### What is Title I?

M. D. Roberts School of the Arts is identified as a Title I school as part of the Every Student Succeeds Act of 2015 (ESSA). Title I is designed to support State and local school reform efforts tied to challenging state academic standards to reinforce and enhance efforts to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement including strategies to support parental involvement. All Title I schools must jointly develop with all parents a written plan.

## School Plan for Shared Student Achievement

### What is it?

This is a plan that describes how M. D. Roberts School of the Arts will Provide opportunities to improve parent engagement to support student learning. M. D. Roberts School of the Arts values the contributions and involvement of parents to establish an equal partnership for the common goal of improving student achievement. This jointly-developed plan describes the different ways that M. D. Roberts School of the Arts will support parent engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

### How is it revised?

The form is posted on our school website for parents to review and submit feedback throughout the year. All parent feedback received during the year will be used to revise the plan for the next school year. We also distribute an annual survey online and by mail to ask parents for their suggestions on the plan and the use of funds for parental involvement. Parents can also give feedback during several parent meetings and activities during the school year in the traditional setting and virtually.

### Who is it for?

All students participating in the Title I, Part A program, and their families, are encouraged and invited to fully participate in the opportunities described in this plan. M. D.
