

Skills in the Art Room

5TH GRADE

DRAWING

- Experience drawing with charcoal, pastels, pencils and color pencils
- Identify symbols, natural images, and objects used to create artworks
- Understand and use several different ways of showing depth (overlapping, differences in color and size and perspective)
- Understand and create 1 pt. perspective drawings
- Discriminate that light, distance, relative size, and motion affect the appearance of an object.

PAINTING

- Increased ability to use brushes with style and control
- Experience with a variety of paints including tempera, water color and acrylics
- Recognize the artist's intention in using ideas and using color to create *mood*

PRINTMAKING/FABRIC

- Maintain concepts learned from previous grade levels

CONSTRUCTION/COLLAGE

- Maintain concepts learned from previous grade levels

SCULPTING

- Create coiling, pinch pots, clay animals and apply glaze or paint
- Respect that sculptural materials must be used appropriately, or the sculpture may disintegrate

OTHER

- Experience batik, printing, dying, stitchery and/or applique
