Camp Farley Outdoor Education Center
• Established 1934 •
www.CampFarley.com

Camp Farley was founded in 1934 and is independently owned and operated by the Cape Cod Camp Corporation, a non-profit organization representing Southeastern Massachusetts.

Camp Farley's small, family-oriented summer program has a strong environmental focus and offers comprehensive experiences in the context of a traditional camp setting. Campers learn while participating in various program activities and - more importantly - they develop self-esteem, and a positive attitude and understanding of our world. Camp Farley's programs are designed to educate and develop youth in acquiring life skills of communication, problem solving, decision making, and leadership.

Making a positive difference in our children since 1934!
