AGENDA ITEM: **Presentation of Presale Report Related to Upcoming Issuance of General Obligation School Building and Facilities Maintenance Bonds, Series 2024A**

MEETING DATE: **March 26, 2024**

SUGGESTED DISPOSITION: **Discussion Item**

CONTACT PERSON(S): **Tim Wald, Assistant Superintendent for Finance and Operations;**
Andi Johnson, Director of Finance

BACKGROUND:

There were two facilities funding strategies to finance the facilities improvements identified and recommended by the Facilities Planning Committee: 1) Voter-approved general obligation bonds (approved by taxpayers on November 5, 2019); and 2) Facilities maintenance bonds for eligible Long-Term Facilities Maintenance (LTFM) projects. Both of these strategies were included in the original tax impact statement for the 2019 Bond Referendum. At this time the District is issuing up to \$42,835,000 of General Obligation School Building and Facilities Maintenance Bonds.

At the August 14, 2023 School Board meeting the Board approved the resolution of intent to “Issue General Obligation School Building and Facilities Maintenance Bonds, Series 2024A, in the maximum aggregate principal amount of \$42,835,000.”

Shelby McQuay, Senior Municipal Advisor and Managing Director at Ehlers Public Finance Advisors, will present the presale report for the upcoming sale.

EXECUTIVE SUMMARY OF PROPOSED DEBT

Proposed Issue:

\$42,835,000 General Obligation School Building and Facilities Maintenance Bonds, Series 2024A

District voters authorized the issuance of up to \$326,000,000 in bonds in a bond referendum election held on November 5, 2019. The District has previously issued \$313,000,000 of this authorization. The 2024A issue is the remaining \$13,000,000 of authority of the School Building Bonds and \$29,835,000 of Facilities Maintenance Bonds.

Purposes:

The proposed issue includes financing for the acquisition and betterment of school sites and facilities as authorized by voters in an election held on November 5, 2019 and the financing of the deferred maintenance projects included in the District's ten year facility plan as approved by the Commissioner of Education.

Debt service will be paid from annual property taxes levies and state aid received as part of the Long Term Facilities Maintenance Program.

Authority:

The Bonds are being issued pursuant to Minnesota Statutes, Section 123B.595 and Chapter 475. The Bonds will be general obligations of the District for which its full faith, credit and taxing powers are pledged.

Term/Call Feature:

The Bonds are being issued for a term of 9 years, 9 months. Principal on the Bonds will be due on February 1 in the years 2025 through 2034. Interest will be due every six months beginning February 1, 2025.

The Bonds maturing on February 1, 2033 and later will be subject to prepayment at the discretion of the District on February 1, 2032 or any date thereafter.

State Credit Enhancement:

By resolution the District will covenant and obligate itself to be bound by the provisions of Minnesota Statutes, Section 126C.55, which provides for payment by the State of Minnesota in the event of a potential default of a school district obligation.

To qualify for the credit enhancement, the District must submit an application to the State. Ehlers will coordinate the application process to the State on your behalf.

Rating:

Under current bond ratings, the state credit enhancement would bring a Standard & Poor's "AAA" rating.

The District's most recent bond issues were rated by S&P Global Ratings. The current rating on those bonds are "AAA" (credit enhanced rating) and "AA-" (underlying rating). The District will request a new rating for the Bonds.

Basis for Recommendation:

Based on your objectives, financial situation and need, risk tolerance, liquidity needs, experience with the issuance of Bonds and long-term financial capacity, as well as the tax status considerations related to the Bonds and the structure, timing and other similar matters related to the Bonds, we are recommending the issuance of Bonds as a suitable option.

Method of Sale/Placement:

We are recommending the Bonds be issued as municipal securities and offered through a competitive underwriting process. You will solicit competitive bids, which we will compile on your behalf, for the purchase of the Bonds from underwriters and banks.

An allowance for discount bidding will be incorporated in the terms of the issue. The discount is treated as an interest item and provides the underwriter with all or a portion of their compensation in the transaction.

If the Bonds are purchased at a price greater than the minimum bid amount (maximum discount), the unused allowance may be used to reduce your borrowing amount.

Premium Pricing:

In some cases, investors in municipal bonds prefer "premium" pricing structures. A premium is achieved when the coupon for any maturity (the interest rate paid by the issuer) exceeds the yield to the investor, resulting in a price paid that is greater than the face value of the bonds. The sum of the amounts paid in excess of face value is considered "reoffering premium." The underwriter of the bonds will retain a portion of this reoffering premium as their compensation (or "discount") but will pay the remainder of the premium to the District. Any net premium received may be used to reduce the principal amount of the Bonds, increase the net proceeds for the project, or to fund a portion of the interest on the Bonds.

Review of Existing Debt:

We have reviewed all outstanding indebtedness for the District and find that there are no refunding opportunities at this time.

We will continue to monitor the market and the call dates for the District's outstanding debt and will alert you to any future refunding opportunities.

Continuing Disclosure:

The District will be agreeing to provide certain updated Annual Financial Information and its Audited Financial Statement annually, as well as providing notices of the occurrence of certain reportable events to the Municipal Securities Rulemaking Board (the “MSRB”), as required by rules of the Securities and Exchange Commission (SEC). The District is already obligated to provide such reports for its existing bonds, and has contracted with Ehlers to prepare and file the reports.

Arbitrage Monitoring:

The District must ensure compliance with certain sections of the Internal Revenue Code and Treasury Regulations (“Arbitrage Rules”) throughout the life of the issue to maintain the tax-exempt status of the Bonds. These Arbitrage Rules apply to amounts held in construction, escrow, reserve, debt service account(s), etc., along with related investment income on each fund/account.

