- Phonics and Math instruction is going well with the support of our coaches, getting us where we need to be
- Admin team meeting – iReady concerns were brought to our attention, resulting in teachers going through a protocol to examine student progress (address students completing assignments that are off level)
- PTO wants to support the school – we need them to support the staff and let teachers know they are appreciated
- ESOL Breakfast this morning
- Book Fair this week – parents are allowed to enter the building to help make the purchases for students
