Partisan politics do not belong in our classrooms," and (2) "... to create and enforce a policy that prohibits the teaching of man-made climate change theory as scientific fact in the students' curriculum." STUDENTS WITH FOOD ALLERGIES

First Reading: May 25, 2010

Page 1 of 2

The Board recognizes that many students are being diagnosed with potentially life-threatening food allergies. To address this issue and meet state law requirements concerning the management of food allergies and anaphylaxis among students, the Board sets forth the following requirements.

Health Care Plan

In the event a school receives information indicating that a student has been diagnosed with a potentially life-threatening food allergy, the school nurse, or a school administrator in consultation with the school nurse, shall develop and implement a Health Care Plan (HCP) for such student. Such plan should be developed after reviewing the information provided by the student's parent/guardian and health care provider. The plan shall address communication between emergency medical services, including instructions for emergency medical responders. If a student qualifies as a student with a disability in accordance with federal law, the student's Section 504 plan, Individualized Education Program (IEP), and/or other plan developed in accordance with applicable federal law shall meet this requirement.

Reasonable accommodations

Reasonable accommodations shall be made to reduce the student's exposure to agents that may cause anaphylaxis within the school environment. If a student qualifies as a student with a disability in accordance with federal law, the student's Section 504 plan, Individualized Education Program (IEP), and/or other plan developed in accordance with applicable federal law shall meet this requirement.

Access to emergency medications

Emergency medications for treatment of the student's food allergies or anaphylaxis shall be kept in a secure location accessible to designated school staff. Whenever possible and in a timely fashion, the student's parent/legal guardian shall supply the school with the medication needed for treatment of the student's food allergies or anaphylaxis, unless the student is authorized to self-carry and self-administer such medication pursuant to applicable state law and regulations and Board policy regarding administration of medications.

Staff training

The principal or an equivalent school administrator, in consultation with the school nurse, shall determine the appropriate recipients of emergency anaphylaxis treatment training, which shall include those staff directly involved during the school day with a student who has a known food allergy. At a minimum, the training shall prepare staff to have a basic understanding of food allergies and the importance of reasonable avoidance of agents that may cause anaphylaxis, the ability to recognize symptoms of anaphylaxis, and the ability to respond appropriately when a student suffers an anaphylactic reaction. The training shall also include instruction in the administration of self-injectable epinephrine.

NOTE: State law requires school districts to provide notice of this policy to the parent/legal guardian of each student enrolled in a district school prior to the beginning of each school year. C.R.S. 22-2-135(3)(b). The notice must include the standard allergy and anaphylaxis form developed by the Colorado Department of Public Health and Environment pursuant to C.R.S. 25-1.5-109. The notice must also include language that encourages parents/legal guardians of students for whom medication has been prescribed for treatment of a food allergy or anaphylaxis to give a supply of medication to the school nurse or other school administrator, unless the student has an approved treatment plan that authorizes the student to self-administer the medication. WHEREAS, one object of the Agreement was to address the operational details relating to the transfer and distribution of personal and real property, together with the avails and proceeds from the sale of real and personal assets owned by the BOCES upon liquidation; and

WHEREAS, the real property and improvements now owned by MSC and BOCES, namely Lots 1, 2, 3, 4, & 5 of FORESIGHT PARK FOR INDUSTRY FILING NO. THREE, Mesa County, Colorado, are subject to a condition of the respective grants such that they “shall be used primarily for vocational or technical educational purposes for the residents and inhabitants of Mesa County, Colorado,” which condition expires on May 23, 2010 as to Lots 1, 2 & 3, and on September 27, 2010, as to Lots 4 & 5; and

WHEREAS, in order to ensure that the use of the Foresight Park real estate and improvements be maintained for such purpose, the parties wish to provide for a continuation of such conditions after their respective expiration dates, in successive five-year increments, subject to termination by MSC or SD51 as provided in the attached Amendment to the 1998 Agreement; and

WHEREAS, the parties recognize that as the facilities at Foresight Park age, major maintenance of the structural, electrical, and mechanical elements will be required which major maintenance, as to the Lots vested in ownership by the Trustees of the State Colleges of Colorado, are provided by Controlled Maintenance Funds of the State of Colorado; and

WHEREAS, the parties believe that major maintenance for the improvements situated on those Lots presently owned in the name of the BOCES can likewise be provided by the

Controlled Maintenance Funds of the State of Colorado if title to those lots is transferred to the Trustees of the State Colleges of Colorado; and

WHEREAS, the parties wish to amend and supplement the Agreement in order to receive funding for major maintenance of the Foresight Park improvements by the Controlled Maintenance Funds of the State of Colorado while securing SD51's interest in recouping its financial contributions for the acquisition of equipment and the erection of real property improvements as guaranteed under the Agreement in its present form; and

WHEREAS, under such Agreement, BOCES will convey to MSC its interest in Lots 4 and 5 in Block 11 of FORESIGHT PARK FOR INDUSTRY FILING NO. THREE; and

WHEREAS, An Intergovernmental Agreement for such purpose is authorized pursuant to Section 18, Article XIV of the Colorado Constitution, Section 22-32-122(1), C.R.S., and other applicable laws.

NOW, THEREFORE BE IT RESOLVED that the Board of Education hereby approves the attached Amendment to the 1998 Agreement and authorizes the Board President and Secretary to sign the Agreement on behalf of the Board.

I hereby certify that the information contained in the above resolution is accurate and was adopted by the Mesa County Valley School District 51 Board of Education on May 25, 2010.

Use of Beginning Fund Balance

Board of Education Resolution: 09/10: 115

Adopted: May 25, 2010

WHEREAS, in addition to the approximately 2.7 million (\$2,700,000) in state per pupil revenue that the District was required to return to the State of Colorado as reflected in the District's December, 2009 re-adopted budget, the District was required this spring to return to the State of Colorado an additional \$510,082, or .38% of its State per pupil funding for the 2009-10 fiscal year; and

WHEREAS, the District has also received approximately 12.94% less than originally budgeted for specific ownership tax revenue during the 2009-10 fiscal year, resulting in additional shortfall of approximately one million dollars (\$1,000,000); and

WHEREAS, as a result of these unanticipated dips in revenue, the District's 2009-2010 budget calls for total general fund expenditures to exceed revenue by \$415,769, and will require the District to spend a portion of its July 1, 2009 beginning fund balance equal to that amount (the "Beginning Fund Balance Expenditure"), as shown by the following table; and

General Fund	Budget	Anticipated
Beginning Fund Balance as of July, 1, 2009	\$8,094,658.00	\$8,094,658.00
Revenue	\$154,528,758.00	\$153,496,771.00
Expenditure	\$154,528,758.00	\$153,912,540.00
Anticipated Result of Operations		\$(415,769.00)
Anticipated Ending Fund Balance as of June 30, 2010	\$8,094,658.00	\$7,678,889.00

WHEREAS, Senate Bill 03-149 created a new subsection in section 22-44-105 (1.5)(a), C.R.S., that states, in pertinent part, that if the District's budget includes the use of a beginning fund balance—

the school district board of education shall adopt a resolution specifically authorizing the use of a portion of the beginning fund balance in the school district's budget. The resolution, at a minimum shall specify the amount of the beginning fund balance to be spent under the school district budget, state the purpose for which the expenditure is needed, and state the school district's plan to ensure that the use of the beginning fund balance will not lead to an ongoing deficit.

Use of Beginning Fund Balance

Board of Education Resolution: 09/10: 115

Adopted: May 25, 2010

and

WHEREAS, the Beginning Fund Balance Expenditure is needed in order to fund academic intervention programs in the District; and

WHEREAS, the Beginning Fund Balance Expenditure will not lead to an ongoing deficit because such deficit was the result of unanticipated revenue shortfalls not likely to recur, and because the District plans to make appropriate reductions in its budget for 2010-2011 to ensure that such deficits do not continue.

NOW, THEREFORE, RESOLVED the Board of Education does hereby authorize and approve the Beginning Fund Balance Expenditure in the amount of \$415,769.00 for the purpose stated above.

I certify that the information contained herein is accurate and was adopted by the Mesa County Valley School District No. 51 Board of Education on May 25, 2010.

Secretary, Board of Education

Board of Education Resolution: 09/10:120

Adopted: May 25, 2010

Whereas: Negotiations between Mesa County Valley School District 51 (District) and the Mesa Valley Education Association (MVEA) occurred on November 30 & December 1, 2009; and April 30 & May 1 and May 14 & 15, 2010; and

Whereas: The items agreed to include:

Salary Schedule

With the exception of educational lanes, budget restrictions make it necessary to freeze all employees' per diem rate. We are committed to honoring employees' experience through the adjustment of the salary schedules that will recognize years of experience, but effectively freezes the per diem rate. Therefore, unless you make a lane change, each employee will increase one step but remain at the same per diem rate. See attached for revised salary schedules.

Calendar Language/Contract Days

Contract days will be reduced from 186 days to 184 days for the 2010/2011 school year. From the proposed calendar, the August 16, 2010 in-service day will be eliminated and the last day of instruction will be May 27, 2011. May 31st will be a teacher workday.

With the reduction of an in-service day at the start of the school year, we agree to allow for PLC's to meet for up to two hours during one of the two August work days. This could include defined teams such as: grade level, vertical, core or department to focus on team planning for instruction.

Restorative Language

The Board and MVEA are committed to quality education and student achievement. When resources become available, our goal is to continue to add days to the school calendar to at least the originally planned 188 days for the 2009-2010 school year, to recapture the lost contract days.

Our intent is to restore the salary schedules, to the 09-10 salary schedules, as soon as possible. Future funding constraints may make it necessary to recapture the 2009-2010 salary schedules incrementally to reach our joint goal. These incremental increases will be added, step 26 will remain constant and in time step 25 will match the salaries in step 26, and step 26 will be obsolete. The incremental restoration of 09-10 salary schedules is independent of future step increases.

As funds become available, the Board and MVEA have committed to restoring one contract day to the school calendar, restoring the salary schedules, and then adding more contract days to the school calendar.

The negotiation teams are committed to meet by November 2010 – and as often as necessary thereafter – to review the implications of the new student count and revenue information.

Board of Education Resolution: 09/10:120

Adopted: May 25, 2010

Mutual Press Release

The Board, Administration, and MVEA will jointly craft a press release.

Extended Leaves

The following language will be an addition to section 8, (h) and 8.2.6.

(h) The District's granting of leave for probationary teachers under this section shall not deprive the District of any nonrenewal rights. Provided the teacher returns with adequate time for observation, support and evaluation, the teacher shall have opportunities to be assessed and demonstrate improvement by the Professional Growth and Evaluation for Teacher's model as outlined in section 15.

8.2.6 The District will require frequent progress reports from the teacher's health care provider regarding the teacher's condition, prognosis and continuing need for leave.

Temporary Leaves of Absence

Professional Leave section 9.3 is being suspended for the 2010-2011 school year. Community Service Leave section 9.4 will be replaced with the language below.

9.3 Professional Leave This section is suspended and will be reviewed during the 2010-2011 school year.

9.4 Community Service Leave Requests for community service leave may be submitted to the Superintendent, or Superintendent's designee. Such requests shall be accompanied by documentation of the circumstances involved. The request will be reviewed by a representative from MVEA and a representative from Human Resources and forwarded to the Superintendent. The Superintendent, or designee, may grant community service leave to the teacher for either one 8-hour request or two 4-hour requests per traditional school year. Day leave may be used for additional hours of community service. Service as an election judge in a municipal, school, county, state, or federal election will be reviewed for community service leave. All decisions rendered by the Superintendent, or designee, shall be considered final and not subject to the grievance procedure contained herein.

Health, Dental and Vision Insurance

The following language will replace section 26.1.

26.1 The District shall contribute a specified amount, to be reviewed annually, towards the monthly premium for the District's group health insurance plan for full-time employees who work at

Board of Education Resolution: 09/10:120

Adopted: May 25, 2010

least 30 hours per week. The District shall contribute ½ of the specified amount toward the District's group health insurance premium for part-time employees who work a minimum of 20 hours per week in an on-going position.

A new employee will designate whether they wish to participate in the District's group health insurance plan at the time of employment. A current employee may do so during the open enrollment period or if they experience a qualifying event.

The District will offer employees access to the District's group dental and vision insurance. Employees will be responsible for monthly premiums for dental and vision benefits.

Whereas: The MVEA membership ratified the agreement on May 24, 2010;

Therefore, be it resolved the Mesa County Valley School District 51, Board of Education ratifies this agreement.

I hereby certify that the information contained in the above resolution is accurate and was adopted by the Mesa County Valley School District 51 Board of Education on May 25, 2010.
