

Visiting the Wellesley Class of '66 Website

Have you been visiting our class website? Much of the content there is open to the public and does not require logging in. Class news, recordings of 66's Zoom-based virtual programs and updates on mini-reunions can all be viewed by clicking on the link below without having to log in.

<https://alum.wellesley.edu/class-of-1966>

Continued access to the class website is as simple as bookmarking the URL once you've brought up the site in your favorite browser.

When you need to log into The Class of '66 Website

However, not all online content at Wellesley can be accessed without logging in. Some of us have found the process of logging in to be, shall we say, challenging. Here's why:

Wellesley recently changed the authorization process so that alums, faculty and students could log in to all sites with a single sign on. The new process is called the Wellesley Login which is based on a personal email for each alum based on your name at Wellesley and ending in @wellesley.edu. Without this email address and a password that you have set, you cannot access the class directory, your own profile, and other private content on the general website as well as on the class and SIG websites.

What to do if you don't remember your Wellesley Login or password

Start with the online option to see if you can get your Wellesley Login and a temporary password sent to you using your non-Wellesley email address. Try the link below and provide the information requested as shown in the screen shot:

[Alumnae Password Reset \(wellesley.edu\)](https://alum.wellesley.edu/alumnae-password-reset)

Password Reset

To reset your Wellesley Login password, please enter the following information. Your username will also be sent to you.

*This app is only for alums. If you are an alum and have another relationship with the college (faculty, staff member, current student), you should use <https://reset.wellesley.edu>.

*All fields are required

An email with your username and a temporary password will be sent to the email address we have on record for you. Please note that if it has been a while since you have updated your contact information, the email address we have on record may no longer be active. We also may not have an email address on record for you. If you do not receive a temporary password email from us, or have any difficulty using this tool, please call the Computing Help Desk at (781) 283-7777 or email helpdesk@wellesley.edu.

Last Name: Your last name while you were at Wellesley

Date of Birth: E.g. 1990-03-19
Class Year:
Email: The email address we have on record for you
 I'm not a robot  [Privacy](#) - [Terms](#)

Confirm

Your Wellesley email address and a temporary password will be generated from the information you provide in this form.

If the email address that you provide matches what the college has on file for you, once you hit the 'Confirm' button, an email with your new Wellesley Login will be sent to your preferred email address.

NOTE: If the email address you provide does **not** match the email address that the college has on file for you, the Password Reset request will immediately fail once you hit the 'Confirm' button.

What to do if the online request fails

Call the Computing Help Desk at 781-283-7777. They can set up your Wellesley Login on the spot and help with a temporary password. The Help Desk is open Monday – Friday from 8:30 am to 4:30 pm EST. You can also email the Help Desk at the address below:

helpdesk@wellesley.edu

The email address you use to email the Help Desk will provide them with the right return address to send your Wellesley Login and instructions.

If you have tried both options and continue to have trouble with access to the Wellesley website, please email Ann Birk awbirk22@gmail.com
