

Dear Parent:

During the school year, your eighth-grade child will have a team of teachers. The eighth-grade teaching staff has compiled the following list of supplies that we feel will benefit your child in terms of organization.

English

- One Inch Binder - with five dividers and loose-leaf paper
- Wireless mouse is highly recommended for Chromebooks

Math

- One and a half-inch binder with loose-leaf paper
- TI-30XS Calculator
- Notebook

Social Studies

- Plastic/Cloth pencil case
- Lead pencils, pens, highlighters, black sharpie
- Three-ring binder with folders that have pockets and loose-leaf paper
- Pack of 3x5 index cards
- Colored Pencils

Science

- One Inch Binder (or larger)- with dividers and folders with pockets
- TI-30XS Calculator (same as math)

Specials

- 1 pocket folder - music
- 1 spiral notebook - health

Many of the classes use the same supplies. A calculator is needed for math and science so only one calculator is needed. Science, English, and Social Studies asked for colored pencils. Additional supplies may be asked for on the first day of school. All subjects use pencils, pens, highlights, colored pencils, and a case for these supplies.
