						D. RECOGNITIONS	
						D-1. Recognition for Exemplary Band Awards [18/19: 07]	
						➤ Mr. Pitton requested the band directors and Ms. Kathy Joseph, Music Coordinator to come to the front of the room to be recognized. The directors received an Exemplary Band Award from the Colorado Band Masters Association. To receive the award the director must be a member of the association and the bands must demonstrate superior performances in concert band along with one of the following areas: marching band, solo ensemble, jazz band or total band student enrollment. The band directors receiving the recognition were Mr. Robin Mitchum, Bookcliff Middle School, Ms. Jen Daigle, East Middle School, Mr. Scott Davis, Mt. Garfield Middle School, Mr. Randy Rabito, Orchard Mesa Middle School, Ms. Sarah Kamstra, Redlands Middle School, Mr. Brett Argo, Fruita 8/9 School, Mr. Ryan Crabtree, Fruita Monument High School, Mr. Isaac Lavadie, Grand Junction High School, and Mr. Jeff Mason, Palisade High School. The Board congratulated the directors and thanked them for their hard work and dedication.	
						D-2. Recognition for the R-5 Knowledge Works Program [Resolution: 18/19: 08]	
						➤ R-5 High School was recently spotlighted in the Knowledge Works national newsletter for steps taken on personalized, competency-based practices and project-based learning. The article spoke highly of the school's mission to create a learning environment where students feel welcome and supported in their learning, give back to their community and play to each student's uniqueness. The Board thanked the R-5 staff for the excellent work being performed at R-5 High School.

						D-3. Recognition for National Institute of Justice on School Safety [Resolution: 18/19: 09] ➤ District 51 participated in a National Institute of Justice School Emergency Preparedness Study last spring. Through the study, District 51 was identified as a model district based on having a comprehensive plan in place for preparing for, responding to and recovering from emergency incidents. Out of 2,000 districts surveyed, only twenty-five were identified as model districts. The Board thanked and congratulated Mr. Tim Leon, Safety Director and his staff for the work they do to ensure all our students are able to learn and grow in a safe environment.	
						E. BOARD REPORTS/COMMUNICATIONS/REQUESTS ➤ Mr. Parrish reported on the high energy and excitement happening at the schools he visited. ➤ Mr. Pitton complimented Mr. Alex Carter with the Colorado Educational Initiative for his inspirational speech given to coaches and staff. ➤ Mr. Williams attended the groundbreaking ceremony at Orchard Mesa Middle School. The construction of the new middle school has been a part of the long range planning since 2000 and it was very emotional to see the project finally begin. Mr. Williams spoke of sharing condolences to Mr. Greg Mikolai, a former Board Member, who recently lost his wife. Mr. Mikolai's wife, Mrs. Kelly Cather, was a former teacher at Taylor Elementary School, volunteered numerous hours for the Palisade High School Band and will be greatly missed.	
						F. LEGISLATIVE REPORT ➤ None at this time.	
						G. AUDIENCE COMMENTS ➤ None at this time.	
						H. SUPERINTENDENT'S REPORT H-1. Wellness Committee Update, Mr. Dan Sharp, Nutrition Services Director, Ms. Amy Zortman, Content Facilitator, Mrs. Terrie ReQua, Instructional Executive Director ➤ Mr. Sharp, reviewed the process and reasons behind forming the Wellness Advisory Committee and the requirements of the National School Lunch Program. The Wellness Advisory Committee is comprised of educators, pediatricians, community members and nutritionist who look at all the needs of the student. The committee is using the Whole School, Whole Community, Whole Child Model. The District received a two-year grant to facilitate trainings and develop a wellness policy. The wellness policy will be a guide to establish a school environment which promotes students' health, well-being and ability to learn. Twenty-two schools were surveyed last year and the data from the surveys will be reviewed to determine where there are gaps and make smart goals and develop a plan.

