

Online Summer Program

Location

Home

MSHS Classroom 1205 - In person testing and support sessions available each Wednesday.

Program Description

The MSHS Online Summer Program is a 6-week-long, 100% online program that provides the opportunity for current high school students to earn .5 high school credit or recover up to 1.0 high school credit and incoming Freshmen to earn .5 high school credit of Health or PE.

- All summer school courses are asynchronous online courses.
- Students work independently from home or wherever they have access to the internet (yes...you can travel and still work on your course!!!).
- Students will choose 2 dates to come into the classroom to have a midway and final exam proctored. Testing dates and Information on how to sign up will be sent via email as well as posted online.
- Students can expect to spend a minimum of 10 - 20 hours per course per week in order to complete the full semester course (typically 18 weeks of curriculum).

Each online course has a contracted Washington state certificated teacher (not MSHS staff) in addition to support and monitoring by the MSHS online learning coordinator. Students are encouraged to connect with the online teacher each week. Ways to connect with the online teacher include email, phone/office hours, class connect & live lessons. Students, as well as the parent/guardian, will receive a weekly progress report from the online learning coordinator.

Diagnostic Credit Recovery Description

Current high school students may take diagnostic credit recovery courses for the opportunity to earn credit for previously failed high school courses. Students will earn a pass or fail upon completion of the course. Prerequisite: F grade earned from the full like course* previously taken in person or online.

*Limited to course list. Honors and AP courses are not available.

- The curriculum is tailored to students who need extra help to master content by using simplified explanations, interactive lessons with narrated audio clips, and vocabulary links.

- Students can work online at their own pace, repeating or proceeding quickly through lessons as needed.
- Built-in tools—like text-to-speech and translation support for 65+ languages—offer additional support for struggling students, English learners, and students with special needs.
- Unit or module-level assessments measure mastery of critical concepts and release content in accordance with the individual needs of the student.

Credit Enhancement Description

Current High school students who are extremely self-directed may take one online course to get ahead. Please note that the course list is limited to electives and a few core courses.

Incoming Freshmen who are extremely self-directed and motivated may take either Contemporary Health or PE to get ahead.

This option is available to students who are interested in:

- access to a course not offered at MSHS/RS
- alternative environment
- core 24 credit deficient
- grade improvement* - repeating a previously completed course to improve GPA
- graduation requirement
- pathway acceleration
- schedule conflict

Cost

Diagnostic Credit Recovery (limit 2)- \$350** per semester course

Credit Enhancement (limit 1) - \$400** per semester course

**Fees subject to change.

Grading

Diagnostic Credit Recovery*	Pass or Fail	60% - 100% Pass 0% - 59.99% Fail
Credit Enhancement	Letter Grade	MSHS Grading Scale

*NOTE: posted grades are never removed from the HS transcript, however credits attempted will be adjusted accordingly.

Provider

Imagine Learning (Edgenuity)
