The student has had problems ever since another student planned a Columbine type attack, at the school. The student was questioned by law enforcement, cooperated with law enforcement but did not receive recognition for his cooperation and assistance as other students did. The school did not disclosed information regarding the planned attack and details of his plan. She feels her student has been targeted, and his behaviors are more scrutinized by administration. She wrote about the tension between staff at Orchard Mesa Middle School and the need for a change in administration. ➤ Ms. Casey Peiffer, 245 30½ Road, Grand Junction, CO 81503 Ms. Peiffer introduced her daughter, Malory, a Central High School student who attended Orchard Mesa Middle School for several years. Ms. Peiffer noted she would be applying for School of Choice for her fifth grade student who should be attending Orchard Mesa Middle School next year. She has had countless interactions with the administration at Orchard Mesa Middle School regarding bullying and the administrations' failure to follow bullying protocol noted in the District's handbook. She expressed a need for the Orchard Mesa Middle School administration to set aside time for meeting with concerned parents to discuss the matter of bullying. Malory shared she did not feel safe

She reported her daughter, a seventh grade student at Orchard Mesa Middle School, is being harassed by staff for using the restroom. Her daughter was disciplined for being in the restroom for over seven minutes, which is not an unreasonable amount of time to take care of feminine needs. Her daughter has been targeted by staff for bullying another student, when it was her daughter who was being bullied. Her daughter was bullied by the parent of the student, while at an after school event, causing her daughter to call home crying. Last year her daughter was suicidal but fortunately, they have a close relationship. She would like to see the staff at Orchard Mesa Middle School receive training on how to deal with a student's emotional needs. Ms. Gomez's daughter, Mariah, was present but did not comment. ➤ Ms. Juanita Munoz, 2847 Monroe, Grand Junction, CO 81503 Ms. Munoz, grandmother of Mariah, shared her granddaughter was suicidal four months ago and has attended counseling to deal with the issues at school. The school atmosphere has changed her granddaughter. Her granddaughter was a good girl until she started attending Orchard Mesa Middle School. The school was a good school when her six children attended there years ago. Next year she will have another grandchild attending Orchard Mesa Middle School and she worries the other grandchild will not be strong enough to fight back when bullied. <p>H. Mr. John Marshall, Colorado Mesa University Vice President of Student Services, commented via the telephone. The Calendar Committee has been meeting since September, 2018, gathering information from educators, school directors, other school districts, businesses, and community members. This information has assisted in drafting a calendar for the next school year. Committee members reviewed the names of those people on the committee, and the processes used in gathering data through guest speakers, round table discussions, research, surveys and public meetings. The committee focused on three main priorities: later start times for secondary schools, options to address early release and fragmented weeks. Result from feedback and survey questions were reviewed. Two similar calendar drafts were

Recommendations from the committee included all District schools start between 8:00 and 8:45 a.m. and moving early release from Wednesday to Friday. The Board would like to invite representatives from New Emerson Elementary to the front.

In December, the Colorado Department of Education recognized New Emerson Elementary for receiving a “John Irwin School of Excellence” award.

This award is given to schools that demonstrate excellent academic achievement over time. New Emerson has won this award seven times – every year since the award was created in 2011.

The John Irwin Excellence Award is based on the state's school performance frameworks and is awarded to schools that “exceed” expectations for academic achievement indicator by earning some of the highest scores in the state for CMAS tests. This year, 184 schools across Colorado received this award.

The Board of Education and Superintendent Sirko would like to congratulate the New Emerson School students, staff and community for their hard work and excellent academic achievement.

The Board would like to invite representatives from Juniper Ridge Community School to the front.

Last December, the Colorado Department of Education recognized Juniper Ridge as one of eight Colorado schools to receive the High School Academic Growth Award in 2018.

These awards are given to schools that demonstrate excellent growth on school performance and academic achievements, measured through the CMAS tests in English Language Arts, math, and science. Schools that have the highest growth in these areas year-over-year are recognized based off their enrollment size.

The Board of Education would like to congratulate the students, staff, and communities at Juniper Ridge Community School for being recognized at the state level for their dedication to student achievement.

The Board would like to invite Ms. Amber Campbell to the front.

Each year, one teacher is selected by the Colorado American String Teachers Association for the distinct honor of being named the Outstanding String Teacher of the Year. This year, District 51 is proud to recognize Ms. Amber Campbell as that individual.

Ms. Campbell teaches orchestra at Bookcliff Middle School and Central High School. After joining the school orchestra when she was in sixth grade, Ms. Campbell realized that music has the unique ability to touch the heart and soul. Now, Ms. Campbell is sharing the passion she had as a student, with her the students she works with now.

Ms. Campbell will officially receive the award at the Colorado Music Educators Association Conference later this month.

With over twenty years in teaching, and a tireless passion, it's no wonder that Ms. Campbell received this award. The Board of Education and Superintendent Sirko are proud to recognize Ms. Campbell for her dedication to her craft and to her students. Congratulations.

Though Alexandra MacAskill is unable to join us tonight, the Board would like to congratulate her on being selected as the 2018 Western Slope League Volleyball co-player of the year. It is a distinct honor to be chosen by your peers as one of the finest in your field. Alexandra is a senior at Palisade High School where she is also part of the International Baccalaureate program.

Palisade High School is among thirteen teams in the Western Slope Volleyball league. This year, Palisade emerged as the school with the top standings with a 10-2 season.

The Board of Education and Superintendent Sirko would like to congratulate Alexandra on her hard work and dedication, both on the field and in the classroom.
