Following the September meeting, a survey will be delivered to each voting member by school administration. Each voting member will identify a specified number of nominees who they feel should be inducted.

At the October meeting, school administration will provide a list of all original nominees who received support from selection committee members in September. Nominees will then be rank-voted upon to identify that year's inductees. A ranking, run-off vote will be utilized as many times as necessary at this meeting to reach the specified number of inductees. There can be fewer inductees than identified in any given year.

The voting details and results must be kept confidential.

Hall of Fame Inductees will be announced after the individual/teams have been notified and their acceptance of the induction and participation in the ceremony are verified. It is the responsibility of the HOF Committee to plan the induction ceremony on an annual basis, with the support of non-voting administrative members.

VI. Hall of Fame Induction Ceremony

An Athletic Hall of Fame Induction ceremony shall occur annually in September. The non-voting selection committee members will act as the liaison between the committee and District and be responsible for the planning and coordination of the Induction Ceremony with the input of all Selection Committee members.

Each inductee shall attend the Hall of Fame ceremony, unless deceased, in which case a representative shall attend. Virtual attendance/representation qualifies and will be accommodated.

New inductees will be guests of honor at the induction dinner.

New inductees will be presented with a Hall of Fame plaque serving as a memento as well as inclusion in the collection for public presentation within the school, which shall be permanently on public display (whether digital or physical) in the Danville Area High School.

The District commits to fully supporting the Hall of Fame Committee in raising the financial means for the first year's induction event.
