Welcome to Kindergarten
September 2024
Things you should know about me

- I am Elizabeth Gilleo, Transportation Supervisor of the Hendrick Hudson School District.
- I am a graduate of Hendrick Hudson High School-Class of 1981.
- I am a life-long resident of the Hendrick Hudson School District.
- My sons graduated from Hendrick Hudson HS and I have 6 of my grandchildren attending school in the district as well.
- I started my career with Hendrick Hudson as a chauffeur, I drove for 20 years.
- I have been the Transportation Supervisor for 11 years. Each year is new and exciting. We are beginning to plan for the opening of school, and we, as always will keep the safety of our students and staff paramount.
Important things you should know…

✔ All children grades K-3 must be met by a responsible person at the bus stop. Parents can provide a note giving permission for another parent at the stop or an older sibling to escort the child home. If there is not someone at the stop and we do not have a note, children will be returned to their school and you will need to retrieve the child from there. Children will receive a backpack tag, please attach it to your child’s backpack.

✔ A Daycare form must be completed for children that will be getting on or off the school bus at a location other than their assigned stop. We are legally responsible to transport to licensed daycare providers that are within our district. We will also transport children to babysitters that reside within our district. Please call my office if you need to have clarification. Forms can be found on the district website are due in my office by June 30, 2024.
More Important things to know...

✔ Please work this summer with your child on putting on and taking off their seatbelt. Feel free to engage your older child or a neighbor’s child to assist your kindergartner with doing this on the bus. PARENTS ARE NOT PERMITTED TO BOARD THE SCHOOL BUS.

✔ The School Bus Safety Team will be at each elementary school within the first few weeks to go over all of the safety protocols on the bus.

✔ Please do all of your communicating regarding changes in busing or issues on the bus through your school principal. Do not engage the driver. Each bus and van is equipped with video cameras and in the event of an incident those videos will be viewed to help bring the situation to a resolution. Parents are NOT permitted to view those videos. They are viewed by myself and the building principal and if necessary support staff in the building.
Wishing everyone an AMAZING year
