Dear Parents / Guardians:

Texas law requires that parents be notified if their child is assigned a teacher for more than 30 consecutive days who does not hold an appropriate teaching certificate. I am taking this opportunity to inform you that your child's science and social studies teacher, Mr. Blackmon does not currently hold the appropriate state teaching certificate.

Due to the challenge in finding a certified general education teacher during this time of the school year, Mr. Blackmon will serve as your child's Long-Term Substitute Teacher. Although, Mr. Blackmon does not have the appropriate state teaching certificate, he is currently working towards obtaining a certification in general education. Mr. Blackmon will create an active learning environment and partner with you and your child to ensure instructional continuity for our students. In addition, the campus administrator will be evaluating Mr. Blackmon's performance in the classroom to ensure that your child receives quality instruction. Our instructional specialist, Ms. Miller, with other Hurst Hills content teachers are working together to ensure your student receives quality instruction.

We are confident Mr. Blackmon will provide outstanding service in achieving our shared goal of excellence in learning for all our students.

We expect this teaching assignment to continue for the remainder of the 2023-2024 school year.

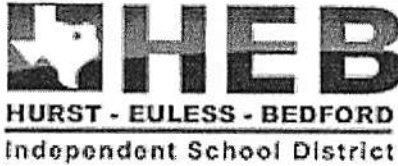

If you have any questions regarding your child's teacher assignment, please feel free to call the campus administration at (817) 399-3140.

Sincerely,

Misty Donaho
Principal

NOTE:

This notification is being made on behalf of the Superintendent of Schools and fulfills the legal requirement that parents / guardians be informed if their child is assigned a teacher for a period of longer than 30 school days who does not currently hold full teacher certification.
