						D. RECOGNITIONS	
						D-1. Recognition for Mrs. Cathy Story for Facilitating the Calendar Focus Groups [Resolution: 18/19: 37]	
						➤ Mr. Williams requested Mrs. Story to come forward. Mrs. Story has been an advocate for the District for many years. She has served on various committees and has campaigned for bond and mill levy overrides. Most recently she facilitated five community meetings to gather thoughts and opinions on the current and future school calendars.	
						➤ The Board and Superintendent thanked Mrs. Story for all her hard work and support over the years.	
						E. BOARD REPORTS/COMMUNICATIONS/REQUESTS	
						➤ Mr. Pitton reported information from the Colorado Association of School Board (CASB) Conferences, he recently attended. He stated it was one of the best he has attended. At the conference, an economy expert spoke on voter trends and another speaker focused on the development of the brain.	
						➤ Mr. Williams reported the citizen led calendar committee, was a hard-working, entrenched group. The group, made up of citizens, teachers and other District staff, is collecting data and reviewing some hard issues.	
						➤ Mr. Parrish is pleased to see the community involved in drafting the proposed calendars to present to the Board.	
						F. LEGISLATIVE REPORT	
						➤ Mr. Pitton reported on the Legislative Relations Network, a part of CASB, who is reviewing state, federal and district mandates. This Network is working to put together bills to clean out unnecessary and/or duplicate mandates. The Network is also looking at the Windfall Tax, a tax which penalizes teachers who have Social Security credits, and removing mandates which hinder loan relief programs for teachers and administrators.

						<p>G. AUDIENCE COMMENTS</p> <ul style="list-style-type: none"> ➤ Mr. Mike Bennett, 186 Arches Dr., Fruita, CO 81521 <ul style="list-style-type: none"> • Mr. Bennett, Fruita City Manager, parent of three District 51 students, and a member of the District's Long Range Planning Committee was present to speak as a parent and a representative for the City of Fruita. Mr. Bennett thanked the Board for holding the Long Range Planning meetings and looking at the Fruita Community. The City of Fruita is working to insure growth framework is in place to have well managed growth and long-range planning. Over the past two years, the City of Fruita has approved over 500 building permits. Mr. Bennett requested the Board approve the resolution to move forward on building a new elementary school in Fruita. ➤ Ms. Jan Kimbrough Miller, 347 Troyer Ave., Palisade, CO 81526 <ul style="list-style-type: none"> • Ms. Kimbrough Miller, a local realtor and member of the Long Range Planning Committee stated it was clear the District had many needs across the District and it is hard to prioritize those needs. She stated that quality schools are a driving factor in people looking to relocate to our area. Approving the resolution to move forward with a new elementary school in Fruita is a positive proactive step by the District. <p>H. SUPERINTENDENT'S REPORT</p> <p>H-1. Reorganization Analysis Update</p> <ul style="list-style-type: none"> ➤ Dr. Sirko is working with groups and committees to gather information on the reorganization. She is looking to contract with a third party to review the current District reorganization charts and salary schedules, as compared to other districts of comparable size and demographics. She is hoping to have recommendations for the Board by the middle of February. <p>H-2. Bond Update, Mr. Phil Onofrio, Chief Operations Officer</p> <ul style="list-style-type: none"> ➤ Mr. Onofrio and Mr. Eric Nilsen, Director of Maintenance, Operations and Grounds, summarized the cost of construction to date and reviewed the proposed projects for the summer of 2019. Photos were shown of the Dual Immersion Academy gym addition, the new parking lot at Fruita Monument High School and the Palisade High School gym. <p>H-3. Audit Report, Mr. Mike Nelson, CPA, CSD and Company</p> <ul style="list-style-type: none"> ➤ Mrs. Vi Crawford, Financial Service Director introduced Mr. Nelson and the District's two accountants, Mrs. Ashley Zhang and Mr. Samuel Pugh. ➤ Mr. Nelson stated he has no concerns with the District 51's financial audit. He anticipates the District will receive the Government Finance Office Association (GFOA) certificate again this year. Nationwide not many districts receive this certificate. The District did see a decrease of twenty-one students from last year to this year. Mr. Nelson reviewed the steps of the audit.

