

High School Students:

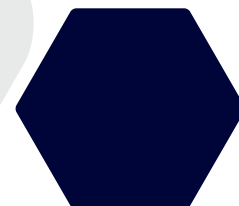

# Dig into 3D technology

this summer in a free Vermont State program!

**Register for one, two, or all three two-week intensive courses at the VTSU Randolph campus:**

- **3D Imaging – June 23 to July 5**
- **3D Printing – July 7 to 19**
- **3D Modelling – July 21 to August 2**

## Learn hands-on using:

- State-of-the-art handheld 3D scanners and photogrammetry to capture reality in a digital form
- Industry-standard software and applications to create advanced 3D models and animations
- A variety of consumer and professional-grade 3D printers to create physical models

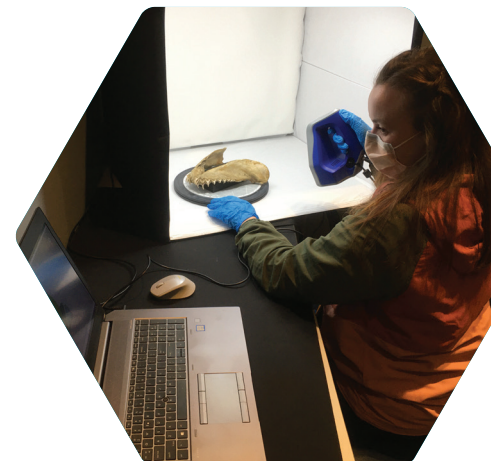

For rising junior and senior high school students and recent graduates

**EARN 3 COLLEGE CREDITS** per course.

Take all three to earn a certificate in 3D Technology!

**FREE TUITION, HOUSING, AND ON-CAMPUS MEALS**

for Vermont residents, thanks to a generous appropriation from the State of Vermont!
