

### **SMOKE-FREE ENVIRONMENT**

The Board recognizes that tobacco in the school and work environments is not conducive to good health. As an educational organization, LEARN should provide both effective education programs and a positive example to students concerning the use of tobacco.

The Board declares all facilities operated by LEARN, and all spaces within them, to be officially designated tobacco-free environments. Staff, students, and members of the public are prohibited at all times from smoking or using tobacco or tobacco products, including electronic nicotine delivery systems or vapor products, in any school facilities, buildings, buses or other LEARN transportation vehicles, and at athletic events, field trips and meetings.

Policy adopted: October 11, 1990
