Health and Safety Protocols Related to the COVID-19 Pandemic

The LEARN Board of Directors (the "Board") recognizes the importance of protecting the health and safety of students, staff, and the community during the COVID-19 pandemic. The Board thus directs the Superintendent or designee to develop health and safety protocols consistent with applicable laws, rules, regulations, requirements, and current guidance.

Compliance with such health and safety protocols shall be mandatory for all individuals while on LEARN property or participating in a LEARN-sponsored activity, unless a legally recognized exemption or exception applies. Failure to comply with such health and safety protocols may lead to disciplinary action for students and staff, in accordance with applicable laws, rules, regulations, and/or LEARN policies.

Notice of such health and safety protocols shall be provided by electronic mail, regular mail, website posting, student handbooks, employee handbooks, and/or any other appropriate methods.
