FROM THE PREVENTED DEPUTY EXECUTIVE DIRECTOR

PreventEd is a community health agency working to reduce or prevent the harms caused by alcohol and other drug use. We believe in the power of prevention, the power of information, and the power of advocacy; and we use all of these tools in the service of our mission.

As part of our mission, we publish this *Treatment and Recovery Services Manual* to assist individuals seeking help, and as a reference for persons working in the helping professions.

This manual lists support groups, treatment programs, and recovery homes for substance use and co-occurring disorders.

Inclusion in this manual does not imply endorsement of an agency or its programs by **PreventEd**, nor does exclusion imply disapproval. The treatment landscape sometimes changes more often than this guide is updated. Please let us know if any accredited or certified/licensed agency has been omitted.

PreventEd is grateful to the agencies listed here for their interest and help in the preparation of this manual. If you have any questions about the treatment community, please feel free to call **PreventEd** at any time.

Yours respectfully,

A handwritten signature in cursive script that reads "Jenny Armbruster".

Jenny Armbruster, LPC
PreventEd Deputy Executive Director

ABOUT PREVENTED

Services offered by PreventEd include:

- **Information & Referral**
Phone or online information from counselors, personal assessments, free assistance for teens, and referral to community treatment, self-help, fellowship, and educational resources.
- **Prevention**
Prevention Resource Center, K-12 and college prevention programming, and services for teachers, counselors, administrators, and parents.
- **Advocacy & Community Development**
Awareness campaigns, “Calls for Action,” and active participation in and development of community groups, coalitions, networks, advisory boards, task forces, and other local, state and national endeavors.
- **Coalition on Addictions**
A monthly networking and educational meeting for those working/interested in the substance use field. The Coalition on Addictions meets the *second Wednesday* of each month from noon–1:00 pm at **PreventEd**, 9355 Olive Blvd. in Olivette. Each month features a different speaker and a free lunch. One contact hour is available for \$5.00 for counselors and social workers. CECH (Continuing Education Contact Hour) is also available for \$5.00 for **CHES** (Certified Health Education Specialist) or **MCHES** (Master Certified Health Education Specialist).

How we are supported in our work

PreventEd is partially funded by United Way of Greater St. Louis, the Missouri Department of Mental Health - Division of Behavioral Health, the St. Louis County Children’s Service Fund, and the Franklin County Children and Families Community Resource Board.

Additionally, we are supported by foundation grants, individual and corporate contributions and fees for service.

Certification/Affiliations

PreventEd is certified by the Missouri Department of Mental Health – Division of Behavioral Health. We are a full member agency of the United Way of Greater St. Louis and a Better Business Bureau Accredited Charity with an A+ rating.

GUIDELINES TO ACCESSING TREATMENT

Accessing alcohol/drug treatment services in the metropolitan St. Louis Area (St. Louis City and the counties of St. Louis, Jefferson, Franklin, St. Charles, Lincoln and Warren) has become increasingly challenging.

Note to families: For specialized services and support groups for family members and significant others who have been affected by another person's alcohol/drug problem, please call **PreventEd** for a referral.

Please Read This Entire Section Before Accessing Treatment:

If you have insurance:

Call your insurance carrier to discuss the extent of your coverage for substance use disorders and how to access treatment through their network.

If you have the means to pay for treatment:

Call any treatment program listed in this manual for admitting procedures, or call PreventEd at 314-962-3456 for a referral to a private practitioner. Some programs may offer a payment plan.

If you do not have insurance or the means to pay for treatment:

- **Veterans** living in St. Louis City or St. Louis County:
Call the Veterans Affairs Medical Center at the John Cochran facility: 314-894-6652.
- **Adolescents (13-19) or adults** anywhere in the St. Louis metropolitan area: Call a state-funded program for access to treatment (contingent on space availability). For an out-of-state referral, call the PreventEd at 314-962-3456.

If you are a Medicaid recipient:

Call any of the C-Star Agencies listed on page 10 to directly access treatment.

Please note, individuals suffering from substance use disorders often are also diagnosed with co-occurring mental health disorders. Many substance use disorder treatment facilities are equipped with the staff and knowledge for treatment of substance use and other behavioral health disorders. If you need specific referrals for co-occurring disorders, please call **PreventEd at 314-962-3456.**

A WORD ABOUT RECOVERY

Recovery from substance use disorders is hard, but it is possible. Many people find it difficult to get through detox and become stabilized before they can begin to maintain a durable recovery. This is where treatment comes into the picture. Treatment can be extremely beneficial in helping someone get *sober*. However, at best, treatment is the means by which one can receive the detoxification and counseling services necessary to achieve the initial stability that allows for ongoing, sustained *recovery*.

