### REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

#### *OPINIONS*

We have audited the accompanying financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of Los Lunas Schools (the Schools), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Schools' basic financial statements as listed in the Table of Contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information, and the budgetary comparisons of the general fund and major special revenue funds of the Schools as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *BASIS FOR OPINIONS*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Schools' and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements,

management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Schools' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Schools' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Schools' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **REQUIRED SUPPLEMENTARY INFORMATION**

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America requires the Schedule of the Schools' Proportionate Share of the Net Pension Liability-ERB, Schedule of the Schools' Pension Contributions-ERB, Schedule of the Schools' Proportionate Share of the Net OPEB Liability-RHCA OPEB, Schedule of the Schools' OPEB Contributions-RHCA OPEB, and Notes to Required Supplementary Information on pages 48-52 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although

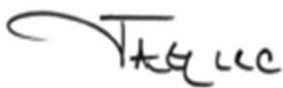

not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **SUPPLEMENTARY INFORMATION**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Schools' basic financial statements. Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, the budgetary comparison schedules, Combining Balance Sheets and Combining Statement of Revenues, Expenditures, and Change in Fund Balances (Nonmajor Governmental Funds, Nonmajor Special Revenue Funds, and Nonmajor Capital Project Funds), Schedule of Collateral Pledged by Depository for Public Funds, Schedule of Cash and Temporary Investments Accounts, and Schedule of Cash Reconciliation are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, the budgetary comparison schedules, Combining Balance Sheets and Combining Statement of Revenues, Expenditures, and Change in Fund Balances (Nonmajor Governmental Funds, Nonmajor Special Revenue Funds, and Nonmajor Capital Project Funds), Schedule of Collateral Pledged by Depository for Public Funds, Schedule of Cash and Temporary Investments Accounts, and Schedule of Cash Reconciliation are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2023 on our consideration of the Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Schools' internal control over financial reporting and compliance.

**RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION  
JUNE 30, 2023**

	<b>Governmental Funds</b>
<b>Amounts reported for governmental activities in the Statement of Net Position are different because:</b>	
Fund balances - total governmental funds	\$ 68,420,932
Capital assets, net of accumulated depreciation and amortization, used in governmental activities are not financial resources and, therefore, are not reported in the funds.	159,359,285
Defined benefit pension and OPEB plan deferred outflows are not financial resources and, therefore, are not reported in the funds.	47,031,586
Delinquent property taxes not collected within sixty days after year end are not considered "available" revenues and are considered to be unavailable revenue in the fund financial statements, but are considered revenue in the Statement of Activities	1,516,396
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:	
Net pension liability	(131,639,772)
Net OPEB liability	(24,145,694)
Accrued interest payable	(395,694)

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES -  
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED JUNE 30, 2023**

	<b>Governmental Funds</b>
<b>Amounts reported for governmental activities in the Statement of Activities are different because:</b>	
Net changes in fund balances - total governmental funds	\$ (841,214)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Depreciation expense	(8,496,204)
Amortization expense	(257,293)
Capital expenditures	10,561,492
Book value of assets disposed of during the year	(30,520)
Revenues that do not provide current financial resources are not reported as revenues in the fund statements but are reporting in the Statement of Activities	
Change in unavailable revenue related to property tax receivable	(858,382)
Governmental funds report the Schools' pension and OPEB contributions as expenditures. However, in the Statement of Activities, the cost of pension and OPEB benefits earned net of employee contributions is reported as pension and OPEB expense:	
Schools pension contributions subsequent to the measurement date	11,209,882
Schools OPEB contributions subsequent to the measurement date	1,312,104
Net pension income (expense)	(9,341,944)
Net OPEB income (expense)	4,351,138
The issuance of long-term debt (e.g., bonds, notes, leases) provides current financial resources to governmental funds, while the repayment of the principal of long- term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities:	
Change in accrued interest payable	135,801
Change in accrued compensated absences	(632,367)
Lease financing	(511,337)
Principal payments on bonds	6,793,461
Amortization of bond premium	78,734
Inventory	154,679
<b>Changes in Net Position - Total Governmental Activities</b>	<b>\$ 13,628,030</b>

# Notes to Financial Statements

JUNE 30, 2023

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Los Lunas Schools was created under the provision of Chapter 22 Article 5, Paragraph 4, New Mexico Statutes Annotated (NMSA) 1978 to provide public education for the children within the local area. The School Board is authorized to establish policies and regulations for its own government consistent with the laws of the State of New Mexico and the regulations of the State Board of Education and the Legislative Finance Committee. The School Board is comprised of five members who are elected for terms of four years.

The School Board operates 16 schools with a total enrollment of more than 8,200 pupils. In conjunction with the regular educational programs, some of these schools offer special education. In addition, the School Board provides transportation and school food services for the students.

The summary of significant accounting policies of the Schools is presented to assist in the understanding of the Los Lunas Schools (the Schools) financial statements. The financial statements and notes are the representation of Los Lunas Schools' management, who is responsible for their integrity and objectivity. The financial statements of the Schools have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standard Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of the Schools' accounting policies are described below.

### A. FINANCIAL REPORTING ENTITY

In evaluating how to define the Schools, for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statement No. 14 as amended by GASB Statement No. 39. Blended component units, although legally separate entities, are in substance part of the government's operations. The aggregate of all component units is reported in a separate column in the government-wide financial statements to emphasize that the component unit(s) are legally separate from the primary government.

The basic – but not the only – criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Based upon the application of these criteria, there are no component units and no other primary governments with which the School Board Members are financially accountable. There are no other primary governments with which the Schools has a significant relationship.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The Schools does not have any business-type activities.

In the government-wide Statement of Net Position, the governmental activities column is presented on a consolidated basis and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Schools' net position is reported in three parts: net investment in capital assets, restricted net position, and unrestricted net position.

When both restricted and unrestricted resources are available for use, it is the Schools' policy to use restricted resources first, then unrestricted resources as they are needed.

Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The Schools does not have any enterprise funds.

### C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*. Property taxes are recognized as revenues in the year for which the taxes are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current *financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Ad valorem taxes (property taxes) and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met and the susceptible to accrual criteria have been met. All other revenue items are considered to be measurable and available only when cash is received by the government.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental funds are used to account for the Schools' general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of capital assets, and the servicing of long-term debt.

Under the requirements of GASB Statement No. 34, the Schools is required to present certain of its governmental funds as major funds based upon certain criteria. The major funds presented in the fund financial statements include the following (in addition to the General Fund), which may include funds that were not required to be presented as major but were at the discretion of management:

### **General Funds**

**The Operational Fund (11000)** is used to account for the State Equalization Guarantee from the NM State Legislature and is the primary operating fund of the Schools, and accounts for all financial resources, except those required to be accounted for in other funds. Authority for the creation of this fund is the New Mexico Public Education Department.

**The Pupil Transportation Fund (13000)** is used to account for the costs associated with transporting school age children. Authority for the creation of this fund is the New Mexico Public Education Department.

**The Instructional Materials Fund (14000)** is used to account for the monies received from the New Mexico Public Education Department (NMPED) for the purposes of purchasing instructional materials (books, manuals, periodicals, etc.) used in the education of students. Authority for the creation of this fund is the New Mexico Public Education Department.

**The Impact Aid Operational Fund (15100)** is used to account for impact aid from the U.S. Federal Government. Authority for the creation of this fund is the New Mexico Public Education Department.

**The Local Revenue Operational Fund (15200)** is used to account for the monies received from local revenue sources. Authority for the creation of this fund is the New Mexico Public Education Department.

### **Special Revenue Funds**

**IDEA-B ENTITLEMENT (24106)** – To account for a program funded by a Federal grant to assist the Schools in providing free appropriate public education to all handicapped children. Program funding authorized by Individuals with Disabilities Education Act, Part B, Section 611-620, as amended, Public Laws 91-230, 93-380, 94-142, 98-199, 99-457, 100-639, and 101-476, 20 U.S.C. 1411-1420.

**The CRRSA ESSER II Act Fund (24308)** – is used to account for federal funding to local education agencies provided to safely reopen schools, measure and effectively address significant learning loss, and to mitigate the impact of COVID-19. Authorization: Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, Elementary and Secondary School Educational Relief Fund (ESSER II).

**Capital Projects Fund: The Bond Building Capital Projects Fund (31100)** - is used to account for bond proceeds and any income earned thereon. The proceeds are restricted for the purpose of making additions to and furnishing of school buildings, or purchasing or improving school grounds or any combination thereof, as approved by the voters of the Schools. Authority for the creation of this fund is the New Mexico Public Education Department.

**Debt Service Fund: The Debt Service Fund (41000)** – is used to account for the accumulation of resources for the payment of General Long-Term Debt principal and interest. Authority for the creation of this fund is the New Mexico Public Education Department.

