

schoolcafe

Go to www.schoolcafe.com to manage your student's account. **You will need each student's ID number** (begins with 100) to connect to their cafeteria account.

The screenshot shows the schoolcafe website interface. On the left is a navigation menu with categories like Dashboard, Payments, Orders, Benefits, and Menus. The main content area is titled 'Manage your student accounts, apply for free or reduce benefits, and more!'. It features two primary action buttons: 'Apply for Benefits' and 'Make a Payment'. Below these is a 'Students' section displaying a student profile with a cartoon avatar, a balance of \$15.10, and buttons for 'Place Order' and 'View Orders'. A list of management options is shown at the bottom, with 'Purchase Restrictions' and 'Low Balance Alert: Not Set' circled in red. A large grey callout box on the right contains instructions: 'View menus, including nutritional facts and allergens.', 'Add money to your student's account.', 'Set low balance alerts so you get notified when their account gets low OR set automatic payments so the account never gets too low.', 'View your student's purchase history.', 'Set purchase restrictions including a la carte purchases and spending limits.', and 'Apply for meal benefits.'
