Imagine a summer **AT FRIENDS.**

For years, Friends School of Wilmington has provided premier summer camp programming to families throughout the Cape Fear Region. Located on our 11-acre campus, including our state-of-the-art Environmental Education Center, we have the space and resources to offer a range of camp programs that appeal to the interests of 3-year-old preschoolers to rising 8th graders. Our camp staff includes many well-loved FSW faculty members as well as trusted community partners and expert educators. We aspire to provide enrichment opportunities that spark intellectual curiosity, encourage playful exploration, and help build character, because at its core, FSW summer camp is a place of JOY!