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Program revenues included in the Statement of Activities derive directly from the program itself or from parties outside the Schools' taxpayer or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the Schools' general revenues. Program revenues are categorized as (a) charges for services, which include revenues collected for cafeteria fees and lost books, etc., (b) program-specific operating grants, which includes revenues received from state and federal sources such as Title I, IDEA-B to be used as specified within each program grant agreement, and (c) program-specific capital grants and contributions, which include revenues from state sources such as SB-9 and HB-33 funding to be used for capital projects. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes and other items not properly included among program revenues.

The Schools reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with the function. The Schools does not currently employ indirect cost allocation systems. Depreciation expense is specifically identified by function and is included in the direct expense of each function, except for that portion of depreciation that is identified as unallocated in the Statement of Activities. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

**D. ASSETS, LIABILITIES AND NET POSITION OR EQUITY**

- 1 CASH AND CASH EQUIVALENTS:** The Schools' cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of 12 months or less from the date of acquisition. State statutes authorize the Schools to invest in Certificates of Deposit, obligations of the U.S. Government, and the State Treasurer's Investment Pool. Investments for the Schools are reported at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the Pool is the same as the fair value of the pool shares. As of June 30, 2023, the Schools did not hold any pool shares in the State Treasurer's Investment Pool.
- 2 FAIR VALUE MEASUREMENTS:** The fair value framework uses a hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). As of June 30, 2023, there are no items are required to be valued using valuation techniques.
- 3 RESTRICTED ASSETS:** Restricted assets are those that are set aside for restrictions resulting from enabling legislation, including those for future capital outlay expenditures and debt service payments. The Schools' restricted assets are made up of all cash in special revenue funds, capital project funds, and debt service funds.
- 4 RECEIVABLES AND PAYABLES:** Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements. All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

The Schools receives monthly income from a tax levy in Valencia County. The funds are collected by the County Treasurer and are remitted to the Schools in the following month. Under the modified accrual method of accounting, the amount remitted by the Valencia County Treasurer in July and August is considered 'measurable and available' and, accordingly, is recorded as revenue in the governmental fund financial statements during the year ended June 30, 2023. Period of availability is deemed to be 60 days subsequent to year end for property taxed and ninety days subsequent to year end for other nonexchange revenues.

Certain Special Revenue funds are administered on a reimbursement method of funding; other funds are operated on a cash advance method of funding. The funds incurred the cost and submitted the necessary request for reimbursement or advance, respectively.

The Schools' lease receivable is measured at the present value of lease payments expected to be received during the lease term. A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

**5 INVENTORY:** The Schools' method of accounting for inventory is the purchase method. Under the purchase approach, inventory items are considered expenditures when purchased. At year-end, the balances of inventory are recorded with an off-setting reserve of nonspendable fund balance in the governmental fund statements. Inventory is valued at cost. In the General Fund, inventory consists of expendable supplies held for consumption. Inventory in the Food Service Fund consists of U.S.D.A. commodities and other purchased food and non-food supplies. Commodities consumed during the year are reported as revenues and expenditures; unused commodities are reported as inventories.

**6 CAPITAL ASSETS:** Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000, per Section 12-6-10 NMSA 1978, and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

Pursuant to the implementation of GASB Statement No. 34, the historical cost of infrastructure assets, (retroactive to 1979) are to be included as part of the governmental capital assets reported in the government wide statements. Donated capital assets are recorded at estimated fair market value at the date of donation. Information Technology Equipment, including software, is being capitalized and included in furniture, fixtures, and equipment in accordance with NMAC 2.20.1.9 C (5). The Schools do not have any infrastructure assets to report.

The cost of normal maintenance and repairs that do not add to the value of the asset, or materially extend asset lives, are not capitalized. Library books are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. No interest was included as part of the cost of capital assets under construction during the year ended June 30, 2023.

Capital expenditures made on the Schools' building construction projects by the New Mexico Public School Facilities Authority are included in the Schools' capital asset as appropriate.

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

Land Improvements	Building and Improvements	Equipment and Furniture	Vehicles
20 years	10 to 50 years	5 to 20 years	5 - 7 years

Right to use assets. The Schools have recorded right to use lease assets as a result of implementing GASB 87, Leases. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized on a straight-line basis over the life of the related lease.

**7 ACCRUED PAYROLL LIABILITIES:** In the fund financial statements, governmental fund types recognize the accrual of unpaid salaries, wages and benefits that employees have earned prior to the end of the fiscal year. The amount recognized in the fund financial statements represents the amounts due to employees or due to third parties for the employee benefits.

**8 DEFERRED OUTFLOWS OF RESOURCES:** In addition to assets, the balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a use of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure) until that time. The Schools has four types of items that qualify for reporting in this category related to the pension and OPEB plans which are discussed at Notes 10 and 11.

**9 DEFERRED INFLOWS OF RESOURCES:** In addition to liabilities, the balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Revenue must be susceptible to accrual (measurable and available to finance expenditures of the current fiscal period) to be recognized. If assets are recognized in connection with a transaction, but those assets are not yet available to finance expenditures of the current fiscal period, then the assets must be offset by a corresponding liability for deferred inflows of resources. The Schools has two types of items which arise under the modified accrual basis of accounting that qualifies for reporting in this category – property tax receivable and leases. Unavailable revenue for property taxes is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**10 COMPENSATED ABSENCES:** Qualified employees are entitled to earn and accumulate annual leave according to a graduated leave schedule of up to 20 days per year, depending on length of service, the employee's hire date, and employment status. Employees may accumulate and carry forward, from one fiscal year to the next, up to 50 days of annual leave. Upon termination, employees will be paid for up to 20 days of accrued annual leave depending on employment status.

Qualified employees are entitled to accumulate sick leave at different rates based on their job title and number of contract days, with no limit on the amount to be carried forward. Beginning July 1, 1999, employees who have earned a minimum of twelve (12) years of service in the Los Lunas School District will be eligible for the following compensation upon official retirement from the district through the New Mexico Educational Retirement Board: Eligible employees will receive ten percent (10%) of the average daily rate stated in the final employment contract for all unused sick leave days earned on June 30 of the year prior to the last year of service up to a maximum of one hundred (100) days. Eligible employees will receive one hundred percent (100%) of the average daily rate stated in the final employment contract

for all unused sick leave earned in the final school year of employment up to a maximum of seven (7) days.

**11 LONG-TERM OBLIGATIONS:** In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method or the straight-line method if the difference from the effective interest method is inconsequential.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the period the bonds are issued. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual net of debt proceeds received, are reported as debt service expenditures.

**12 NET POSITION AND FUND EQUITY:** Governmental funds report fund balance classification that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The detail of the Schools' fund balances is presented on the face of the fund financial statements.

In the government-wide financial statements, fund equity is classified as net position and is displayed in three components:

**NET INVESTMENT IN CAPITAL ASSETS:** Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

**RESTRICTED NET POSITION:** Consists of net position with "legally enforceable" constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulation of other governments; or (2) law through constitutional provisions or enabling legislation. Legally enforceable means that a government can be compelled by an external party – such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation, only for the purposes specified by the legislation. Generally, the enforceability of an enabling legislation restriction is determined by professional judgment.

If it is determined that the restrictions continue to be legally enforceable, then for the purposes of financial reporting, the restricted net position should not reflect any reduction for resources used for purposes not stipulated by the enabling legislation. Descriptions for the related restrictions for net position are restricted for "debt services or capital projects".

**UNRESTRICTED NET POSITION:** All other net position that does not meet the definition of "restricted" or "net investment in capital assets".

**13 FUND BALANCE:** In the fund financial statements, governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the Schools is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. For committed and assigned fund balance, the Schools' highest level of decision-making authority is the Board of Education. Formal action by the Board of Education is required to establish a fund balance commitment or assignment.

For the classification of fund balances, the Schools considers restricted or unrestricted amounts to have been spent when an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available. Also, for the classification of fund balances, the Schools considers committed, assigned or unassigned amounts to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

In the governmental fund financial statements, fund balance is classified and displayed in five components, as displayed below:

- NONSPENDABLE:** Consists of amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. At June 30, 2023, the nonspendable fund balance of the Schools is comprised of inventory in the General and Food Service funds.
- RESTRICTED:** Consists of amounts that are restricted to specific purposes as a result of a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation.
- COMMITTED:** Consist of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Schools' Board of Education. Those committed amounts cannot be used for any other purpose unless the Schools' Board of Education removes or changes the specified use by taking formal action.
- ASSIGNED:** Consist of amounts that are constrained by the Schools' intent to be used for specific purposes but are neither restricted nor committed. Formal action by the Schools' Board of Education is required to assign amounts to be used for specific purposes.
- UNASSIGNED:** Represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund except for those other governmental funds reflecting a deficit.

