fund expenditure ideas for SY22-** Dr. Morrissey outlined the goal for the next meeting to arrive with ideas on how to allocate the \$40k available to SGC from the Charter Fund. These items will benefit students, staff and school on the whole. Dr. Morrissey reminded us of the Four Pillars of SGC and asked that our ideas for use of the charter funds fall under at least one of the pillars. Her suggestion is to consider beautification and personalization of the outside spaces to promote outdoor learning experiences for the students. Please avoid bringing suggestions that may be so involved that CMS would have to go through an alterations request process. Additionally, she indicated it was not necessary to spend the entire sum at once.

Ms. Kosakoski asked whether there was a catalog from which to select items. Dr. Morrissey responded that we needed to bring suggestions and that Daniela, Dr. Morrissey's assistant, would do the detailing and pricing of the item in preparation for a review of its value and benefit to the school.

Mr. Botelho asked for updates on the teacher workout room and Parent University.