						<p>H-2. D51 Learning Model 2018-2019 Outcomes, Mrs. Rebecca Midles, D51 Implementation Executive Director, Mrs. Leigh Grasso, Site Leadership Executive Director</p> <ul style="list-style-type: none"> ➤ Mrs. Midles and Mrs. Grasso noted this year's focus will be on implementing the D51 Learning Model throughout the District. There are three main areas to guide their work. Those areas are application of the Teaching & Learning Framework, implementation of Social Emotional Learning Framework and embedding the D51 Behaviors into the D51 Learning System. Handouts showed steps taken at the elementary, middle and high school levels by students, teachers, coaches and site leaders to reach the Learning System Goals. One main focus of the District's reorganization was to find the supports needed at the building levels. Data was reviewed to make sure professional learning aligns with the goals and support staff are focused in the right direction. They reviewed the D51 Behaviors: focusing on what can be, fostering interdependency, ensuring transparency, leading by example and championing a culture of continuous growth. <p>H-3. Bond and Mill Update, Ms. Colleen Kaneda, NV5, Technical Engineering and Consulting Solutions (NV5), Mr. John Usery, NV5, Mr. Peter Icenolgle, Blythe Group, Mr. John Potter, Blythe Group, Mr. Tyler Shreinerf, PNCL, Mr. Eric Mendell, Chamberlin Architects, Mr. Todd McClaskey, Fruita Monument High School Principal, Mr. Eric Nilsen, Director of Maintenance & Operations</p> <ul style="list-style-type: none"> ➤ Mr. Nilsen introduced Ms. Kaneda, Mr. Usery and Mr. Icenolgle who updated the Board regarding Orchard Mesa Middle School. NV5 will be managing the Orchard Mesa Middle School Project. They will run procurements, facilitate communication between staff and the design team, manage the overall budget, do the scheduling and interface with the Colorado Department of Education Best Grant Program. SGM of Glenwood Springs was selected as the engineering firm for the project and FCI, the general contractor, sent out the first bid package. The building permit is being obtained and groundwork will soon begin. ➤ Mr. Potter, Mr. Shreinerf, Mr. Mendell, Mr. McClaskey, Mr. Nilsen and Mr. Tim Leon, Director of Safety showed drawings of proposed improvements to the entryway, drop off area and parking area at Fruita Monument High School. The remodeling of the entry way will increase visibility of the main entrance, improve security and student drop off traffic flow. The remodeling would consolidate the administration areas allowing for more classroom space. They would like to begin the project March of 2019 with completion the end of 2019. Discussion took place concerning the need for the improvements, the age and life expectancy of the building and next steps. Blythe Group will have figures for the Board at the September meeting on cost savings from phase one and bid estimates for the entryway reconstruction. <p>[Recess 7:49 p.m. Resume Meeting 7:58 p.m.]</p> <p>[Mr. Levinson arrived at 7:50 p.m.]</p>

						H-4. Juniper Ridge Building Discussion, Mr. Phil Onofrio, Chief Operations Officer, Mr. Tim Leon, Safety Director ➤ Mr. Onofrio and Mr. Leon briefed the Board on concerns with Juniper Ridge Charter School's site plans, presented at the August 7 meeting, and the District agreeing to Certificates of Participation for Juniper Ridge. The property needs to be developed in a way the District could utilize the facility or sell the property to cover any debt, should Juniper Ridge default on their loan. The best scenario is a building with a single point of entry. The current design shows multiple buildings and two modular units connected by a boardwalk. ➤ Discussion took place regarding ways to design a campus or building to compliment Juniper Ridge's Waldorf Education and still be utilized by the District, if needed. Board of Education Resolution: 18/19: 07

Presented: August 21, 2018

The Board would like to invite the band directors from Bookcliff Middle, East Middle, Mt. Garfield Middle, Orchard Mesa Middle, Redlands Middle, Fruita 8/9, Fruita Monument, Grand Junction High, and Palisade High School, to the front of the room.

Each year, the Colorado Band Masters Association (CBA) presents the Exemplary Band Award to a small number of middle and high school bands that demonstrate excellence in their craft. This award is presented to those bands whose director is a member of CBA, and bands that have met the predetermined criteria during the school year. The bands must demonstrate superior performances in concert band as well as two out of the four following areas: marching, solo ensemble, jazz band, and total band student enrollment.

The Exemplary Band Award is a state-level award, and we are proud to recognize nine schools from District 51 who received this award for 2017-18. All of these bands are true models of excellence, as are their directors. Many of these directors have received this award before, which only proves their dedication and commitment to quality in music.

The Board would like to recognize and congratulate the following band directors and their bands for receiving the 2017-18 Bandmaster Exemplary Band Award.

