*The latest news and updates from Euless Junior High*

## **STUDENT SHOWS POSITIVE EXAMPLE**

8th grade student Cleveland (CJ) was one of the first students to the door when our fire alarm went off on Wednesday morning. He stayed there to hold the front door open as his peers and teachers made their way safely out of the building. Although there was no real threat, nobody knew that at the time. Amazing job to CJ for making a choice to be there for others and showing how important acts of kindness can be, especially during challenging and/or uncertain situations.

## Semester Exam Exemption Policy

At the end of the third grading period, a student with a semester average of 90 or above in the enrolled course will earn a No Risk Exemption for that course. The average will be calculated using the three grading period averages. Example: 1st Six Weeks Average is 90, 2nd Six Weeks Average 85, and 3rd Six Weeks Average is a 95, combine all three grading periods and the average is a 90 or higher; the student will earn a No Risk Exemption for that course.

Advanced Placement courses only (AP Human Geography) will have a No Risk Exemption if the semester average is 80 or higher.

Teachers will be responsible for notifying students of their exemption status no later than the last Monday of the final week of the semester.

All students earning an Exemption based on grade performance will receive a No Risk Exemption and will take their semester exam. Meaning if the grade increases the student's semester average the exam will be averaged into the student's semester grade. If the score does not increase the student's semester average, the grade will be dropped.

Junior High students must be enrolled by September 3, 2021 to be eligible for exemptions.