School Improvement Plan Presentations: Clifton Elementary, East Middle and Mt. Garfield Middle</p> <ul style="list-style-type: none"> ➤ Mr. Yogi Cherp, Clifton Elementary School Principal, shared how proud he is to be the principal at Clifton Elementary School and how proud he is of his staff and students. The body of evidence and trends data, from the state, show scores are going up in math and language arts. The school is working to implement guided reading, assure things are happening the same in every classroom and review what is working in the District. Mr. Cherp complimented the school's instructional coaches as they are a vital part of the improvements he has seen. ➤ Mr. Tim Fifer, East Middle School Principal, Mr. Larry Padgett, East Middle School Assistant Principal and Ms. Paula Cooper, East Middle School Librarian, presented information on the steps taking place to redesign the school culture to make students more successful. Some steps include designing a new logo, a competency based bell schedule and pinpointing instructional focus on those students who are struggling. Discussion took place regarding an alternative middle school and the amount of time administrators are away from their schools. ➤ Mr. Mike Haase, Mt. Garfield Middle School Principal and Ms. Nikki Johnston, Mt. Garfield Middle School Assistant Principal, reported the school has had a 100% turn over in administration and 25% turn over in staff. Last year, there were over 1000 discipline referrals and staff felt 50% of the students did not understand the rules. Improvement strategies include focusing on the standards and working with Engaging Schools to implement a common language around discipline and practice. The school is using Schoology to communicate with parents and students and partnering with Riverside Education Center to assist students after school with their academics. Instructional coaches have been a large piece in helping the students and staff. ➤ Mr. Scott Cooper, Assistant Superintendent, announced Pear Park Elementary was removed from the turn-around status after reconsideration from the state. <p>H-6. Summer School Plan and Funding Discussion, Mrs. Cathy Ebel</p> <ul style="list-style-type: none"> ➤ Mrs. Cathy Ebel, Academic Options Director, presented information on 2019 Extended Learning Opportunities (ELO). The purpose of the program is to provide intervention for students and additional learning opportunities for staff. The program will be similar to last year's program and will run from June 10 through July 19. The program will run for four weeks instead of five, with the July 4 week off. The program will partner with the Extended Learning Program only, with Migrant doing a different program this year. They are looking at eight potential sites at five elementary schools and three middle schools. The

						Bridget Story, Assistant Secretary Board of Education	

The Board would like to invite Mrs. Cathy Story to the front.

For at least 20 years, Cathy Story has distinguished herself as a strong supporter and advocate of District 51 teachers, parents, and students. Over the years, she has campaigned on our behalf for bond measures and mill levy overrides, served on numerous committees, assisted with professional development opportunities, and been an incredible friend of the District.

When the Board decided earlier this year to gather feedback from the community about school year calendars, they knew without a doubt that they could depend on Mrs. Story to facilitate the process. She graciously agreed to take on the enormous task of facilitating five community meetings to gather thoughts and opinions on the current school year calendar, and what the public would like to see in future calendars.

The topic of school calendars can be controversial, heated, complicated, and difficult. Even knowing this, Mrs. Story willingly gave of her time and expertise to facilitate the community meetings. Those meetings helped gather data that has been instrumental in the work of the Calendar Steering Committee as they try to find solutions to common issues. Her work and efforts have been crucial to the process, and for that, we cannot thank her enough.

The Board of Education and Superintendent Sirko would like to wholeheartedly thank Mrs. Cathy Story for her continued commitment and support of District 51, and for her recent work on the focus groups. We sincerely appreciate everything you have done.

KJCT Audience Targeting

The following ads appeared on various websites for individuals who were online in certain areas around town (geofencing)

Mesa Mall

The Communications Department designed and posted its first poster at Mesa Mall in early April. The ad is located on the back of a mall directory outside of Target and will be posted for the remainder of the calendar year. The poster lists various academic options and explains the D5 Learning Model.

Indoor Billboards

An ad for the high school graduations appeared on indoor billboards owned by Local Focus at various places in the community, including Mesa Mall, Kidsplex, Glacier Ice Arena, Graff Dairy, Bananas Fun Park, etc.

Welcome Home Packages

100 Homeowners who move into a new home in the Grand Valley during March, April, and May will receive a package that includes two branded stickers, a printed infographic with more information about District 51.

TV Ads

KREX does a monthly segment highlighting a teacher who receives the KREX "Golden Apple Award." The channel advertises the award to bring awareness to D51, and to garner nominations. KJCT provides audience targeting to supply relevant information to demographics who may benefit from our information as they browse the web.

Did You Know?