- Robin Mitchum - Bookcliff Middle School
- Jen Daigle - East Middle School
- Scott Davis, Mt. Garfield Middle School
- Randy Rabito, Orchard Mesa Middle School
- Sarah Kamstra, Redlands Middle School
- Brett Argo, Fruita 8/9
- Ryan Crabtree, Fruita Monument High School
- Isaac Lavadie, Grand Junction High School
- Jeff Mason, Palisade High School

The Board would like to invite representatives from R5 High School to the front.

The Board of Education and Superintendent Haptonstall would like to recognize R5 High School for its recent spotlight in the national newsletter from KnowledgeWorks. The article highlighted R5's work on personalized, competency-based practices and project-based learning. R5's work with family and community nights, webinars, community facilitation, and project collaborations has paved the way to remarkable student success.

R5's recent project on water scarcity invited local farmers, the bureau of land management, and several staff members to work with students in a way that not only demonstrated academic knowledge, but also provided community service opportunities for students to install grey water units into neighborhood homes.

The article spoke highly of the mission of Principal Don Trujillo and the R5 staff to create a learning environment where students feel welcome and supported in their learning, give back to their community, and play to each student's uniqueness.

The Board of Education and Superintendent Haptonstall are proud to recognize R5 High School for their excellent work that has gained national attention. Thank you for your commitment to students. Congratulations.

The Board would like to invite Mr. Tim Leon to the front.

Last spring, the National Institute of Justice contacted District 51 to participate in a School Emergency Preparedness Study. After a survey of more than 2,000 districts across the nation, District 51 was identified as a model district based on having a comprehensive plan in place for preparing for, responding to, and recovering from emergency incidents. Out of the 2,000 districts surveyed, only 25 were identified as model districts.

This distinction prompted the National Institute of Justice to research District 51's safety plans further. After conducting interviews with four individual schools in our district, the institute determined that our protocols should be used as an example for other districts who are developing their safety plans.

District 51's safety program, led by Tim Leon and his team, ensure that all 22,000 of our students are able to learn and grow in a safe environment. Their protocols and procedures are now being held up as national examples by the National Institute of Justice, and the Department of Justice.

The Board of Education and Superintendent Haptonstall are honored to recognize Mr. Leon and his team for their dedication and tireless efforts to keep our students, staff, and learning community safe. Thank you for all that you do.

Mesa Mall

The Communications Department designed and posted its first poster at Mesa Mall in early April. The ad is located on the back of a mall directory outside of Target and will be posted for the remainder of the calendar year. The poster lists various academic options and explains the D5 Learning Model.

Digital Billboard

The district is continuing the ad on a digital billboard north of the Broadway bridge. The current ad promotes the Lunch Lizard Summer Meals Program. The ad will rotate digital locations every 30 days, and will run until June 30.

Board Brief, June 15

BOARD BRIEFS

June 19, 2018 Board Business Meeting

Safety Work Committee Update

Members of the District 51 Safety Work Committee presented safety recommendations to board members at Tuesday's Board Business Meeting.

The committee has 18 members, including parents, district staff, board members, law enforcement, and community members. The committee originally formed in 2013 to discuss safety and potential changes the district could make following the Sandy Hook shooting. Many of those group members and some new ones met three times this spring (following the Parkland shooting) to revisit the topic of school safety.

The group told the board about current safety measures in schools, including the installation of more safety vestibules and keyless locks, mental health efforts, upgrading PA systems, SchoolMessenger (the message service D51 Communications uses to send calls, texts, and emails to parents and staff), threat assessments, tools like Safe2Tell and Crime Stoppers, a growing number of school resource officers and D51 security officers, and various trainings. They recommended these steps continue, and also suggested the following:

- Using as much as possible of the \$14 million in bond money freed up by the BEST Grant for Orchard Mesa Middle School to improve physical infrastructure, technology, and communications tools at schools, particularly the four largest high schools.
- Increase awareness among parents, students, staff, and the community in advance of a lockdown or shelter-in-place by producing a video that explains what happens during a school incident (i.e. what law enforcement, D51 Security, and D51 Communications employees are doing during an incident and how they will aid buildings and communicate, plus what students, staff, and parents can do to get information and help the situation).
- Host Town Hall Meetings to help inform the community about safety practices and communications, as well as gather input.
- Formalize a District Safety Plan with aims and best practices.
- Continue adding School Resource Officers, supporting Safe2Tell and Crime Stoppers, and coordinating with law enforcement.
- Continue to have the committee meet.