- 14 INTER-FUND TRANSACTIONS:** Quasi-external transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund from expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other inter-fund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Non-recurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other inter-fund transfers are reported as operating transfers.

- 15 ESTIMATES:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant estimates affecting the Schools' financials include management's estimate useful lives of capital assets and the net pension and OPEB liabilities (including the related components).

### E. REVENUES

**State Equalization Guarantee:** School districts in the State of New Mexico receive a ‘state equalization guarantee distribution’ which is defined as “that amount of money distributed to each school district to ensure that the school district’s operating revenue, including its local and federal revenues as defined (in Chapter 22, Section 825, NMSA, 1978) is at least equal to the school district’s program cost.

A school district’s program costs are determined through the use of various formulas using ‘program units’ which take into consideration 1) early childhood education, 2) basic education, 3) special education, 4) bilingual-multicultural education, 5) size, etc. Payment is made from the public school fund under the authority of the Secretary of the Public Education Department.

**Tax Revenues:** The Schools receives mill levy and ad-valorem tax revenues primarily for debt service and capital outlay purposes. Tax revenues are recognized when they are in the hands of the collecting agency. The Schools records only the portion of the taxes considered to be ‘measurable’ and ‘available’ on a modified accrual basis. Descriptions of the individual debt service and capital outlay funds contained in these financial statements include information regarding the authority for the collection and use of these taxes.

Property taxes attach an enforceable lien on property as of January 1. Tax notices are sent to property owners by November 1 of each year to be paid in whole or in two installments by November 10 and April 10 of each year. Valencia County collects County, City, and School taxes and distributes them to each fund once per month, except in June when the taxes are distributed twice to close out the fiscal year.

**Transportation Distribution:** School districts in the State of New Mexico receive student transportation distributions. The transportation distribution is allocated to each school district in accordance with formulas developed by the State Transportation Director and the Secretary of the Public Education Department. The funds shall be used only for the purpose of making payments to each school district for the to-and-from school transportation costs of students in grades K through 12 attending public school within the school district.

**Instructional Materials:** The New Mexico Public Education Department (PED) receives federal material leasing funds from which it makes annual allocations to the various school districts for the purchase of educational materials. Of each allocation, 50% is restricted to the purchase of materials listed in the PED “Multiple List”, while 50% of each allocation is available for purchases directly from vendors.

**SB-9 State Match:** The Director shall distribute to any school district that has imposed a tax under the Public School Capital Improvements Act (22-25-1 to 22-25-10 NMSA 1978) an amount from the public school capital improvements fund that is equal to the amount by which the revenue estimated to be received from the imposed tax as specified in Subsection B of Section 22-25-3 NMSA 1978, assuming a 100% collection rate, is less than an amount calculated by multiplying the product obtained by the rate imposed in the Schools under the Public School Capital Improvements Act. The distribution shall be made by December 1 of each year that the tax is imposed in accordance with Section 22-25-3 NMSA 1978. Provided, however, in the event that sufficient funds are not available in the public school capital improvement funds to make the state distribution provided for in this section, the dollar per program unit figure shall be reduced, as necessary.

**Federal Grants:** The Schools receives revenues from various Federal departments (both direct and indirect), which are legally restricted to expenditures for specific purposes. These programs are reported as Special Revenue Funds. Each program is operated under its own budget, which has been approved by the Federal Department or the flow-through agency (usually the New Mexico Public Education Department). The various budgets are approved by the local Board and the New Mexico Public Education Department.

## NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Schools also receives revenues from Federal departments which are unrestricted to expenditures for special purposes. These revenues are reported in the Operational Fund.

**Pensions:** For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Educational Retirement Plan (ERP) and additions to/deductions from ERP's fiduciary net position have been determined on the same basis as they are reported by ERP. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Post-employment Benefits Other Than Pensions (OPEB):** For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

**Budgetary information.** Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are prepared by management and are approved by the local Board of Education and the School Budget and Planning Unit of the Public Education Department. Auxiliary student activity accounts are not budgeted.

These budgets are prepared on the non-GAAP cash budgetary basis, excluding encumbrances, and secure appropriation of funds for only one year. Carryover funds must be re-appropriated in the budget of the subsequent fiscal year. Because the budget process in the State of New Mexico requires that the beginning cash balance be appropriated in the budget of the subsequent fiscal year, such appropriated balance is legally restricted and is, therefore, presented as restricted fund balance.

Actual expenditures may not exceed the budget at the function level. Budgets may be amended in two ways. If a budget transfer is necessary within a major category called a 'function,' this may be accomplished with only local Board of Education approval. If a transfer between 'functions' or a budget increase is required, approval must also be obtained from New Mexico Public Education Department.

The budgetary information presented in these financial statements has been amended in accordance with the above procedures.

The Schools follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In April or May, the local Board submits to the School Budget and Finance Analysis Bureau (SBFAB) of the New Mexico Public Education Department, a proposed operating budget for the ensuing fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. All budgets are submitted to the State of New Mexico Public Education Department (PED) by the Schools shall contain headings and details as described by law and have been approved by the New Mexico Public Education Department.
2. In May or June of each year, the proposed "operating" budget will be reviewed and approved by the SBFAB and certified and approved by the local school board at a public hearing of which notice has been published by the local school board who fixes the estimated budget for the Schools for the ensuing fiscal year.

**NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)**

3. The school board meeting, while not intended for the general public, is open for the general public unless a closed meeting has been called.
4. The “operating” budget will be used by the Schools until they have been notified that the budget has been approved by the SBFAB and the local school board. The budget shall be integrated formally into the accounting system. Encumbrances shall be used as an element of control and shall be integrated into the budget system.
5. The Schools shall make corrections, revisions and amendments to the estimated budgets fixed by the local school board to recognize actual cash balances and carryover funds, if any. These adjustments shall be reviewed and approved by the SBFAB.
6. The superintendent is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the school board and the New Mexico Public Education Department.
7. Budget change requests are processed in accordance with Supplement 1 (Budget Preparation and Maintenance) of the Manual of Procedures Public School Accounting and Budgeting. Such changes are initiated by the Schools and approved by the SBFAB.
8. Legal budget control for expenditures is by function.
9. Appropriations lapse at fiscal year-end. Funds unused during the fiscal year may be carried over into the next fiscal year by budgeting those in the subsequent fiscal year’s budget. The budget of the Schools has been amended during the current fiscal year in accordance with these procedures. The budget schedules included in the accompanying financial statements reflect the approved budget and amendments thereto.
10. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds, Capital Projects Funds, and Debt Service Funds.
11. Budgets for the General, Special Revenue, Capital Projects, and Debt Service Funds are adopted on a basis not consistent with Generally Accepted Accounting Principles (GAAP). Encumbrances are treated the same way for GAAP purposes and for budget purposes.
12. The Board of Education may approve amendments to the appropriated budget, which are required when a change is made affecting budgeted ending fund balance. New Mexico state law prohibits a Governmental Agency from exceeding an individual function. The accompanying Statements of Revenues, Expenditures and Changes in Fund Balance – Budget (Non-GAAP Budgetary Basis) and Actual present comparisons of the legally adopted budget with actual data on a budgetary basis.

Since accounting principles applied for purposes of developing data on a budgetary basis differ significantly from those used to present financial statements in conformity with generally accepted accounting principles, a reconciliation of resultant basis, perspective, equity, and timing differences in the excess (deficiency) of revenues and other sources of financial resources for the year ended June 30, 2023, is presented. The appropriated budget for the year ended June 30, 2023, was properly amended by the Board of Education throughout the year.

**NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)**

The Schools is required to balance its budget each year. Accordingly, amounts in excess or deficient are presented as changes in cash designated for expenditures, not as an excess or deficiency of revenues over expenditures. The reconciliation between the Non-GAAP budgetary basis amounts and the financial statements on the GAAP basis for each governmental fund is included in the individual budgetary comparison. The Schools budgets on a modified cash basis with respect to payroll or held checks being accrued and expensed, therefore, fund balances on the budget statements do not reconcile to cash due to the Schools' accrued payroll which is presented in the accrual basis.

**NOTE 3. DEPOSITS**

State statutes authorize the investment of Schools funds in a wide variety of instruments, including certificates of deposit and other similar obligations, state investment pool, money market accounts, and United States Government obligations. All invested funds of the Schools properly followed State investment requirements as of June 30, 2023.

Deposits of funds may be made in interest or noninterest-bearing checking accounts in one or more banks or savings and loan associations within the geographical boundaries of the Schools. Deposits may be made to the extent that they are insured by an agency of the United States or by collateral deposited as security or by bond given by the financial institution.

