Attended Midwestern State University_____

Vocation _Disability and Retirement Claims
Specialist_____

Community/Civic Involvement in addition to CISD: I am on the advisory board for the Cleburne Education Foundation, member of the Smith Intermediate PTA, board member for Fort Worth Ducks Unlimited, and parent to two children in CISD. _____

Why you chose to run for school board:

As a candidate for Place Three in Cleburne ISD, I firmly believe that it's time for a change that prioritizes the needs of our parents, students, and staff. Our district deserves leadership that is dedicated to fostering a collaborative environment where every voice is heard and valued.

My vision for the future of Cleburne ISD is one where parents feel empowered to actively participate in their children's education, students are provided with the resources and support they need to thrive academically and personally, and staff members are respected and equipped to excel in their roles.

I am committed to promoting transparency, accountability, and innovation within our district. By working together, we can ensure that Cleburne ISD remains a place where every student has the opportunity to reach their full potential. With your support, we can usher in a new era of excellence for our community.
