TEACHING CERTIFICATES

Get equipped to educate

Looking to change careers? Take an accelerated path to teacher licensure? Or teaching on an emergency certificate? Our Arizona-approved, post-bachelor's teacher preparation certificate programs will help you reach your goal. These graduate-level certificate programs are intended to prepare students with no prior teaching experience for initial teacher licensure in select states – and can be completed in about one year.

Beyond coursework, each program includes a clinical component requiring field experience and student teaching. Additional qualifications may apply and requirements for licensure vary by state. For more information, click on your state in this link: <https://www.phoenix.edu/state-licensure-requirements/teacher-education.html>.

THREE CERTIFICATES. ONE CONVENIENT SOLUTION.

Licensure requirements vary by state. Depending on where you live and your chosen program, there are two pathways to achieve licensure: "Direct Apply" – states that accept our Arizona-approved program and permit candidates to apply directly for licensure, and "Reciprocity" – states that require candidates of our Arizona-approved program to obtain Arizona licensure first before applying for licensure in their home state.

For information on your state's licensure requirements, application materials and website information for your state's board or department of education, click on your state in the link below:
