Annual Medicaid Notice to Parents

Under Federal law, the school district cannot share with Medicaid any information about your child without your permission. (34 C.F.R. 99.30(b); 34 CFR 300.142(d)(2)(iv)(A)-B)).

Please be advised of the following:

-The school district cannot require you to sign up for Medicaid for your child to receive the health related and/or special education services to which your child is entitled.

-The school district cannot require you to pay anything towards the cost of your child's health-related and/or special education services. This means that the school district cannot require you to pay a co-pay or deductible if any such cost is expected.

-If you give the school district permission to share information with and request reimbursement from Medicaid:

-This will not affect your child's available lifetime coverage or other Medicaid benefit; nor will it in any way limit your own family's use of Medicaid benefits outside of the school

-Your permission will not affect your child's special education services or IEP/IFSP rights in any way, if your child is eligible to receive them.

-Your permission will not lead to any changes in your child's Medicaid rights

-Your permission will not lead to any risk of losing eligibility for other Medicaid or Medicare funding programs

-If you give permission, you have the right to change your mind and withdraw your permission at any time

-If you withdraw your permission or refuse to allow the school district to share your child's records and information with Medicaid for the purpose of seeking reimbursement for the cost of services, the school district will continue to be responsible for providing your child with the services at no cost to you.