The rate of interest in nondemand interest-bearing accounts shall be set by the State Board of Finance, but in no case shall the rate of interest be less than 100% of the asked price on United States Treasury bills of the same maturity on the day of deposit.

Excess of funds may be temporarily invested in securities which are issued by the State or by the United States government, or by their departments or agencies, and which are either direct obligations of the State or the United States or are backed by the full faith and credit of those governments.

The types of collateral allowed are limited to direct obligations of the United States Government and all bonds issued by any agency, district, or political subdivision of the State of New Mexico.

According to the Federal Deposit Insurance Corporation, public unit deposits are funds owned by the public unit. Time deposits, savings deposits and interest bearing NOW accounts of a public unit in an institution in the same state will be insured up to \$250,000 in aggregate and separate from the \$250,000 coverage for public unit demand deposits at the same institution.

**Custodial Credit Risk – Deposits.** Custodial credit risk is the risk that in the event of a bank failure, the Schools' deposits may not be returned to it. The Schools does not have a deposit policy for custodial credit risk, other than following state statutes as put forth in the Public Money Act (Section 6-10-1 to 6-10-63, NMSA 1978).

As of June 30, 2023, no deposits were uninsured and uncollateralized.

At June 30, 2023, \$48,040,651 of the Schools' deposits of \$52,833,662 was exposed to custodial credit risk. \$47,256,753 of the uninsured funds were collateralized by collateral held by the pledging bank's trust department, not in the Schools' name. As of June 30, 2023, \$783,898 in deposits were uninsured and uncollateralized. As of June 30, 2023, the carrying amount of

these deposits was \$44,716,270; total amount of deposits of \$52,833,662 less outstanding items of \$8,117,392. New Mexico State Statutes require collateral pledged for deposits in excess of the federal deposit insurance to be delivered, or a joint safekeeping receipt be issued, to the Schools for at least one half of the amount on deposit with the institution.

### NOTE 3. DEPOSITS (CONTINUED)

The following table provides detail on the School's deposits, FDIC insurance, and pledged collateral, at June 30, 2023:

	US Bank	US Bank CDARS	Wells Fargo Bank	Total
<b>DEPOSITS</b>

<b>Uninsured and uncollateralized</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 783,898</b>	<b>\$ 783,898</b>

Certificates of deposits with maturity dates of three months or less were included in the total amount of deposits and included as cash equivalents in the Statement of Net Position.

The Schools also has funds held with New Mexico Finance Authority (NMFA) for unspent bond proceeds in the amount of \$13,334,405. These funds are backed by the full faith and credit of the U.S. government, therefore, there is no custodial, foreign, or interest rate risk subject to disclosure for the Schools. These are classified as restricted cash equivalents due the liquidity of the funds.

The Schools utilizes internal pooled accounts for certain programs and funds. Negative cash balances arise primarily from cost-reimbursement grants. Negative cash balances in individual funds that were part of the pooled accounts were reclassified as due to/from accounts in the combining balance sheet as of June 30, 2023. Funds 24101 through 25211 are federal funds and 27107 through 41000 are non-federal funds.

**NOTE 3. DEPOSITS (CONTINUED)**

The following table presents the cash balances of negative cash funds before and after the reclassification of pooled cash from the General Fund (Fund 11000) as of June 30, 2023:

### NOTE 4. RECEIVABLES

Receivables as of June 30, 2023 are as follows. All the receivables are deemed to be fully collectible:

	General Fund	IDEA-B Entitlement	CRRSA, ESSER II	Debt Service	Other Governmental	Total
Property taxes	\$ 75,149	\$ -	\$ -	\$ 1,388,008	\$ 468,906	\$ 1,932,063

<b>Total</b>	<b>\$ 203,163</b>	<b>\$ 1,641,949</b>	<b>\$ 1,645,768</b>	<b>\$ 1,388,008</b>	<b>\$ 7,977,205</b>	<b>\$ 12,856,093</b>

**Property Taxes.** In accordance with GASB Statement No. 33, property tax revenues in the amount of \$1,516,396, which were not collected within the period of availability have been reclassified as deferred inflows of resources—property taxes and grants in the governmental fund financial statements.

**Leases Receivable.** In May 2010, the Schools entered into a lease with vendor. Under the lease, the vendor initially paid the Schools \$15,000 annually in equal monthly installments for 5 years, in exchange for a ground lease. The lease agreement automatically extends for four additional 5-year optional terms, which the Schools expect to be utilized. The rent increases by 2% on each anniversary of the commencement of the lease. The lease receivable is measured as the present value of the future minimum rent payments expected to be received during the lease term at a discount rate of 3.25%, which is the incremental borrowing rate at the commencement of the lease. In fiscal year 2023, the Schools recognized \$12,601 of lease revenue and \$7,004 of interest revenue under the lease.

In November 1999, the Schools entered into a lease with vendor. Under the lease, the vendor initially pays the Schools \$6,000 annually in equal monthly installments for 25 years, in exchange for a ground lease. The rent increases by 10% on each fifth anniversary of the commencement of the lease. The lease receivable is measured as the present value of the future minimum rent payments expected to be received during the lease term at a discount rate of 8.37%, which is the incremental borrowing rate at the commencement of the lease. In fiscal year 2023, the Schools recognized \$2,818 of lease revenue and \$7,508 of interest revenue under the lease.

## NOTE 5. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The Schools did not have any net operating transfers for the year ended June 30, 2023.

The Schools records temporary interfund receivables and payables to enable the funds to operate until grant monies are received. The composition of interfund balances as of June 30, 2023 is as follows:

	Receivables	Payables
<b>Major Funds</b>		
General Fund	\$ 13,071,579	\$ -
IDEA-B Entitlement	-	1,641,756

**NOTE 7. LONG-TERM DEBT****GENERAL OBLIGATION BONDS**

The Schools issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the Schools. These bonds are issued with varying terms and varying amounts of principal maturing each year. All general obligation bonds as of June 30, 2023 are for governmental activities.

General obligation bonds outstanding at June 30, 2023, are comprised of the following:

Bond Series	Date of Issue	Date of maturity	Balance at June 30, 2023
General Obligation Bond Series 2010	11/30/2010	7/15/2023	\$ 630,000

			<b>\$ 42,715,000</b>

## NOTE 7. LONG-TERM DEBT

During the year ended June 30, 2023, the following changes occurred in the liabilities reported in the government-wide Statement of Net Position:

	Balance June 30, 2022	Additions	Deletions	Balance June 30, 2023	Due Within One Year
General Obligation Bonds	\$49,415,000	\$ -	\$ (6,700,000)	<b>\$42,715,000</b>	\$ 6,610,000
Bond Premium	554,646	-	(78,734)	<b>475,912</b>	-
Compensated absences	1,164,259	1,831,772	(1,199,405)	<b>1,796,626</b>	1,015,563
Lease liabilities	-	511,337	(252,991)	<b>258,346</b>	92,637
<b>Total long-term debt</b>	<b>\$ 51,133,905</b>	<b>\$ 2,343,109</b>	<b>\$ (8,231,130)</b>	<b>\$45,245,884</b>	<b>\$ 7,718,200</b>

The annual requirements to amortize the General Obligation Bonds outstanding as of June 30, 2023, including interest payments, are as follows. The interest rates range from 1.00% to 4.00% with maturity dates until July 15, 2031.

Fiscal Year Ending June 30,	Principal	Interest	Total Debt Service
2024	\$ 6,610,000	\$ 869,657	<b>\$ 7,479,657</b>
2025	5,905,000	722,385	<b>6,627,385</b>
2026	5,760,000	585,781	<b>6,345,781</b>
2027	5,170,000	460,297	<b>5,630,297</b>
2028	4,370,000	355,769	<b>4,725,769</b>
2029-2033	13,525,000	754,686	<b>14,279,686</b>
2034-2037	1,375,000	40,372	<b>1,415,372</b>
	<b>\$ 42,715,000</b>	<b>\$ 3,788,947</b>	<b>\$ 46,503,947</b>

In prior years, the General Fund was typically used to liquidate such long-term liabilities other than general obligation bonds.

**Compensated Absences.** Administrative employees of the Schools were able to accrue a limited amount of annual leave and all employees are able to accrue an unlimited amount of sick leave during the year. During fiscal year June 30, 2023, compensated absences increased \$632,367 over the prior year accrual.

**Lease Liabilities.** The Schools have entered into agreements to lease certain equipment. The lease agreements qualify as other than short-term leases under GASB 87 and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception.

