

PECC Minutes

11/14/23

Attendees:

Alicia, Donna F, Becky, Beth, Alicia, Kathleen, Jessica.

Monitor results:

Both programs are in good order. TLC and FRC. No children with IEP's at this time and a few referrals have been made.

Childcare in the community:

OEC will be coming out with recommendations from Blue Ribbon Panel on childcare and providers. PECC should be aware of all licensed centers and contact OEC for complete list. ARPA funds are now in the form of reimbursement. Smart Start will come out of BOE budget to cover salaries and benefits.

K transition and new age requirement:

Still working on how BOE will handle Sept-Dec children who miss the cutoff. Parents will be able to request admissions however, still unsure of how that will look, and assessment tool used to make determinations. The state of CT is not providing an assessment tool. The preschool cut off will match Kindergarten date.

QE:

Apples and Cider as well as Turkeys from Indian Rock Nature preserve. Other suggestions: Mystic Aquarium, Llama named Robert and Country Quilt.

Other discussion: FAFSA to be added as a graduation requirement. FRC hosting Thanks For Giving open house.
