226	7/1/24	6/30/25	12 Month Employees	July Start

Please remember if an employee works before or after their start/stop dates they will need to get approval from their supervisor, fill out a payroll sheet for the hours worked, and send into payroll to receive compensation for those hours or days since it is not calculated into their pay for the year. It is considered extra days or duty and must be approved, reported, and compensated.
