

Understanding Concepts in the Art Room

2ND GRADE

GENERAL

- Becoming more aware that things are design by artists (cars, clothes, kitchen items, furniture, buildings etc)
- Become aware of themes in artworks from various cultures; become aware of genres
- Recognize differences in art media

PORTRAITS

- Ability to draw a complete figure, but will most likely exaggerate the more important parts
- Begin to articulate parts of the human figure; able to discuss proportions of the human form

LANDSCAPE

- Describe how atmosphere can be shown by color differences
- Comprehend and demonstrate knowledge of foreground, middle ground and background

ARCHITECTURE

- Aware of houses and buildings from around the world

ELEMENTS & PRINCIPLES OF DESIGN

- Able to add texture that resembles real texture ie hair in artwork
- Understand positive and negative shapes (must done with cut-paper)
- Observe design (pattern, balance) in natural organisms such as butterflies, insects and in art

EVALUATION & RESPONSE

- Talk about their own art and that of other artists
- Communicate ideas that are personally important
- Perceive things that a alike and different