Business Items

Board members approved the following resolutions:

- * Adjusted Annual Student Fee Schedule.
- * Resolution to Equitably Distribute Mill Levy Override Revenues to Charter Schools in accordance with Colorado House Bill 17-1375.

- * 2018-2019 Budget Adoption, including annual resolutions to use of beginning fund balance and borrow unencumbered money from other D51 funds, and a resolution for approval of an interest-free loan.

- * Second Reading and Adoption of Board Policies DUB: Purchasing Procedures, and IHAMB(1): Comprehensive Health Education. Second Reading of proposed policy JLCDB: Administration of Medical Marijuana to Qualified Students was tabled until the board's next business meeting to allow additional research work.

- * Resolution to Rescind Board Policy IHAMA – Teaching about Drugs, Alcohol and Tobacco and IHAMC – HIV/AIDS Education (the recommendations in each policy has been rolled into the new policy IHAMB(1)).

- * Second Reading and Adoption of Independence Academy Charter School Contract and the Mesa Valley Community School Contract.

- * Resolution for Approval of Debt Agreement.

Recognitions

The board recognized the accomplishments of the following people at Tuesday's meeting:

* Former D51 Coach Michael Ruspil, Colorado Special Olympics

Hall of Fame, and Tari Smith, Central High School Class of 2018, Colorado Special Olympics Athlete of the Year

- * Ray McLennan, Fruta Monument High School, Southwest League Baseball Coach of the Year, and Trey Morill, FMHS, Southwest League Baseball Player of the Year

- * Brett Wagner, Palisade High School, Western Slope League All Conference Pitcher of the Year and Nate Porter, PHS, WSL All Conference Coach of the Year

Legislative Update

Amy Atwood, contract lobbyist for School District 51, spoke with the board via Skype about the 2018 Legislative Session. This year, 721 bills were proposed in the

state legislature, including 45 pertinent to District 51, with the most interesting addressing PERA and education funding. PERA legislation passed the last day of the 2018 session will increase employer contributions starting next July, increase contributions for most PERA-eligible employees gradually, and freeze the annual cost of living increase for two years before capping it, and increase the retirement age to 64.

A school finance bill, House Bill 1232, was not passed, but it will likely be back next year. Meanwhile, a School Finance Interim Committee continues to meet and has four more meetings this year. The committee is currently gathering information about the current funding formula.

The Negative Factor, which the state is now calling the Budget Stabilization Factor, has been reduced by \$150 million statewide. There will not be an increase to the factor for at least the next two years. Legislation also provides \$30 million for school safety improvements in the form of a grant program and \$10 million intended to fight the state's teacher shortage issue. Year-over-year, funding for education statewide is increasing by \$450 million.

Future Meetings

- Tuesday, August 7, 6:00 p.m., Harry Butler Board Room
- Tuesday, August 21, 6:00 p.m., Harry Butler Board Room

Bond and Mill Update

John Potter and Peter Icenogle from Blythe and Vern Howell and Eric Nilsen from D51 Maintenance provided an update to the board about bond-funded projects going on this summer. They showed the board finished floor plans for the new Orchard Mesa Middle School. A groundbreaking will take place Aug. 17, but digging at the site of the new school will begin in mid-July. The project is on time for completion in December 2019.

The district has committed \$28.2 million to date for bond-funded maintenance projects starting this summer and anticipates spending another \$2.9 million on maintenance by the end of 2018. There are multiple projects going on right now at 10 schools and single line item projects going on at seven other schools. Security projects are also planned at 34 schools. The district is using seven general contractors – all local – for the work currently going on.

The district is starting the process of identifying Phase 2 projects for 2019.

Board Brief, August 7

BOARD BRIEFS

Aug. 7, 2018 Board Work Session and Business Meeting

Board hires investigator, appoints compliance officer

At Tuesday's board meeting, board members voted to hire an independent third-party investigator to

determine the nature and cause(s) of the reported discrepancy between the actual cost of the superintendent's reorganization of the district's administrative and support staff and the cost information previously provided to the School Board regarding the reorganization. The board will use its own budget to fund the investigation. The board voted to hire former FBI agent and CMU Public Safety Department Director Jane Quimby to conduct the investigation. The investigation is projected to be done within one month. Board members said they voted for the investigation so they can avoid similar issues in the future. Board Vice President Paul Pitton said he wants the board to visit schools after the investigation and share results with staff.