There schools have 60 separate agreements executed between February 1, 2019, and May 1, 2023, to lease copiers and postage machines, which each require 48 monthly payments. There are no variable payment components of the leases. The lease liability is measured at a discount rate of between 3.25-8.23%, which are the federal prime rate as of the start lease term. As a result of the lease, the Schools has recorded right-to-use assets with a net book value totalling \$511,337 as of June 30, 2023. The right to use asset is presented in the Capital Asset footnote (Note 6).

## NOTE 8. RISK MANAGEMENT

The Schools is a member of the New Mexico Public Schools Insurance Authority (NMPSIA). The Authority was created to provide comprehensive core insurance programs by expanding the pool of subscribers to maximize cost containment opportunities for required insurance coverage. The Schools pays an annual premium to the NMPSIA based on claim experience and the status of the pool. The Risk Management Program includes Workers' Compensation, General and Automobile Liability, Automobile Physical Damage, and Property and Crime coverage. Also included under the risk management program are Boiler, Machinery, Underground Storage Tanks, and Catastrophic Student Accident Insurance.

The NMPSIA provides coverage for up to a maximum of \$750,000,000 for each property damage claim with a \$25,000 deductible for each building. General liability coverage is afforded to all employees, volunteers, and School Board members, and the limit is subject to the NMSA Tort Claims Act on a per occurrence basis. The automobile and property liability limit is subject to the provisions of the Tort Claims Act. The crime limit is \$1,250,000 per occurrence for Faithful Performance. A limit of \$1,250,000 applies to Depositor's Forgery, Credit Card Forgery, and Money Orders. A limit of \$100,000 applies to Money and Securities, with all crime coverage subject to a \$750 deductible.

In case the NMPSIA's assets are not sufficient to meet its liability claims, the agreement provides that subscribers, including the Schools, cannot be assessed additional premiums to cover the shortfall. As of June 30, 2023, there have been no claims that have exceeded insurance coverage.

## NOTE 9. OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Generally accepted accounting principles require disclosures of certain information concerning individual funds including:

- A. Deficit fund balance of individual funds: The Schools reported the following deficit fund balance at June 30, 2023:

Fund #	Fund Description	Amount
24109	IDEA-B Preschool	\$ (749)
24118	Fresh Fruit & Vegetables	(12,248)

24174	Carl D. Perkins Secondary Current	(480)
24189	Student Support & Academic Enrichment	(518)
25184	Indian Ed Formula Grant	(7,408)
25205	GEAR UP NM State Initiatives	(2,143)
26107	2012 GO Bonds- Student Library Fund	(81,227)
27150	Indian Education Act	(5,189)
27400	Intergovernmental Agreement	(70,590)
27408	K-12 Plus / ELTP Planning Grant	(656)
27502	Next Gen Career Tech Ed	(2,400)
28120	NM Highway Dept (Road)	(71,861)
28190	GRADS Instructions	(5,439)
28211	NM Schools Covid-19 Testing	(25,995)
<b>Total</b>		<b>\$ (340,028)</b>

- B. Excess of expenditures over appropriations: No funds of the Schools exceeded approved budgetary authority at the fund level for the year ended June 30, 2023.
- C. Designated cash appropriations in excess of available balance: No funds of the Schools exceeded the budgeted cash appropriations for the year ended June 30, 2023.

## NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD

**Plan Description.** The New Mexico Educational Retirement Act (ERA) was enacted in 1957. The act created the Educational Employees Retirement Plan (Plan) and, to administer it, the New Mexico Educational Retirement Board (NMERB). The Plan is included in NMERB's comprehensive annual financial report. The report can be found on NMERB's Web site at [https://www.nmerb.org/Annual\\_reports.html](https://www.nmerb.org/Annual_reports.html).

The Plan is a cost-sharing, multiple-employer pension plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and state agencies providing educational programs. Additional tenets of the ERA can be found in Section 22-11-1 through 22-11-52, NMSA 1978, as amended.

The Plan is a pension trust fund of the State of New Mexico. The ERA assigns the authority to establish and amend benefit provisions to a seven-member Board of Trustees (Board); the state legislature has the authority to set or amend contribution rates and other terms of the plan. NMERB is self-funded through investment income and educational employer contributions. The Plan does not receive General Fund Appropriations from the State of New Mexico.

All accumulated assets are held by the Plan in trust to pay benefits, including refunds of contributions as defined in the terms of the Plan. Eligibility for membership in the Plan is a condition of employment, as defined in Section 22-11-2, NMSA 1978. Employees of public schools, universities, colleges, junior colleges, technical-vocational institutions, state special schools, charter schools, and state agencies providing an educational program, who are employed more than 25% of a full-time equivalency, are required to be members of the Plan, unless specifically excluded.

**Pension Benefit.** A member's retirement benefit is determined by a formula which includes three component parts: 1) the member's final average salary (FAS), 2) the number of years of service credit, and 3) a multiplier.

For members hired on or before June 30, 2019 (Tiers 1-3 members) the multiplier is 2.35%. For members hired after June 30, 2019 the multiplier accrues as follows:

Years of Service	Benefit Percentage Earned
10 or less	1.35%
10.25 to 20	2.35%
20.25 to 30	3.35%
30.25 plus	2.40%

FAS is the average of the member's fiscal annual earnings for the last 20 calendar service quarters (60 months) prior to retirement or the highest average fiscal annual earning for any 20 consecutive calendar quarters.

## NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

- 1 Tier 1: Membership prior to July 1, 2010.** For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs:
  - The member's age and earned service credit add up to the sum of 75 or more,
  - The member is at least 65 years of age and has five or more years of earned service credit, or
  - The member has service credit totaling 25 years or more.
- 2 Tier 2: Membership on or after July 1, 2010, but prior to July 1, 2013.** Chapter 288, Laws of 2009 changed the eligibility requirements for new members who were first employed on or after July 1, 2010, but before July 1, 2013 — or before July 1, 2010, terminated employment, subsequently withdrew all contributions, and then becomes re-employed after July 1, 2010. These members must meet one of the following requirements:
  - The member's age and earned service credit add up to the sum of 80 or more,
  - The member is at least 67 years of age and has five or more years of earned service credit, or
  - The member has service credit totalling 30 years or more.
- 3 Tier 3: Membership beginning on or after July 1, 2013.** Section 2-11-23.2, NMSA 1978 added eligibility requirements for new members who were first employed on or after July 1, 2013, or who were employed before July 1, 2013 but terminated employment and subsequently withdrew all contributions and returned to work for an ERB employer on or after July 1, 2013. These members must meet one of the following requirements:
  - The member's minimum age is 55 and has earned 30 or more years of service credit. (Those who retire earlier than age 55, but with 30 years of earned service credit will have a reduction in benefits to the actuarial equivalent of retiring at age 55.)
  - The member's minimum age and earned service credit add up to the sum of 80 or more. (Those who retire under the age of 65, and who have fewer than 30 years of earned service credit will receive reduced retirement benefits.)
  - The member's age is 67 and has earned 5 or more years of service credit.
- 4 Tier 4: Membership beginning on or after July 1, 2019.** Section 2-11-23.3, NMSA 1978, added eligibility requirements for new members who were first employed on or after July 1, 2019 — and had, before that date, been refunded all member contributions and had not restored all refunded contributions and interest before July 1, 2019. A member in this tier must meet one of the following requirements:
  - The member's minimum age must be 58, and the member has earned 30 or more years of service credit. (A member who retires earlier than age 58, receives a reduction in benefits equal to the actuarial equivalent of retiring at age 58.)
  - The member's minimum age and earned service credit add up to the sum of 80 or more. (Those who retire under the age of 65, and who have fewer than 30 years of earned service credit, receive reduced retirement benefits.)
  - Or, the member's age is 67, and the member has earned 5 or more years of service credit.

**Forms of Payment.** The benefit is paid as a monthly life annuity with a guarantee that, if the payments made do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary.

NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

**Benefit Options.** The Plan has three benefit options available:

- **Option A – Straight Life Benefit.** The single life annuity option has no reductions to the monthly benefit, and there is no continuing benefit due to a beneficiary or estate, except the balance, if any, of member contributions plus interest less benefits paid prior to the member's death.
- **Option B – Joint 100% Survivor Benefit.** The single life annuity monthly benefit is reduced to provide for a 100% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the same benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.
- **Option C – Joint 50% Survivor Benefit.** The single life annuity monthly benefit is reduced to provide for a 50% survivor's benefit. The reduced benefit is payable during the life of the member, with the provision that, upon death, the reduced 50% benefit is paid to the beneficiary for his or her lifetime. If the beneficiary predeceases the member, the member's monthly benefit is increased to the amount the member would have received under Option A Straight Life benefit. The member's increased monthly benefit commences in the month following the beneficiary's death.

