

Uniform and Clothing List

We would appreciate if you could send the following items with your children. We are able to organise uniform when your son/daughter arrives if you require us to.

All clothes, shoes and other items must be clearly named, and it would be greatly appreciated if all home clothes are able to be machine washed and tumble dried. It would also be helpful if you could send name tags so that they can be attached to their school uniform if you are purchasing rather than hiring. We use 'Attachatag' <https://attachatag.com>.

Your son/daughter might also like to bring family photos or pictures for their boarding board by their bed.

If you are hiring uniform, your child will be provided with any underlined item.