A lot has changed in the year since the bond and mill passed!

Since voters approved the Bond and Mill...

- A new Orchard Mesa Middle School has broken ground
- New gyms at Palisade High and Dual Immersion have taken shape
- Security vestibules & electric locks have been installed
- 9,068 Chromebooks have been purchased
- 5 school days were added
- Curriculum has been updated
- Maintenance projects have been done at many schools

How are we doing?

Please help our community reduce the stigma of mental illness and suicide by discussing suicide as a public health concern. It is normal and responsible to grieve those we have lost. It's also completely normal and responsible to support those who are still alive and hurting and refer them to experts who can help.

Did You Know?

Great things are happening in School District 51!

Learners at Tope Elementary School saw a problem – plastic pollution – and used their research, creativity, and problem-solving skills to suggest ways to solve it to a panel of adults. This learning opportunity, called Problem-Based Learning, gives students a voice in their learning experience.

Grand Junction High School and Pomona Elementary School students learned what it takes to become a U.S. citizen by watching a Naturalization Ceremony at GJHS on Nov. 14 and asking the new citizens, who live all over the Western Slope, questions after the ceremony about their journey to citizenship.

Volunteers – including D51 Assistant Superintendent Scott Cooper – served Thanksgiving Lunch at schools on Nov. 15.

Did You Know?

There are many ways to find out if there is a Snow Day

When temperatures drop and snowflakes fly it doesn't take long for kids and parents alike to start asking if there will be a Snow Day.

Where to get info

- Make sure the school has your current contact information
- Sign up for text messages by texting "Yes" to 67587
- Check the district's website at www.d51schools.org
- Watch and read local news shows and websites
- Check social media – we're on Facebook, Twitter, and Instagram!

Learning and safety are top priorities in your local schools. Hazardous weather can put both in jeopardy.

When bad weather is predicted, District 51 leaders, safety officers, grounds crews, and transportation workers check weather conditions and forecasts around the clock and drive roads in every section of the district as early as 3 or 4 a.m. to test driving conditions.

Sometimes the weather turns out to be fine. Other times a careful drive to school is warranted. Rarely, the weather is so bad that it's best to cancel school, start later, or send kids home early. Learn more about what to do if that happens by visiting the "Delays and Closures" section under the "Resources" tab at www.d51schools.org.

The Board believes that tobacco smoke in the school and work environment is not conducive to good health. As an educational organization, the district should provide both effective educational programs and a positive example to students concerning the use of tobacco products.

In order to promote the general health, welfare and well-being of students and staff, smoking, chewing, vaping or any other use of any tobacco products by staff, students or members of the public is prohibited on all school property.

Possession of any tobacco product by a student is also prohibited on school property.

For purposes of this policy, the following definitions shall apply:

1. "School property" shall mean all property owned, leased, rented or otherwise used by the school district, including but not limited to the following:
 - a. All interior portions of any building or other structure used for instruction, administration, support services, maintenance or storage. The term shall not apply to buildings used primarily as residences, i.e., teacherages.
 - b. All school grounds over which the school exercises control including areas surrounding any building, playgrounds, athletic fields, recreation areas and parking areas.
 - c. All vehicles used by the district for transporting students, staff, visitors or other persons.
2. "Tobacco product" means:
 - a. Any product or substance that contains nicotine or tobacco and is intended to be ingested or inhaled by or applied to the skin of an individual, including, but not limited to, cigarettes, cigars, cigarillos, pipe tobacco, snuff and chewing tobacco, but does not include any product that has been approved by the appropriate federal agency as a tobacco use cessation product; and
 - b. Any product or device including an electronic device that can be used to deliver nicotine to the person inhaling from the product or device, including, but not limited to electronic cigarettes ("e-cigarettes"), hookah, e-hookah, cigars, cigarillos, pipes, and vape pens or any supplies or equipment designed or used for smoking or vaping, including, but not limited to, atomizers, tanks, chargers or e-liquids/juice, regardless of whether such supplies or products contain tobacco or nicotine.
3. "Use" shall mean lighting, chewing, inhaling, ingesting, smoking, vaping or applying any tobacco product.

Disciplinary measures for students who violate this policy shall include in-house detention, revocation of privileges and exclusion from extracurricular activities. Repeated violations may result in suspension from school. In accordance with state law, no student shall be expelled solely for tobacco use.

