

It's a big DEAL!

# Daily Elementary Art Lesson

Day 20

## Kool-Aid Playdough

Thanks to Leslie Erven, a D51 Artist-in-Residence, for this idea!

We're going to have some fun today!

This week we have been learning about **form**, one of the elements of art. Form is something three dimensional, or with the appearance of being three dimensional. Today you will be making dough that you can then form into 3D sculptures.

<b>You will need:</b>
Flour
Salt
Kool-Aid
Vegetable oil
Boiling water
Mixing bowl & spoon

Did you know you can make your own Playdough out of Kool-Aid? Which means you can make it your favorite color or flavor! (But that doesn't mean you can eat it. Please DON'T eat it!)

[Click HERE](#) to find out how to make it.

**NOTE:** You will need boiling water, so you will have to ask an adult to help you.

After you've made your dough, have fun molding it into different shapes!
