

STANDARD RESPONSE PROTOCOL

Five Actions. Five Directives. One Outcome.

In 2009, The "I Love U Guys" Foundation introduced the Standard Response Protocol (SRP) to districts, departments and agencies. The first school district to implement the program was Jefferson County, Colorado. The district of Columbine. Since then, thousands of schools, districts, departments, agencies and organizations in the US and Canada have adopted the protocol.

The SRP is simple. It's based on five actions. Each action is followed by a directive. The outcome is shared language and shared expectations between civilians and first responders in a crisis.

HOLD!
In your room or area. Clear the halls.

When something is going on in the hallway, Hold in your room or area until it's resolved.

SECURE!
Get inside. Lock outside doors.

When a threat is outside of the building, it's used to safeguard the occupants of a building

LOCKDOWN!
Locks, Lights, Out of Sight

When a threat is inside of the building it's used to secure individual rooms and keep occupants quiet and in place.

EVACUATE!
Followed by a location

Used to move people from one location to a different location in or out of the building.

SHELTER!
Followed by hazard and safety strategy

Used for group and self protection.

STANDARD REUNIFICATION METHOD

Recovery Starts Here.

One aspect of crisis response is accountable reunification of students with their parents or guardians in the event of a school crisis or emergency. The Standard Reunification Method provides school and district safety teams proven methods for planning, practicing and achieving a successful reunification.