Signs shall be posted in prominent places on all school property to notify the public that smoking or other use of tobacco products is prohibited in accordance with state law and Board policy. This policy will be published in all employee and student handbooks, posted on bulletin boards and announced in staff meetings.

SCHOOL BUS SCHEDULING AND ROUTING

Revised: February 20, 1990

Policy Manual Review: September 17, 2002

Adopted: December 11, 2018

Page 1 of 2

The Chief Operations Officer shall be responsible for establishing routes for school buses and the stops for loading and unloading students. All bus routes shall be confined to public streets, roads and highways, providing that those streets, road and highways are considered adequate for school bus use.

The guideline for establishing the distance between loading and unloading stops shall be an 800-foot minimum for elementary students and a 1,600-foot minimum for secondary students. However, lesser or greater distances may be used if, in the opinion of the manager of transportation, road and visibility conditions so warrant. Upon application and upon showing of cause for dangerous walking conditions between established bus stops, appropriate changes in bus stops to alleviate confirmed conditions will be considered.

Kindergarten Routes

Kindergarten is a half-day session at some elementary schools. Transportation of kindergarten students may be necessary at midday as well as morning and evening. Morning, midday and evening kindergarten routes shall conform to the policies established for all elementary students.

Exceptional Student Routes

The Chief Operations Officer shall be responsible for establishing routes for all students with disabilities identified under the Exceptional Children's Education Act. For the most part, students with disabilities shall be served through special bus routing. However, regular routes should be used as much as is practical.

School-to-School Routes

Since many educational programs in the district are offered at one location, and students from throughout the district participate in the programs, school-to-school routes may be established to transport students from their home school to the program site. The Chief Operations Officer shall be responsible for establishing routes to transport students from school to school.

The Superintendent shall issue appropriate administrative procedures designed to effect the provisions of this policy.

Loading and Discharging Passengers

Every person operating a school bus or responsible for or in control of the operation of school buses shall be subject to the statutes and regulations governing loading and discharging of school children from school buses.

School transportation vehicle routes shall be planned in a manner as to:

1. prohibit the unloading from the school transportation vehicle of any passenger who must immediately cross a major thoroughfare; and
2. prohibit the loading/unloading of passengers from school transportation vehicles onto the side of any major thoroughfare when an adjacent road or street would provide access to the passenger's destination.

3. For the purposes of this section: a major thoroughfare means a freeway, any U.S. highway outside any incorporated limit, interstate highway, or highway with four or more lanes or a highway or road with a median separating multiple lanes of traffic.
 4. Two-lane highways will be exempt from this requirement if the board in consultation with local traffic officials determines they can be crossed safely.

**Resolution To Direct the Superintendent to
Design and Construct an Elementary School**

Board of Education Resolution 18/19: 36

Adopted: December 11, 2018

WHEREAS, student growth in the Fruita area has exceeded the available student capacity at Rim Rock Elementary School.

WHEREAS, student growth is expected to significantly increase due to residential construction and planned and approved residential development.

WHEREAS, the district has available sufficient funds to design and construct a new elementary school.

NOW, THEREFORE, BE IT RESOLVED the Board of Education directs the Superintendent and Chief Operations Officer to engage an Architect and General Contractor for the purpose of designing and constructing an elementary school in the Fruita area to relieve overcrowding and accommodate growth in student population for approximately \$25,000,000.

FURTHER RESOLVED that the Board directs the Superintendent and Chief Operations Officer to select and recommend to the Board of Education, at a future Board meeting, an appropriate location for the new elementary school in Fruita

I hereby certify that the information contained in the above resolution is accurate and was adopted by the Mesa County Valley School District 51 Board of Education on December 11, 2018.

For Asbestos Abatement Project Design
Orchard Mesa Middle School**

Board of Education Resolution 18/19: 38

Adopted: December 11, 2018

WHEREAS, in response to an invitation to bid, Asbestos Professionals, LLC, submitted a sealed proposal for the contract for construction of:

Asbestos Abatement Project Design
Orchard Mesa Middle School
2936 UnawEEP Avenue
Grand Junction, CO 81503

In the amount of Two Hundred Twenty Nine Thousand Eight Hundred Eighty Dollars and 00/100 (\$229,880.00) which proposal was accepted by the School District; and

WHEREAS, pursuant to the terms of the contract, substantial completion of the project is to be achieved by March 20, 2020; and

WHEREAS, upon such acceptance, the said contractor submitted to the School District a construction contract for the said project, the same being acceptable to the School District; and

WHEREAS, Colorado law requires that a good and sufficient Labor, Material and Performance Bond be posted on public works construction projects in excess of \$50,000 before any work may proceed.

