## Course Offerings

### Automotive Technology

You will discover the basics of automotive technology. From brake systems to steering and suspension. Students will participate in hands-on activities in our state-of-the-art shop!

### Digital Audio

Discover the art and science of digital audio production in this immersive course. Students will explore the principles of sound, recording techniques, editing software proficiency, and the fundamentals of mixing and mastering. Delve into the world of digital sound manipulation and creative audio engineering.

### Introduction to Construction Trades

Embark on a journey into the heart of construction trades with our introductory program covering electrical work, plumbing, and HVAC systems. Through hands-on engagement and safety-focused learning, students will explore entry-level installation and troubleshooting techniques across these vital systems.

### Metal Magic-Welding

Spend some time in a metal shop exploring the basics of metalwork and welding. You will gain valuable insights, use tools needed to weld, and create fun projects.

### Dog Care and Training

Explore the world of caring for dogs in our animal science program. You will be introduced to animal behavior, breeds, safety and handling, basic tools, equipment and shampoos. You will also have the opportunity to bring your dog to class and learn the basics of grooming and training.

### Introduction to Culinary Arts

Look at what's cooking in the kitchen! Develop your cooking skills in an authentic commercial kitchen. Engage in hands-on experiences covering cooking, baking, kitchen safety, sanitation, and nutrition. Participate in an end of program cook-off competition!

### Cosmetology

Welcome to the salon! Create up-do's, style with roller sets, experiment with blow-drying, curling/flat iron styling, French braids and more! You will also learn manicure and facial techniques. Come enjoy the salon experience and become a stylist for the summer.

### Carpentry

Let's build! Come learn the basics of general carpentry terms, tools, and techniques!

### Computer Science: Intro to Coding

How does that robot do what it does?! Learn the fundamental engineering and technical principles of robots. Think it, build it, and watch it work!

## Dates and Locations

For Students 13 to 15 years old.

**July 8, 2024–July 25, 2024**

**Monday–Thursday 8:30 am–12:00 pm**

**Tuition: \$504.00 for three weeks**

### Bellport:
