

*A Message from Head of School Tom Elieff*

Dear Levine Community,

As we approach the final stretch of school before our Passover break beginning on Monday, April 22, I want to share some exciting news about our Class of '24 students, and our Class of '20 alums.

We are incredibly proud to celebrate the achievements of our multifaceted, multitalented, and terrifically spirited 8th graders in this year's 9th Grade private school admissions process! With nineteen of our twenty-three Levine 8th graders applying to the leading Dallas independent upper schools, and with that same number (nineteen) garnering admits to Greenhill, Parish, and AYA, it is evident that the value of our Levine program extends far beyond graduation. We know that all of our May graduates will have several great choices available, such as a host of Dallas, Richardson, and Plano magnet schools; however, competitive selection schools continue to see in our Levine graduates the lasting impact of our school's mission of values, scholarship, and leadership.

We are also proud of our class of 2020 representing this year's graduating seniors. We are grateful for them sharing their early college acceptances with us to share with our community. Click [HERE](#) to view where our alumni students are graduating from and where they are headed this fall!

While we celebrate our students' successes, we remain committed to continuous improvement. Our Board is putting together the final touches on our strategic plan, and the future of Levine is brighter and more exciting than ever before.

I extend my heartfelt thanks to all of you, our dedicated parents and students, and our beloved teachers, for making Levine Academy a top-choice school—A place to Learn. Grow. Belong.

Sincerely,

Tom Elieff  
Head of School