NOW, THEREFORE, BE IT RESOLVED that the Board of Education hereby approves the said construction contract and authorizes the Superintendent of Schools to execute the same in its behalf.

FURTHER RESOLVED that the Superintendent of Schools be and is hereby authorized to review the Labor, Material and Performance Bond when the same is submitted by the contractor and, if found to be in conformity with the requirements of law and Board Policy, approve the same in behalf of the Board and authorize the commencement of work on the Project.

I hereby certify that the information contained in the above resolution is accurate and was adopted by the Mesa County Valley School District 51 Board of Education on December 11, 2018.

**Certification of Mill Levy
(Including Full Abatement)**

Board of Education Resolution 18/19: 40

Adopted: December 11, 2018

WHEREAS, Section 22-40-102(1)(b), C.R.S., requires that the Board of Education certify to the Board of County Commissioners by December 15, 2018, the amount to be raised from levies against the valuation for assessment for the General Fund, Bond Redemption Fund, Transportation Fund, and Special Building Fund.

WHEREAS, the following has been certified by the Mesa County Assessor for property within the boundaries of Mesa County Valley School District No. 51:

Assessed Valuation	\$1,685,347,113
Taxes Collected on Omitted Property by November 26, 2018	\$22,961.66
Tax Abatements Refunded as of November 26, 2018	\$192,783.09

WHEREAS, Section 39-10-114(1) (a) (I) (B) provides:

Any taxing entity may adjust the amount of its tax levy authorized pursuant to the provisions of section 29-1-301, C.R.S., by an additional amount which does not exceed the proportional share of the total amount of abatements and refunds made pursuant to the provisions of this section. After calculating the amount of property tax revenues necessary to satisfy the requirements of the *Public School Finance Act of 1994*, article 54 of title 22, C.R.S., any school district shall add an amount equal to the proportional share of the total amount of abatements and refunds granted pursuant to the provisions of this section prior to the setting of the mill levy for such school district.

WHEREAS, the board wishes to avail itself for the provision of Section 39-10-114(1) (a) (I) (B).

THEREFORE, BE IT RESOLVED, the Board of Education of Mesa County Valley School District No. 51 does hereby certify to the Mesa County Commissioners the amounts of levies required against the valuation for assessment of all taxable property located within the boundaries of this school district for the General and Bond Redemption Funds for the 2018-2019 and 2019-2020 budget years.

CERTIFICATION OF MILL LEVY

The deadline for the Board to certify the mill levy to the County Commissioners is December 15, 2018. The local mill levy is calculated by a formula which uses enrollment growth, inflation, prior year local property tax revenue and current year certification of valuation. The valuation certification from the County Assessor's Office is as of November 26, 2018. The prior year General Fund levy was 33.644 mills including abatement. The current certification is 33.430 mills including abatement, which is 0.114. The Bond Redemption levy will be 10.338.

Mill Levy Summary

General Fund

By December 10th, the District receives notification from CDE of what the mill levy will be for the District for the next tax year. In other districts, the mill levy may be more or less than this rate depending on the assessed value per student. District 51's General Fund mill levy is 24.214 mills.

Tax Credit CRS, Section 39-10-114(1) (a) (I) (B)

The above referenced statutes allow school districts to add to the mill levy required for state equalization. This additional levy will allow for the recovery of districts' anticipated revenue that was abated or refunded by the County Commissioners. The amount of \$192,783.09 (0.114 mills) was reflected on the certification from the county treasurer's office, and was based on an assessed value of \$1,685,347,113.

Voter-Approved Override Election

In the November 1996 election, the voters of Mesa County authorized an additional levy to support the General Fund operating costs of the district. The mill levy is 2.872. In November 2004, voters approved an additional override to support the operating costs of the new schools. The mill levy is 2.373. In November 2017, voters approved an additional override to extend the school calendar, update instructional materials and educator training, support technology, and support additional building maintenance. The mill levy is 3.857.

Bond Redemption

The current mill levy of 10.338 mills will provide revenue to meet the current bond and interest obligations.

	2017-2018	2018-2019	Difference
General Fund	24.214	24.214	0.000
Tax Abatement	0.271	0.114	(0.157)
