My signature on this form indicates parental approval for my student to participate in the **DE** Program. I understand and agree to the following concepts regarding the **DE** Program:

- **Dual Enrollment** credits, in a few cases, may not transfer to another college. Check with your post-secondary college choices.
- **Dual Enrollment students who are not enrolled at the college on a full-time schedule (12-15 credit hours) must be enrolled in at least five classes between Parkview High School and the college. A six-class combination is preferred.**
- **Dual Enrollment** students must continue to meet GHSA high school eligibility requirements to participate in competitive activities.
- **Colleges use alphanumeric grades which are transcribed at mid-point on the high school transcript: A=95, B=85, C=75, D = 72 or 70 (depends on college), F= 55**
- Failure to enroll in and pass designated postsecondary courses may result in the student not graduating with his/her high school class, or the student may be asked to return to the high school due to lack of satisfactory academic progress (SAP).
- **Dual Enrollment** students are required to take all required standardized testing and the student is responsible for making the testing arrangements with the high school.
- Students must comply with all rules from the post-secondary institution and the high school.
- Communication of post-secondary grades to the high school in a timely fashion is the student's responsibility.
- **Dual Enrollment** students are responsible for completing all necessary required paperwork by the required date.
- **Dual Enrollment** students must complete the Online **DE** funding application located on GAFutures.org (once) and the **PHS DE Student Advisement Form** for each semester of participation. Failure to do so in a timely manner could result in the student being dropped from their college classes.