Also on Tuesday, the board voted to make Assistant Superintendent Scott Cooper the district's compliance officer. School districts are required to designate a compliance officer to handle non-discrimination activities and complaints that rise to the level of administration if complaint resolution is unsuccessful at the school level.

Medical Marijuana Policy

The board had second reading and adoption of Board Policy JLCDB: Administration of Medical Marijuana to Qualified Students. The policy defines criteria that must be met for a parent, guardian, or primary caregiver to provide medical marijuana in a non-smokeable form to a student. The policy is available [here](#).

State increase to be used for teacher supply budgets

All D51 classroom teachers will receive \$150 each for their supply budgets this year. The money will go to school building allocation at each building. Supply budgets were hit hard by recession-era budget cuts. New funding from the state this year in the form of increased funding formula dollars and a slight decrease in the Negative Factor/Budget Stabilization Factor will pay for this change. The board adopted the 2018-19 budget in June with this line item in place, but it was announced as a pre-First Day of School surprise at Tuesday's meeting.

Bond construction project update

Contractors are finishing up work on numerous projects that began this summer thanks to funding from the 2017 bond measure. To date, \$31 million has been committed to bond projects, \$16

million has been spent through July, and work is expected to come in \$4 million under budget. Any summer projects that are not yet complete but close to done will be finished outside of school hours.

So far, 131 line items have been completed. Projects include:

- Reroofing 14 buildings
- Replacing four wood gym floors
- Repaving seven parking lots
- Installing security vestibules at 21 schools
- Wiring 27 keyless lock systems.

In addition, remodels inside Riverside Educational Center and Dual Immersion Academy are complete; sprinklers have been installed in parts of Fruita Monument; old bricks have been repointed at Appleton Elementary; bathrooms have been renovated and a wall has been built to hide dumpsters from view at Clifton Elementary; Broadway Elementary has a new staff parking lot on the north side of the school; and several students and staff will be welcomed back to school with fresh concrete or asphalt walkways or parking lots. The ground-breaking for the new Orchard Mesa Middle School will be Aug. 17 at 7:30 a.m.

Summer School

Students, parents and staff joined the conversation about this year's Summer Extended Learning Opportunities (ELO). Academic Options Director Cathy Ebel said this year's summer learning - the first district-wide summer school offering since 2011 - is the most successful she has ever seen. Twenty-eight percent of summer students had perfect attendance, there were no recorded discipline incidents, and Barnes & Noble, Kids Aid, the GJ Rockies, and Home Depot provided support for summer student activities.

Six schools hosted learning for 427 elementary students and 110 middle school students, plus 95 Extended School Year students. Middle and elementary school students focused on literacy in the mornings and enrichment three days a week. Teachers had professional learning one afternoon per week.

Fifty-three students participated in AP Physics, personal finance, personal health and wellness, and computer apps classes at Grand Junction High School and 25 students took a personal health and wellness class at Palisade High.

Eagle Rim Park Resolution

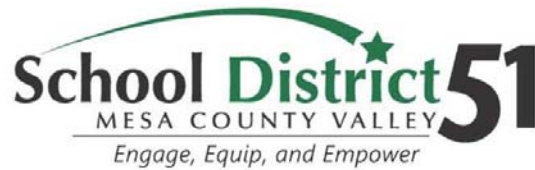

District 51 owns about 20 acres of property where the city of Grand Junction developed Eagle Rim Park. The district has decided the parcel is surplus property, so the board voted to execute a Quitclaim Deed and move forward with plans to convey the property to the city.

Juniper Ridge Building Request

Juniper Ridge Community School representatives requested that the board support the school in obtaining Certificates of Participation to build a new campus on approximately 26 acres near First Street and Patterson Road. Preliminary designs for the school include a series of buildings connected by a boardwalk with a roof and a security fence around the campus. The board will discuss the school's request at its September work session.

Bond & Mill Levy Override Update, Summer 2018

BOND AND MILL PROJECT UPDATE

Summer 2018

Maintenance

Contractors are finishing up work on numerous projects that began this summer thanks to funding from the 2017 bond measure. To date, \$31 million has been committed to projects, \$16 million has been spent through July, and work is expected to come in \$4 million under budget. Any summer projects that are not yet complete will be finished outside of school hours.

