

# Jewett Jargon

February 2024

## PRINCIPAL'S MESSAGE

Dear Jewett Families,

The new year is well underway at Jewett and we are very pleased to see students creating, learning, and innovating. This is great to see as we rapidly approach the 100th day of school!

Please make every effort to incorporate reading into your daily schedule. You will be amazed at what 10 minutes a night of reading will result in. Here are some of the many benefits of reading with your child:

- It promotes increased communication between you and your child.
- Many studies show that students who love learning and do well in school were exposed to reading before preschool.
- It promotes a longer attention span, which is an important skill for your child to be able to concentrate.
- It builds listening skills and imagination.
- Your child learns early that reading is fun and not a chore.

I wish you all a wonderful February!

John K. Greeny  
Principal

## LACLINICA SCHOOL BASED HEALTH CENTER AT JEWETT

LaClinica School Based Health Center at Jewett is still offering all childhood immunizations. If your child needs any immunizations before February 21 exclusion day, please call to schedule an appointment at our health center 541-494-6611.

Heather Wood RN  
Jewett School Nurse

## Rogue Valley Farm to School

Each month Rogue Valley Farm to School partners with local farms to bring tastings of our Harvest of the Month. This month we are turning up the BEET! Your student will get to try some samples of Oregon-grown beets at the cafeteria tasting table on Friday, February 23rd. Then, they get to vote on whether they tried it, liked it or loved it! Check this [fun interactive sheet \(spanish version\)](#) for recipes, videos, nutritional info, kids activities, and information about the local farms where the carrots were grown! Jewett Elementary School is part of the Rogue Valley Farm to School Digging Deeper School partnership. To learn more about the partnership and Rogue Valley Farm to School click [here](#).
