

SY Jackson Elementary School Supply List 2024-25

All items on the supply list are required. At the end of the list will be a link for an option to buy a Teacher Tailored Kit filled with school supplies from this list. This service is being offered through the PTA and is not a fundraiser for the school. The kids' supplies show up at the school and are delivered to the classroom by our wonderful teachers on the first day of school. Items are split into two categories; school supplies and household items to reduce the overall price of each kit which includes only school supply items. In each grade the items that are available in the kit for purchase from this great company all have an (*) by which items are included with the kit. The PTA hopes this service helps all our busy parents get school supplies for their kids in classrooms when school starts.