While many who suffer from substance use disorders will find treatment necessary to achieve detoxification and stabilization, others are able to achieve this via participation in support groups. For these individuals, treatment may not be necessary; sometimes, self-help is enough. Of all the support groups available, Alcoholics Anonymous (A. A.) is the oldest and best known.

For A. A. the only requirement for membership is “a desire to stop drinking.” In meetings, A.A. members share their “experience, strength and hope.” By engaging in this fellowship, countless numbers of individuals have found the help they needed without having to obtain professional or medically-based care. There are several hundred A. A. meetings available weekly in the greater St. Louis area. Information regarding these meetings can be found by accessing the Alcoholics Anonymous St. Louis Central Service Office website www.aastl.org. When attending a meeting, there are generally *Where & When* listings available to newcomers that show the day, time, and location of local meetings.

In addition to A. A., there are numerous other twelve-step groups. These groups include: Narcotics Anonymous, Cocaine Anonymous, Marijuana Anonymous, Heroin Anonymous, Nicotine Anonymous, etc.

Additionally, there are other support groups that are not twelve-step-based but still employ a model of mutual help.

At the end of this manual is a list of local support groups available in the St. Louis area. For most, additional information about each group is available online. If you have any questions regarding which group or groups might best suit your or someone else’s situation, please feel free to call **PreventEd** at 314-962-3456 and ask for a counselor.

SIGNS OF SUBSTANCE USE DISORDERS

This self-test is designed to help determine if you may have a substance use disorder:

- | Yes | No | |
|--------------------------|--------------------------|---|
| <input type="checkbox"/> | <input type="checkbox"/> | Do you lose time from work due to your substance use? |
| <input type="checkbox"/> | <input type="checkbox"/> | Is substance use making your home life unhappy? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you use drugs or alcohol because you are shy with other people? |
| <input type="checkbox"/> | <input type="checkbox"/> | Is substance use affecting your reputation? |
| <input type="checkbox"/> | <input type="checkbox"/> | Have you ever felt remorse after substance use? |
| <input type="checkbox"/> | <input type="checkbox"/> | Have you gotten into financial trouble as a result of substance use? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you turn to lower companions & inferior environment when using substances? |
| <input type="checkbox"/> | <input type="checkbox"/> | Does your substance use make you careless of your family's welfare? |
| <input type="checkbox"/> | <input type="checkbox"/> | Has your ambition decreased since beginning your substance use? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you crave drugs or alcohol at a definite time daily? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you want a drugs or alcohol the next morning? |
| <input type="checkbox"/> | <input type="checkbox"/> | Does substance use cause you to have difficulty in sleeping? |
| <input type="checkbox"/> | <input type="checkbox"/> | Has your efficiency decreased since beginning your substance use? |
| <input type="checkbox"/> | <input type="checkbox"/> | Is substance use jeopardizing your job or business? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you use substances to escape from worries or troubles? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you use substances alone? |
| <input type="checkbox"/> | <input type="checkbox"/> | Have you ever had a complete memory loss as a result of substance use? |
| <input type="checkbox"/> | <input type="checkbox"/> | Has your physician ever treated you for substance use? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you use drugs or alcohol to build up your self-confidence? |
| <input type="checkbox"/> | <input type="checkbox"/> | Have you ever been to a hospital or institution on account of substance use? |

Scoring: If you answered yes to any 2, it is likely you have a substance use disorder. If you answered yes to 3 or more, indications are you do have a substance use disorder.

This self-test is designed to help determine if a substance use disorder is in your family:

- | Yes | No | |
|--------------------------|--------------------------|--|
| <input type="checkbox"/> | <input type="checkbox"/> | Does someone in your family undergo personality changes when s/he uses substances? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you feel that substance use is more important to this person than you are? |
| <input type="checkbox"/> | <input type="checkbox"/> | Has excessive substance use ruined special occasions? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you cover up for someone else's substance use? |
| <input type="checkbox"/> | <input type="checkbox"/> | Have you ever tried to control the amount consumed by the user by joining in the substance use? |
| <input type="checkbox"/> | <input type="checkbox"/> | Is your family having financial or legal difficulties due to substance use? |
| <input type="checkbox"/> | <input type="checkbox"/> | Have you ever tried to control the substance user's behavior by hiding car keys, pouring the liquor down the drain, throwing out the drugs, etc? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you find yourself doing things that are out of character for you? |

Scoring: A yes to any one question indicates a strong possibility of a substance use disorder in your family.