The first maintenance projects to be done include those that primarily address school safety and those that could be done without much design or engineering prep work. Projects started this summer include:

- Re-roofing 14 buildings
- Replacing gym floors at East, Grand Mesa, Mt. Garfield, and West middle schools (Appleton also replaced its gym floor using separate dollars)
- Installing security vestibules at 21 schools
- Installing keyless lock systems at 27 schools
- Parking lot expansion at Lincoln Orchard Mesa and Broadway elementary schools
- Parking lot resurfacing at Palisade High School and Mt. Garfield and Grand Mesa middle schools
- Fire alarm work at MGMS, Clifton Elementary, and Orchard Ave.
- Installing fire sprinklers in parts of Fruita Monument (the rest will be completed in Summer 2019)
- Repointing old bricks at Appleton Elementary School
- Renovating bathrooms and building a wall to hide dumpsters from view at Clifton Elementary
- New windows at East, West, and Mt. Garfield middle schools
- Walkway repairs at several schools

As for construction, crews broke ground on the gyms at Palisade High School and Dual Immersion Academy in May and expect to complete their work at the end of 2018. The groundbreaking for the new Orchard Mesa Middle School will be at 7:30 a.m. Friday, Aug. 17.

Curriculum

The Curriculum Governance Committee developed a resource adoption cycle this spring that prioritizes the first curriculum purchases from the mill levy override dollars and instructional teams have worked since May to identify specific resources for their content areas that support our D51 Learning Model. See the purchase list [here](#) and find out more about curriculum purchases [here](#).

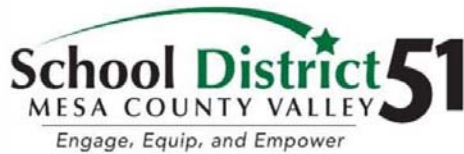

Technology

As described in ballot language, a portion of funds from the 2017 Bond Measure was used to purchase 9,068 Chromebooks and 243 charging carts for students and teachers. The total cost for the devices and carts was \$3.18 million. The original estimate was that this amount would pay for 6,500 Chromebooks, but the District 51 Technology Department used taxpayer dollars wisely and negotiated a larger purchase than anticipated without going over budget. The devices were delivered to schools in June.

Printed Materials

The Communications Department designed, printed, and mailed flyers with bond and mill updates, and emergency information cards to schools to share with students, staff, and parents.

Summer 2018 Bond/Mill Progress

Curriculum

New materials approved for elementary science, classroom libraries, and high school science and AP.

Technology

Four new support positions hired through override to help with bond purchase of 9,068 Chromebooks.

More Days

Calendar for 2018-19 revised to have five more school days and an extra teacher learning day.

Maintenance and Construction

- Security Vestibules at 21 schools
- Electric Locks at 27 schools
- Ground broken on new gyms at Palisade High and Dual Immersion Academy
- Approx. \$30 million in maintenance, including gym floor replacements, roofing projects, HVAC work, parking lot expansion, pavement repairs, sprinkler installation, and fire alarm improvements.
- Orchard Mesa Middle School groundbreaking Aug. 17

In order to manage medical benefits, disability compensation and other benefits provided to employees sustaining injuries or occupational diseases arising out of and in the course of their employment, the Board of Education identifies the following objectives:

1. To provide medical and disability benefits to employees who are eligible to receive such benefits under the Colorado Workers' Compensation Act (Act);
2. To encourage the expeditious return to work of employees who sustain work-related injuries; and
3. To guard against false or unsupported claims of injury or disability and other abuses of the workers' compensation system.

In order to achieve the foregoing objectives, the Board of Education adopts the following policies:

1. Designated Physicians. The district will designate and authorize, the physicians, hospitals and other health care providers from whom district employees may seek treatment for injuries and occupational diseases attributed to employment activities. Health care provided by physicians or providers not designated by the district shall be deemed unauthorized, and payment therefore will not be made by the district or the district's workers' compensation ~~third party administrator~~ ~~insurance carrier~~.
2. Referrals. Referrals from designated physicians to other physicians or specialists shall require the prior notice to and consultation with the district or its authorized agents, contractors or administrators.
3. Transitional Duty. While an employee recovers from a job injury/illness, the district may offer transitional duty. Transitional duty is an assignment that can be offered for up to 6 months that allows the district to make temporary accommodations in accordance with designated physician's restrictions. Employees may request extensions of this period by submitting evidence from their designated physician that they are expected to return to their regular assignment with or without reasonable accommodations, within a reasonable amount of time.
34. Return-to-Work. In coordination with the district's health care providers, the district will attempt to return an employee who sustains a work-related injury to work for the district, accommodating such employee's restrictions, as required by law.
45. Suspect Claims. The district or its ~~workers' compensation carrier~~ third party administrator shall thoroughly investigate and, where appropriate, vigorously contest, all claims suspect of false or unsupported injuries or disabilities or improper claims of benefits.
56. Injury Leave. All employees absent from work and entitled to disability benefits under the Act shall receive full pay in lieu thereof for the first forty-five (45) calendar days of disability caused by a work-related injury or illness. Disabled employees eligible for such pay shall be considered on Injury Leave. Except as stated below, no part of such Injury Leave pay will be charged against the employee's earned sick leave, earned vacation leave or other similar benefit. The district's insurance carrier will reimburse the district for the amount of disability benefits otherwise payable to the employee under the Act on account of his or her disability, up to a maximum of forty-five (45) calendar days.

