

ALEXANDRA COLLEGE DUBLIN

Alexandra College Media Consent Form

Alexandra College feels it is important to recognise the achievements and successes of our students and of the school as a whole. One of the ways to do this is to publish photographs, videos and details of achievements on our website, on our social media channels, in school or in the press.

We take the issue of child safety very seriously and this includes the images of the students in our care. Our duty to our students is paramount and publicity is carefully monitored to ensure that it is consistent with our Child Protection Policy, our Data Protection Policy and Data Protection legislation. We ask parental consent for the school to take and use photographs/film/videos/digital images of their children and/or their work and/or their participation in class and other school activities for use in printed publications or materials, electronic publications, the school website, online and/or in classroom displays for the duration of their time in the school.

1. photograph, interview, record, film, live stream and/or video my daughter/the child in my care and/or her work and/or her participation in class and/or in other school activities;

I agree to my daughter's participation without financial compensation, and I understand that this releases any photographer/interviewer in Alexandra College from any future claims, as well as from any liability arising from the use of said photographs/interview/video or portions thereof for public viewing.