**Disability Benefit.** An NMERB member is eligible for disability benefits if they have acquired at least ten years of earned service credit and is found totally disabled. The disability benefit is equal to 2% of the member's Final Average Salary (FAS) multiplied by the number of years of total service credits. However, the disability benefit shall not be less than the smaller of (a) one-third of the member's FAS or (b) 2% of the member's FAS multiplied by total years of service credit projected to age 60.

**Cost of Living Adjustment (COLA).** All retired members and beneficiaries receiving benefits may receive an adjustment in their benefit on July 1 following the year a member retires or July 1 following the year a member reaches the age below, whichever is later.

Membership	Age Eligible for COLA
Tier 1	65
Tier 2	65
Tier 3	67
Tier 4	67

If a member is eligible for a COLA, the amount depends on the annual change in the Consumer Price Index (CPI) and whether the fund is fully funded (that is, the fund's funded ratio is 100%). Accordingly, if there is no increase in the CPI, or the CPI is negative, the amount of the COLA will be zero (if the CPI is negative, retirement benefits will not be decreased). When CPI has increased and the fund is fully funded, the COLA will be the same amount as the increase in the CPI except as follows: If the increase in the CPI is 2% or greater, the COLA will be one-half of the CPI increase, not to exceed 4% or to be less than 2%. However, while the fund is not fully funded, the COLA for retirees will be reduced based on the median annual retirement benefit, calculated after the end of each fiscal year:

- When the funded ratio is 90% or less, the COLA for retirees whose annuity is at or below the median and who have 25 or more years of service credit at retirement will be reduced by 10%. For retirees whose annuity is either greater than the median or who have less than 25 years of service credit at retirement, the COLA will be reduced by 20%.

## NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

- When the funded ratio exceeds 90% but is less than 100%, the COLA for retirees whose annuity is at or below the median adjusted annuity and who had 25 or more years of service credit at retirement and will be reduced by 5%. For retirees whose annuity is either greater than the median or who have less than 25 years of service credit at retirement, the COLA will be reduced by 10%.

Members on disability retirement are entitled to a COLA commencing on July 1 of the third full year following disability retirement. A member on regular retirement who can prove retirement because of a disability may qualify for a COLA beginning July 1 in the third full year of retirement.

**Refund of Contributions.** Members may withdraw their contributions only when they terminate covered employment in the State and their former employer(s) certification determination has been received by NMERB. Interest is paid to members when they withdraw their contributions following termination of employment at a rate set by the Board. Interest is not earned on contributions credited to accounts prior to July 1, 1971, or for contributions held for less than one year.

**Contributions.** For the fiscal years ended June 30, 2023 and 2022, educational employers contributed to the Plan based on the following rate schedule.

Fiscal Year	Date Range	Wage Category	Member Rate	Employer Rate	Combined Rate	Increase Over Prior Year
2023	7-1-22 to 6-30-23	Over \$24K	10.70%	17.15%	27.85%	1.00%
2023	7-1-22 to 6-30-23	\$24K or less	7.90%	17.15%	25.05%	100%
2022	7-1-21 to 6-30-22	Over \$24K	10.70%	15.15%	25.85%	1.00%
2022	7-1-21 to 6-30-22	\$24K or less	7.90%	15.15%	23.05%	100%

The contribution requirements are established in statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the New Mexico Legislature. For the fiscal years ended June 30, 2023 and 2022, the Schools paid employee and employer contributions of \$17,888,465 and \$13,332,588, respectively, which equal the amount of the required contributions for each fiscal year.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.** At June 30, 2023, the Schools reported a liability of \$131,639,772 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2022 using generally accepted actuarial principles. On April 17, 2020, NMERB's Board of Trustees adopted new assumptions presented in the 2020 Actuarial Experience Study. Those new assumptions have been reflected in the roll-forward and in the projections used to determine the single discount rate.

These changes have been reflected in the roll-forward and in the projection used to determine the single discount rate. The School's proportion of the net pension liability was based on a projection of the School's long-term share of contributions to the pension plan relative to the projected contributions of all participating educational institutions at June 30, 2022, actuarially determined. At June 30, 2022, the School's proportion was 1.56310%, which was a decrease of 0.01561% from its proportion measured as of June 30, 2021.

**NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)**

For the year ended June 30, 2023, the Schools recognized pension expense of \$9,341,944.

At June 30, 2023, the Schools reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 4,724,271	\$ 2,150,212
Changes of assumptions	22,174,659	73,154,831
Net differences between projected and actual earnings on pension plan investments	-	3,006,588
Changes in proportion and differences between Schools' contributions and proportionate share of contributions	325,620	1,452,876
Schools' contributions subsequent to the measurement date	11,209,882	-
<b>Total</b>	<b>\$ 38,434,432</b>	<b>\$ 79,764,507</b>

\$11,209,882 reported as deferred outflows of resources related to pensions resulting from the Schools' contributions subsequent to the measurement date June 30, 2022 will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Actuarial Assumptions.** Actuarial assumptions and methods are set by the Board of Trustees, based upon recommendations made by the plan's actuary. The Board adopted new assumptions on April 17, 2020, in conjunction with the six-year actuarial experience study period ending June 30, 2019. At that time, the Board adopted a number of demographic and economic assumption changes. There were no changes in assumptions since the prior valuation.

The total pension liability in the June 30, 2020 actuarial valuation was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

## NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

Inflation	2.30%
Salary increases	3.00% composed of 2.30% inflation, plus a 0.70% productivity increase rate, plus a step-rate promotional increase for members with less than 5 years of service.
Investment rate of return	7.00% compounded annually, net of expenses. This is composed of an assumed 2.30% inflation rate and a 4.70% real rate of return.
Mortality	<p><b>Healthy males:</b> 2020 GRS Southwest Region Teacher Mortality Table, set back one year and scaled at 95%. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020.</p> <p><b>Healthy females:</b> 2020 GRS Southwest Region Teacher Mortality Table, set back one year. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020.</p>

The long-term expected rate of return on pension plan investments was determined using a building-block approach that includes the following:

- Rate of return projections that are the sum of current yield plus projected changes in price (valuations, defaults, etc.).
- Application of key economic projections (inflation, real growth, dividends, etc.).
- Structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class.

Asset Class	Target Allocation	Long-Term Expected Rate of Return
Equities	24%	
Fixed income	23%	
Alternatives	52%	
Cash	1%	
<b>Total</b>	<b>100%</b>	<b>7.00%</b>

**Discount Rate.** A single discount rate of 7.00% was used to measure the total pension liability as of June 30, 2022. This is the same rate used for June 30, 2021. The 7.00% single discount rate was based on a long-term expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 3.69%. Based on the stated assumptions and the projection of cash flows, the pension plan's fiduciary net position and future contributions were sufficient to finance all projected future benefit payments of current plan members. As a result, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The projections of cash flows used to determine the single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

NOTE 10. PENSION PLAN – EDUCATIONAL RETIREMENT BOARD (CONTINUED)

**Sensitivity of the School’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate.** The following presents the Schools’ proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the Schools’ proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate.

	1 % Decrease 6.00%	Current Discount Rate 7.00%	1 % Increase 8.00%
Schools' proportionate share of the net pension liability	\$ 178,492,536	\$ 131,639,772	\$ 92,916,634

**Pension Plan Fiduciary Net Position.** Detailed information about the pension plan’s fiduciary net position is available in the separately issued NMERB’S financial reports. The reports can be found on NMERB’s Web site at [https://www.nmerb.org/Annual\\_reports.html](https://www.nmerb.org/Annual_reports.html).

**Payables to the Pension Plan.** At June 30, 2023, the Schools owed the ERB \$0 for the contributions withheld in the month of June 2023.

NOTE 11. POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN

GENERAL INFORMATION ABOUT THE OPEB

**Plan Description.** Employees of the School are provided with OPEB through the Retiree Health Care Fund (the Fund)—a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents, and surviving spouses) who have retired or will retire from public service in New Mexico.

NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA’s financial information is included with the financial presentation of the State of New Mexico.

**Benefits Provided.** The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

Employees covered by benefit terms. At June 30, 2022, the Fund’s measurement date, the following employees were covered by the benefit terms:

**NOTE 11. POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN (CONTINUED)**

Plan Membership	
Current retirees and surviving spouses	53,092
Inactive and eligible for deferred benefit	11,759
Current active members	92,520

State police and corrections	1,919
Municipal general	20,357
Municipal police	1,573
Municipal FTRE	756
Educational Retirement Board	49,224
	<u>92,520</u>

**Contributions.** Employer and employee contributions to the Fund total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund. Employer contributions to the Fund from the Schools were \$1,312,104 for the year ended June 30, 2023.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB.** At June 30, 2023, the Schools reported a liability of \$24,145,694 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The Schools' proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2022. At June 30, 2022, the Schools' proportion was 1.04454%.

