

Leadership Meeting  
September 01, 2020

Subject: Industry partnership outreach to UTEP Tech-E

Attendees: Mike Pitcher, Mr. Navarro, Mrs. Banuelas

State Grant: UTEP Tech-E is currently applying for a state grant. This grant would allow us to have sponsorship with UTEP in the following areas.

- Computer Science training (code.org, arduinos, raspberry pi, other robotics, etc.) for a minimum of 20 teachers. Teachers do not have to be CTE certified.
- Innovation HUB (maker space area; dedicated classroom): teacher training takes place here eventually turning into a student space.

If money is granted to Tech-E, the district will “release” teachers to be able to commit to the training throughout the school year. Grant will cover substitute teachers and receive a stipend. Sponsorship will also include an MOU, materials for Innovation Hub, and tours.

Actions:

UTEP Tech-E is waiting to hear back from the state grant.

Virtual Tours: book a Tech-E/computer science department tour for February/March 2021. Date to be determined.
