The Youth Advisory Council is an opportunity for Boulder Valley High school students to serve a one year term to participate in a group of high school students to review our youth community issues in the Boulder Valley. The Council presents information, ideas

and program suggestions to our city manager and our congressman Joe Neguse. The mission is to present issues that are important to our high school students and report them back to our city managers and Mr. Neguse with the hope of improving the high school experience in the Boulder Valley. All students have the opportunity to meet, interact and present collective ideas in person with Mr. Neguse on a semester basis.

**The opportunity is available to Fairview students who are in the 10th - 12th grade and the time requirement is 4 hours a month.** Interested students will need to fill out a simple application, provide a current resume and a sample of their writing. **The program is managed by Mr. Neguse's assistant Max Coker and his staff.**

Mr. Neguse's office is willing to expand this program to as many Fairview students as are interested and is encouraged by the interest of our CCC. This a great opportunity for students to build their resumes and make their college application pop!

## When to Keep Your Student Home

The flu season (and other nasty viruses) is upon us. Here is a quick refresher for when to keep your student home. Remember, the Colorado Department of Health is still recommending for confirmed Covid cases the student remain home for 5 days of isolation and then wear a mask for 5 days after returning to school. BVSD is not enforcing this or following up on any reports of cases, this is just best practice. For any other illness, the policy is the same as it has always been. [Click here](#) for information on when to keep your student home.

### Updated COVID-19 Guidance

In alignment with the March 2024 updates from the CDC and the Colorado Department of Public Health and Environment (CDPHE), we have updated our guidance for students and staff who test positive for COVID-19. The updated guidance aligns recommendations for a range of viral respiratory illnesses such as Flu and RSV.

If someone tests positive for COVID, Flu, RSV, or is experiencing any respiratory illness

- They should stay home until symptoms are improving and for at least 24 hours after fever has resolved without the use of fever-reducing medications
- When going back to normal activities, [take added precautions](#) over the next five days, such as hand and respiratory hygiene, masks, physical distancing, and/or testing when you will be around other people indoors.

Please remember, regardless of COVID status - stay home when sick

You can find more information on COVID-related illness and other common illnesses and guidelines for school attendance in CDPHE's [How Sick is Too Sick](#) and through your school's health team.

### Guía actualizada sobre COVID-19

En concordancia con las actualizaciones de marzo de 2024 de los CDC y el Departamento de Salud Pública y Medio Ambiente de Colorado (CDPHE), hemos actualizado nuestra orientación para los estudiantes y el personal que dan positivo para COVID-19. La guía actualizada alinea las recomendaciones para una variedad de enfermedades respiratorias virales como la gripe y el VSR.

Si alguien da positivo en las pruebas de COVID, gripe, VSR, o está experimentando cualquier enfermedad respiratoria

- Debe permanecer en casa hasta que los síntomas mejoren y durante al menos 24 horas después de que la fiebre se haya resuelto sin el uso de medicamentos antifebriles.
- Cuando vuelva a sus actividades normales, [tome precauciones adicionales](#) durante los próximos cinco días, como higiene de manos y respiratoria, uso de tapabocas, distanciamiento físico y/o pruebas cuando vaya a estar cerca de otras personas en espacios cerrados.

Por favor, recuerde, independientemente de su estado de COVID, permanezca en casa cuando esté enfermo.

Puede encontrar más información sobre la enfermedad relacionada con el COVID y otras

enfermedades comunes, así como pautas para la asistencia a la escuela en la publicación [How Sick is Too Sick](#) del CDPHE y a través del equipo de salud de su escuela.