As a result of the reduction of the OPEB liability from the year ended June 30, 2022, the Schools recognized OPEB income of \$4,351,138 for the year ended June 30, 2023. At June 30, 2023, the Schools reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 401,614	\$ 3,578,905
Net difference between actual and projected earnings on OPEB plan investments	332,946	-
Changes of assumptions	5,152,119	17,898,931
Change in proportion	1,398,371	125,683
Contributions made after the measurement date	1,312,104	-
<b>Total</b>	<u>\$ 8,597,154</u>	<u>\$ 21,603,519</u>

## NOTE 11. POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN (CONTINUED)

Deferred outflows of resources totalling \$1,312,104 represent the Schools contributions to the Fund made subsequent to the measurement date and will be recognized as a reduction of net OPEB liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Year Ended June 30,	
2023	\$ (4,190,800)
2024	(3,114,265)
2025	(1,923,641)
2026	(3,233,552)
2027	(1,856,211)
<b>Total</b>	<b>\$ (14,318,469)</b>

**Actuarial assumptions.** The total OPEB liability was determined by an actuarial valuation as of June 30, 2022, using the following actuarial assumptions:

Valuation Date	June 30, 2022
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
<b>Actuarial assumptions:</b>	
Inflation	2.30% for ERB members; 2.50% for PERA members
Projected payroll increases	3.25% to 13.00%, based on years of service, including inflation
Investment rate of return	7.00%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8% graded down to 4.5% over 14 years for Non-Medicare medical plan costs and 7.5% graded down to 4.5% over 12 years for Medicare medical plan costs
Mortality	ERB members: 2020 GRS Southwest Region Teacher Mortality Table, set back one year (and scaled at 95% for males). Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020. PERA members: Headcount-Weighted RP-2014 Blue Collar Annuitant Mortality, set forward one year for females, projected generationally with Scale MP-2017 times 60%.

**Rate of Return.** The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation, and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

## NOTE 11. POST-EMPLOYMENT BENEFITS – STATE RETIREE HEALTH CARE PLAN (CONTINUED)

The best estimates for the long-term expected rate of return are summarized as follows:

Asset Class	Long-Term Rate of Return
U.S. core fixed income	0.4%
U.S. equity - large cap	6.6%
Non U.S. - emerging markets	9.2%
Non U.S. - developed equities	7.3%
Private equity	10.6%
Credit and structured finance	3.1%
Real estate	3.7%
Absolute return	2.5%
U.S. equity - small/mid cap	6.6%

**Discount Rate.** The discount rate used to measure the total OPEB liability is 5.42% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Authority's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2059. The 7.00% discount rate, which includes the assumed inflation rate of 2.30% for ERB members and 2.50% for PERA members, was used to calculate the net OPEB liability through 2052. Beyond 2059, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher (3.54%) was applied. Thus, 5.42% is the blended discount rate.

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates.** The following presents the net OPEB liability of the County, as well as what the County's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.42%) or 1-percentage-point higher (6.42%) than the current discount rate:

1% Decrease (4.42%)	Current Discount (5.42%)	1% Increase (6.42%)
\$ 30,047,830	\$ 24,145,694	\$ 19,439,926

The following presents the net OPEB liability of the Schools, as well as what the Schools' net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the **current healthcare cost trend rates**:

1% Decrease	Current Trend Rates	1% Increase
\$ 19,346,987	\$ 24,145,694	\$ 28,235,448

**OPEB Plan Fiduciary Net Position.** Detailed information about the OPEB plan's fiduciary net position is available in NMRHCA's audited financial statements for the year ended June 30, 2022.

**Payable Changed in the Net OPEB Liability.** At June 30, 2023, the Schools reported a payable of \$0 for outstanding contributions due to NMRHCA for the year ended June 30, 2023.

## NOTE 12. CONCENTRATIONS

The Schools depends on financial resources flowing from, or associated with, both the Federal Government and the State of New Mexico. Because of this dependency, the Schools is subject to changes in specific flows of intergovernmental revenues based on modifications to Federal and State laws and Federal and State appropriations.

## NOTE 13. CONTINGENT LIABILITIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Schools expects such amount, if any, to be immaterial.

The Schools is involved in various claims and lawsuits arising in the normal course of business. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the Schools' legal counsel that the resolution of these matters will not have a material adverse effect on the financial condition of the Schools.

# Notes to Required Supplementary Information (Unaudited)

JUNE 30, 2023

## **ERB PLAN**

***Changes in benefit provisions.*** There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2022.

***Changes in assumptions and methods.*** Actuarial assumptions and methods are set by the Board of Trustees, based upon recommendations made by the plan's actuary. The Board adopted new assumptions on April 17, 2020, in conjunction with the six-year actuarial experience study period ending June 30, 2019. No changes have been made to the assumptions since the prior valuation.

## **RHCA PLAN**

In the total OPEB liability measured as of June 30, 2022, changes in assumptions include adjustments resulting from an increase in the discount rate from 3.62% to 5.42%.

# Nonmajor Government Funds Descriptions

JUNE 30, 2023

## SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for Federal, State and Local funded grants. These grants are awarded to the Schools with the purpose of accomplishing specific education tasks. Grants accounted for in the Special Revenue Funds include:

**FOOD SERVICES (21000)** – This fund is used to account for the cost of operating a student breakfast, lunch, snack bar and summer lunch program and is financed with federal grants and fees paid by program users.

**ATHLETICS (22000)** – This fund is used to account for fees generated at athletic activities throughout the School Schools. The gate receipts are obtained from the general public and are expended in this fund. The authority for creation of this fund is 6.20.2 NMAC.

**NON-INSTRUCTION SUPPORT (23000)** – To account for budgeted revenues and expenditures which relate to student activities other than athletics.

**TITLE I - IASA (24101)** – Used to provide supplemental educational opportunity for academically disadvantaged children in the area of residing. Campuses are identified for program participation by the percentage of students on free or reduced-price lunches. Any school with a free and reduced-price lunch percentage that is equal to or greater than the total district percentage becomes eligible for program participation. Any student whose test scores fall below District-established criteria and who is attending a Title I campus is eligible to receive Title I services. Poverty is the criterion that identifies a campus; educational need determines the students to be served. Federal revenues accounted for in this fund are allocated to the Schools through the New Mexico Department of Education. Authority for creation of this fund is Part A of Chapter I of Title I of Elementary and Secondary Act (ESEA) of 1965, as amended, Public Law 103-383.

**IDEA-B PRESCHOOL (24109)** – The objective of the Assistance to States for the Education of Handicapped Children Program is to assist in providing free, appropriate public education to all handicapped children from ages three to five. Federal revenues accounted for in this fund are allocated to the Schools through the New Mexico Department of Children, Youth and Families. Authority for the creation of this fund is Public Law 105-17.

**EDUCATION OF HOMELESS (24113)** – To ensure that homeless children and youth have equal access to the same free, appropriate public education as other children; to provide activities for and services to ensure that these children enroll in, attend, and achieve success in school; to establish or designate an office in each State Education Agency (SEA) for the coordination of education for homeless children and youth; to develop and implement programs for school personnel to heighten awareness of specific problems of homeless children and youth; and to provide grants to local educational agencies (LEAs). Program funding is authorized by McKinney-Vento Homeless Assistance Act, Title VII, Subtitle B.

**ENGLISH LANGUAGE ACQUISITION (24153)** – To provide funds to improve the educational performance of limited English proficient students by assisting the children to learn English and meet State academic content standards. This program is authorized by Title III, Part A of the ESEA, as amended.

**TEACHER/PRINCIPAL TRAINING & RECRUITING (24154)** – To improve the skills of teachers and the quality of instruction in mathematics and science, and also to increase the accessibility of such instruction to all students. This program is authorized by Title II, Part A, Subparts 1-3 of the ESEA, as amended.

**CARL D. PERKINS SECONDARY – CURRENT (24174) AND CARL D. PERKINS SECONDARY REDISTRIBUTION (24176)**

– The objective of this grant is to provide secondary educational institutions the opportunity to develop, implement, and operate programs using different models of curricula that integrate vocational and academic learning. Funds are acquired from federal sources through the New Mexico Department of Education. This program is authorized by the Carl D. Perkins Career and Technical Education Act of 2006.

**TEEN DATING VIOLENCE AWARENESS (24184)** – The objective of this grant is to provide support for expectant parenting teens, women, fathers, and their families for the State of New Mexico. The fund enables Los Lunas Schools to vary out its Teen Dating Violence Prevention and Campaign Awareness program. Authorized by U.S. Department of Health and Human Services (1SP1AH000021-02-00).