Page 2 of 2

-
- a. If the district contests liability for benefits under the Act for any alleged work-related injury or disability, the district may withhold Injury Leave pay pending further order of the Division of Labor. If Injury Leave is paid and the injury or occupational disease is subsequently found to be noncompensable under the Act, the excess payments will be deducted from the employee's earned sick leave. To the extent such earned sick leave is insufficient to cover the excess Injury Leave paid by the district, the deficiency will be charged against and deducted from the employee's salary. The employee may authorize the deficiency to be charged against any earned vacation time.
- b. An employee shall not be entitled to Injury Leave pay if his or her injury:
- (1) is caused by the willful failure of the employee to use safety devices provided by the district;
 - (2) results from the employee's willful failure to obey any reasonable rule adopted by the district for the safety of the employee;
 - (3) results from the intoxication of the employee (alcohol or drug related).
67. Disability Leave. Employees who do not return to work and remain disabled for more than forty-five (45) calendar days must apply for and receive Disability Leave from the District. Disability Leave may be granted for any period up to six (6) months, and may be renewed for any period up to six (6) months. The district may, at any time, review any employee's Disability Leave status on an individual basis and either continue, terminate or renew such leave, in its discretion.
78. Procedures. The Superintendent of Schools is hereby authorized to adopt and promulgate such rules, regulations and procedural measures and to take such other actions as are reasonably necessary and appropriate to implement the foregoing policies.

1. Overview and Objectives. Business partnership programs can help to build community understanding about the district's educational goals, build awareness about specific educational needs and provide recognition for businesses playing an active role in improving educational opportunities for students. The relationship for business partnership programs can exist with the district as a whole or specific school(s). Business partnership programs may include some forms of advertising, sponsorship arrangements or promotional activity, and can be revenue-producing for the district, subject to certain restrictions listed below.
2. Levels of Sponsorship. Negotiation of agreements pertaining to an individual school with a total value of less than five thousand dollars (\$5,000) may be approved and managed by the site administrator, providing there is no conflict with district-wide sponsorship agreements. It is up to the site administrator to check before approving an agreement. Contracts or agreements with a value of five thousand dollars (\$5,000) or more shall be reviewed and approved by the Superintendent's Office prior to execution.
3. Multiple Year ~~or~~ Exclusivity Agreements. No multiple year or competition-exclusive agreement may be made without the approval of the Superintendent's Office through its designated representative(s) and final approval by the Board of Education.
4. District-wide programs. Corporate or business sponsorship for district-wide programs shall be managed by a designee of the Superintendent's Office. No individual or school contract for district-wide programs may be made with a corporate or business sponsor except through the Superintendent's Office. ~~A list of district-wide sponsors will be provided on a regular basis.~~
5. Use of Revenue. District administration shall identify specific educational needs that reflects its mission and strategic plan. Prior to the receipt of revenues derived from any sponsorship, advertising or promotional agreement, district administration shall designate what specific project(s) will be funded by the additional revenue and present the project(s) to the Board of Education for approval.
6. Advertising in schools. All advertising associated with Mesa County Valley School District ~~No-~~ 51 will be subject to certain restrictions in keeping with contemporary standards of good taste and will seek to promote positive values for students.
 - a. Use of logos and marks. District 51 may make its logos or marks, or the logos or marks of specific District 51 schools available for certain sponsorship purposes. The use of District 51's logos or marks of those of its individual schools, is prohibited, however, without prior approval by the Superintendent or his designee.
 - b. Approval of in-school advertising. All advertising that appears in any school district facility must be pre-approved. Advertising connected with individual school sponsorships or promotional programs for individual schools shall be approved by the site administrator. Any advertising that is the product of a district-wide sponsorship agreement must be approved by the Superintendent's office.