IRS audits will verify compliance with rebate, yield restriction and records retention requirements within the Arbitrage Rules. The District’s specific arbitrage responsibilities will be detailed in the Tax Certificate (the “Tax Compliance Document”) prepared by your Bond Attorney and provided at closing.

The Bonds may qualify for one or more exception(s) to the Arbitrage Rules by meeting 1) small issuer exception, 2) spend down requirements, 3) bona fide debt service fund limits, 4) reasonable reserve requirements, 5) expenditure within an available period limitations, 6) investments yield restrictions, 7) de minimis rules, or; 8) borrower limited requirements.

An Ehlers arbitrage expert will contact the District within 30 days after the sale date to review the District’s specific responsibilities for the Bonds. The District is currently receiving arbitrage services from Ehlers in relation to the Bonds.

Other Service Providers:

This debt issuance will require the engagement of other public finance service providers. This section identifies those other service providers, so Ehlers can coordinate their engagement on your behalf. Where you have previously used a particular firm to provide a service, we have assumed that you will continue that relationship. For services you have not previously required, we have identified a service provider. Fees charged by these service providers will be paid from proceeds of the obligation, unless you notify us that you wish to pay them from other sources. Our pre-sale bond sizing includes a good faith estimate of these fees, but the final fees may vary. If you have any questions pertaining to the identified service providers or their role, or if you would like to use a different service provider for any of the listed services please contact us.

Bond Counsel: Kennedy & Graven, Chartered

Paying Agent: Bond Trust Services Corporation

Rating Agency: Standards & Poor's Global Ratings (S&P)

This presale report summarizes our understanding of the District's objectives for the structure and terms of the financing as of this date. As additional facts become known or capital markets conditions change, we may need to modify the structure and/or terms of this financing to achieve results consistent with the District's objectives.

- 1 Estimated investment earnings for the bonds are based on an average interest rate of 0.75%, and an average life of 6 months for the school building portion and 12 months for the facilities maintenance portion.
- 2 The underwriter that purchases the bonds may offer a premium, a portion of which may be retained by the underwriter as their compensation, or underwriter's discount. The remainder of the premium may be used to pay costs of issuance or deposited in the construction fund and used to fund a portion of the project costs. services as part of the bond sale process and is not an underwriting firm.
- 3 The allowance for discount bidding is an estimate of the compensation taken by the underwriter who provides the lowest true interest cost as part of the competitive bidding process and purchases the bonds. Ehlers provides independent municipal advisory services as part of the bond sale process and is not an underwriting firm.
- 4 Due to timing of the levy process, the District would not be able to make a tax levy to fund the interest payment due on the facilities maintenance portion of the new bonds due during fiscal year 2025. That payment would be made from bond proceeds.
- 5 Includes fees for municipal advisor, bond counsel, rating agency, paying agent and county certificates.

1 Tax capacity value for taxes payable in 2019 through 2023 are final values, the value for taxes payable 2024 is an estimate based on information from the county and estimated percentage changes for later years are shown above.
2 Initial debt service levies are set at 105 percent of the principal and interest payments during the next fiscal year.
3 The debt excess adjustments for taxes payable in 2019 through 2024 are the actual amounts. Estimates for future years are based on 4.5% of the prior years' total debt service levy.
4 Lease levy amounts for future years are based on the best available estimates of future payments for all current and planned future leases.
5 These estimates assume that the current Capital Project Levy would be renewed at the same tax rate when it expires.
6 For the Facilities Maintenance bond portion, interest payments due during the first year would be paid from funds on hand in the debt service fund or bond proceeds.

AGENDA ITEM: **Approval of FY 25 Long-Term Facilities Maintenance Ten Year Plan in accordance with Minnesota Statutes, section 123B.595**

MEETING DATE: **March 26, 2024**

SUGGESTED DISPOSITION: **Operational Item**

CONTACT PERSON(S): **Tim Wald, Assistant Superintendent for Finance and Operations;**
Andi Johnson, Director of Finance

BACKGROUND:

In 2015 the state legislature established the Long-Term Facilities Maintenance (LTFM) Revenue Program (123B.595) for school districts, intermediate, cooperatives and charter schools. This program replaced Health and Safety, Deferred Maintenance, and Alternative Facilities Bonding and Levy programs.

The District is required to approve the plan annually in July and again prior to issuing facilities maintenance bonds if that strategy is used to finance the plan. Since the district intends to issue bonds in April to finance LTFM projects, attached is the District's 10-Year LTFM expenditure and revenue plans as well as a more detailed planning document that breaks down the next several fiscal years. The plan is largely unchanged since July 2023, except to update the anticipated final revenue amount from the bond issuance, updated based on current market conditions.

RECOMMENDATION:

Approve the FY 25 Long-Term Facilities Maintenance Ten Year Plan in accordance with Minnesota Statutes, section 123B.595.

Instructions: Enter estimated, allowable LTFM expenditures (Fund 01 and/or Fund 06 only) under Minnesota Statutes 2021, section 123B.595, subd. 10. Enter by Uniform Financial and Accounting Reporting Standards (UFARS) finance code and by fiscal year in the cells provided.

1. Underlevy on general fund equalized levy results in proportionate reduction in associated aid.
2. Total Debt Service revenue on line 49 must not exceed total LTFM revenue for individual district projects (line 30) for any of the 10 years in the plan.
3. For 1A districts with old Alt Facilities bonding, the amount on line 22 will reduce initial revenue on line 10, less the H & S portion entered on line 14.