**STUDENT SUPPORT ACADEMIC ACHIEVEMENT TITLE IV (24189)** – This fund is a sub-award for funding through the Student Support and Academic Enrichment Program. This sub-award supports well-rounded educational opportunities, safe and healthy students, and effective use of technology. Assistance Listings Number 84.424.

**CLSD GRANTS (24194)** – Used to improve literacy skills of preschool and increase percentage of elementary, middle, and high school students to meet NM standards, birth to grade 12. Awarding agency – U.S. Department of Education.

**CARES ACT (24301), GOVERNOR’S EMERGENCY EDUCATION RELIEF (24305), CRRSA, ESSER II (24308), CRRSA, ESSER II - AIR QUALITY (24316), ARP ESSER III (24330), AND ARP HOMELESS CHILDREN & YOUTH (24350)** – To account for funds awarded through the Elementary and Secondary School Education Relief Fund (ESSER Fund), a component of the recently enacted Coronavirus Aid, Relief, and Economic Security (CARES) Act, Pub.L. 116–136. The ESSER Fund is a highly flexible federal program designed to provide local education agencies (LEAs) with funding to meet a diverse array of educational and COVID response related needs. By law, awards from the ESSER Fund are based on LEAs’ proportional share of final 2019-20 Title I, Part A allocations received.

The Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), Public Law 116-260, was signed into law on December 27, 2020 and provided additional funding for the Elementary and Secondary School Emergency Relief Fund (ESSER II) and Governor’s Emergency Education Relief (GEER) Fund. On March 11, 2021, the American Rescue Plan (ARP) Act, Public Law 117-2, was signed into law. It provided to funds to help safely reopen and sustain the same operation of schools and address the impact of the coronavirus pandemic on the Nation’s students. The GEER Fund awards grants to states’ governor’s offices, to provide assistance to students and student’ families.

**IMPACT AID - SPECIAL EDUCATION (25145) AND INDIAN EDUCATION (25147)** – To account for funding of a Federal program to provide financial assistance to local educational agencies (LEA’s) where enrollments or availability of revenue are adversely affected by Federal activities, i.e., where the tax base of a district is reduced through the Federal acquisition of real property (Section 2), or where there are a significant number of children who reside on Federal (including Indian) lands and/or children whose parents are employed on Federal property or in the Uniformed Services (Section 3(a) and 3(b)): where there is a significant decrease (Section 3(c)) or a sudden and substantial increase (Section 4) in school enrollment as the result of Federal activities; to provide disaster assistance for reduced or increased operating costs (Section 7(a)), for replacing or repairing damaged or destroyed supplies, equipment, and books, and for repairing minor damage to facilities. Funding authorized by Public Law 81-874.

**TITLE XIX MEDICAID 3/21 YEARS (25153)** – To account for a program providing school-based screening, diagnostic services, and other related health services and administrative activities in conformance with the approved Medicaid State Plan in order to improve health and developmental outcomes for children. Program funding is authorized by Social Security Act, Title XIX, as amended.

**CHILD CARE BLOCK GRANT CYFD (25157)** – To account for funds received for the transition assistance program funding through the Children, Youth and Families Department and the State of New Mexico. Program funding is authorized by Child Care and Development Block Grant Act of 1990, as amended.

**INDIAN EDUCATION FORMULA GRANT (25184)** – To account for a program funded by a Federal grant to develop and carry out supplementary elementary and secondary school programs designed to meet the special educational and culturally related academic needs of Indian children, for example to: 1) Improve academic performance, 2) Reduce school dropout rates and improve attendance, and 3) Integrate the value of cultural education into the school curriculum for Indian children. Funding authorized by Indian Education Act of 1988, Title V, Part C, Subpart 1, as amended, Public Law 100-297 and 93-638, 25 U.S.C. 2601-2606.

**GEAR UP NM STATE INITIATIVES (25205) AND GEAR UP USDE (25211)** – To encourage eligible entities to provide or maintain a guarantee to eligible low-income students who obtain a secondary diploma, of the financial assistance necessary to permit the student to attend an institution of higher education; and provide additional support services to students who are at risk of dropping out of school. Higher Education act, Title IV, Part A, Subpart 2, Chapter 2, Public Law 105-244.

**2012 G.O. BOND STUDENT LIBRARY FUND (SB1) (27107)** – Funds used to purchase library books and library supplies for all school sites. Program is authorized by state statute.

# Notes to Schedule of Expenditures of Federal Awards

FOR THE YEAR ENDED JUNE 30, 2023

## NOTE 1. BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of Los Lunas Schools (the Schools) under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Schools, it is not intended to and does not present the financial position or changes in financial position of the Schools.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting, which is the same basis as was used to prepare the fund financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement.

## NOTE 3. SUBRECIPIENTS

The Schools did not have any subrecipients during the year ended June 30, 2023.

## NOTE 4. NON-CASH FEDERAL ASSISTANCE

The Schools receives USDA Commodities for use in sponsoring the National School Lunch and Breakfast program. Per USDA guidance (FPI-18-2), donated USDA commodities should be grouped with the National School Lunch Program and use the same Assistance Listings Number as the National School Lunch Program. The value of commodities received for the year ended June 30, 2023 was \$480,610. Commodities are recorded as revenues and expenditures in the Food Service fund.

## NOTE 5. INDIRECT COST RATE

During the year ended June 30, 2023, the New Mexico Public Education Department reimbursed the Schools for indirect costs at 4.08%.

## NOTE 6. RECONCILIATION OF FEDERAL REVENUE TO FEDERAL EXPENDITURES

**The Board of Education**  
**Los Lunas Schools**  
Los Lunas, New Mexico

and

**Mr. Joseph M. Maestas, P.E.**  
**New Mexico State Auditor**  
Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons of the general fund and major special revenue funds of the Los Lunas Schools (the Schools) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Schools' basic financial statements as listed in the Table of Contents, and have issued our report thereon dated November 10, 2023.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Schools' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of the Schools' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies

in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Compliance and Other Matters**

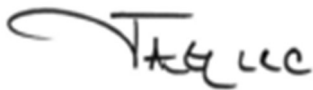

As part of obtaining reasonable assurance about whether the Schools' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of non-compliance or other matters that is required to be reported under *Government Auditing Standards* as item 2023-001.

### **Schools' Response to Finding**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Schools' response to the finding identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. The Schools' response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR  
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

**INDEPENDENT AUDITOR'S REPORT**

**The Board of Education  
Los Lunas Schools**  
Los Lunas, New Mexico

and

**Mr. Joseph M. Maestas, P.E.**  
**New Mexico State Auditor**

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM**

***OPINION ON EACH MAJOR FEDERAL PROGRAM***

We have audited Los Lunas School's (the Schools) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Schools' major federal programs for the year ended June 30, 2023. The Schools' major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the Schools complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

***BASIS FOR OPINION ON EACH MAJOR FEDERAL PROGRAM***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Schools and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Schools' compliance with the compliance requirements referred to above.

## **RESPONSIBILITIES OF MANAGEMENT FOR COMPLIANCE**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Schools' federal programs.

## **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF COMPLIANCE**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Schools' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Schools' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Schools' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Schools' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Schools' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

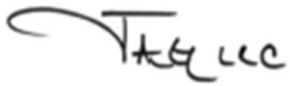

## **REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## SECTION II: FINANCIAL STATEMENT FINDINGS

2023-001	CONTROLS OVER CASH DISBURSEMENTS
Type of Finding	Other Matter
Condition	As part of our testing of cash disbursements, we tested 127 disbursements and noted that 5 of these items were paid over 90 days after the invoice due date. The latest payment was made 250 days after the invoice due date. The total amount paid for these 5 invoices was \$126,371.
Criteria	The established payment terms and contractual agreements with vendors require payments to be made within a specified timeframe, typically within 30 days of invoice receipt.
Effect	Vendor Relations: The delayed payments may have strained relationships with key vendors and suppliers, leading to a potential risk of reduced supplier support and quality of goods/services. Financial Impact: The organization may incur additional costs in the form of late fees, interest charges, and potential discounts foregone due to late payments. Reputational Risk: Delayed payments may tarnish the organization's reputation, making it less attractive to potential suppliers and partners.
Cause	The Schools had a delay in payment due to a holdup in their procurement process. The ordering department did not submit the invoices with "ok to pay" in a timely fashion. There may be insufficient oversight and accountability in monitoring payment timelines and ensuring adherence to contractual obligations.
Recommendation	Assign clear responsibility for monitoring payment timelines and compliance with payment terms to a specific department or individual.
Management Response	<b>Corrective Action:</b> The Chief Financial Officer and Chief Procurement Officer will continue to monitor disbursements for timely payment. In those instances where the ordering department has not submitted an invoice with an "ok to pay" in a timely fashion, the Central Office will follow up with that department and escalate until invoice approval is received.