c. Distribution of flyers to parents. Schools shall not permit distribution of non-district flyers to students at school by 3rd parties. Those wishing to distribute flyers shall utilize Peachjar, a third party provider, to distribute non-district flyers to parents electronically. In order for an organization or third party to be eligible to distribute flyers through Peachjar, the organization or third party must be a 501(c)3 non-profit organization which provides products or services of an educational or enrichment nature for students. All flyers distributed through Peachjar must also comply with the Peachjar Policies and Terms of Use. Certain exceptions to these requirements may be made for official business partners of the District. All exceptions must be approved by the Superintendent or designee.

Formatted: Superscript

d. No advertising will be allowed which:

- promotes hostility, disorder or violence;
- attacks ethnic, racial, or religious groups;
- discriminates, demeans or ridicules a person or groups on the basis of gender;
- invades the rights of others;
- inhibits the functioning of the school;
- overrides the school's identity;
- promotes the use of drugs, alcohol, tobacco or firearms;
- promotes any religious organization;
- promotes, favors or opposes the candidacy of any candidate for election or adoption or rejection of any public question submitted at any general, county, municipal, or school election.

7. Approval of off-site advertising. Any advertising using Mesa County Valley School District ~~No~~ 51's logos or marks or the logos or marks of one of its schools must be approved by the Superintendent's Office. Any advertising done by a sponsoring business which features references to District 51 or its programs, or the programs of any of its individual schools must also be approved prior to its production.
8. Appropriate media. Appropriate media and venues for advertising may include, but are not limited to:
 - Banners and/or fixed signs;
 - Athletic and other uniforms;
 - District or school level publications (when not in conflict with current contracts);
 - Electronic Flyers distributed via Peachjar
 - Athletic facilities;
 - District-level projects;
 - Athletic activity broadcasts;
 - Expanded use of facilities;
 - Interior and exterior of District buses, vans, and vehicles;
 - Consideration of additional media venues not mentioned above must be approved by the Superintendent's Office.
9. Promotions. While schools must consider fund-raising activities, these activities must not result in a reduction of time devoted to learning. When properly conducted, promotions can be

Mesa County Valley School District 51

SCHOOL-BUSINESS PARTNERSHIPS/MARKETING

Revised: April 15, 2003
Page 3 of 3

advantageous for sponsoring businesses as well as for obtaining educational goals. However, schools exist to provide education. They are not agencies to be used to advertise, promote or be a dissemination point for commercial, profit-oriented businesses.

- a. In-school promotions. Commercial goods or services shall not be displayed, advertised, or sold to students on school premises without permission from the site administrator.
- b. Individual school programs. Support for an individual school or school program shall be reported to Central Administration with two (2) copies of the signed contract provided. School sponsorship, advertising or promotional programs must conform to all policies contained herein.

**Colorado High School Activities
Association (CHSAA) Resolution**

Board of Education Resolution: 18/19: 04

Adopted: August 21, 2018

WHEREAS, the high schools of the School District are members of the Colorado High School Activities Association (CHSAA) and Western Slope & Southwestern Leagues pursuant to resolutions adopted by this Board, and

WHEREAS, the CHSAA is an instrumentality of the public schools of the State of Colorado serving the important governmental purpose of administering the interscholastic activities of its members,

THEREFORE, IT IS RESOLVED that, service as a member of the Board of Directors of the CHSAA or as a member of other CHSAA committees, Legislative Council or interscholastic activity league committees under the auspices of CHSAA is deemed to be within the scope of employment of School District personnel and within the performance of such personnel's duties as employees of the School District. In particular, the Board of Education, recognizes the services of the following individuals to be within the scope of this resolution.

<u>Name</u>	<u>CHSAA Position</u>
• Paul Cain	Technology, Handbook Committee and Legislation Council
• Carol Sams	Classification/League Organization Committee
• Greg Hawkins	Football
• T.J. Cox	Golf
• Randy Powell	Baseball/Legislative Council
• Cole Allison	Wrestling

I certify that the foregoing resolution was duly adopted by the Board of Education of Mesa County Valley School District No. 51 at a Board Business Meeting on August 21, 2018.
