Because your child's first 5 years of life are so important, we want to help you provide the best start for your child. You've been invited to participate in the *Ages & Stages Questionnaires, Third Edition (ASQ-3)*, to help you keep track of your child's development. The questionnaire may be provided every 2-, 4- or 6-month period. You will be asked to answer questions about some things your child can and cannot do. The questionnaire includes questions about your child's communication, gross motor, fine motor, problem solving, and personal social skills.

We look forward to your participation in ASQ-3!
