- CTE - Connection between Areas
- Interior Egress Doors & Hardware
- HVAC Upgrades
- Additional Fencing/Gates
- New Support / Counseling Suite

This bond package is based upon a recommendation from the district’s Bond Steering Committee.

Made up of parents, staff, and community members, the committee met over several months to study a facility assessment, district finances and tax impact scenarios, demographics and student enrollment growth, results from a community survey, and project costs.

5 Reasons to consider the 2024 Bond Proposal

All Poteet ISD campuses will be impacted by projects proposed in Bond 2024.

- 1** The bond package addresses current capacity issues and plans for future growth.
- 2** Poteet ISD has immediate priority maintenance needs that will be addressed by the bond proposal which includes campus safety upgrades and ADA accessibility compliance.
- 3** New and renovated spaces will provide for growing Career & Technical Education programs.
- 4** Renovations of classrooms, cafeteria, gym, and support areas will accommodate for growing enrollment at the Elementary and Intermediate campuses.
- 5** Bond 2024 will create instructional spaces that meet requirements of the Texas Education Agency.

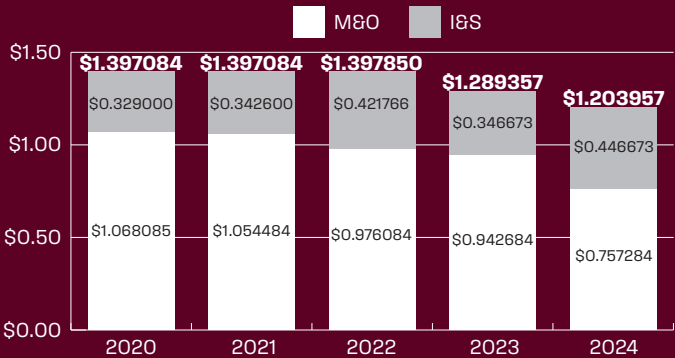

Tax Impact

If voters approve the bond referendum, it is estimated the district’s tax rate would increase from \$1.2039 to \$1.2422 after all bonds are sold by Poteet ISD - an increase of 3.8 cents per \$100 of property value.

That equates to a \$1.60 monthly or \$19.16 annual increase on a home valued at \$150,000.

Bonds will be sold as needed to fund scheduled projects. If the bond package is approved by voters, a schedule of projects will be developed by the district.

Poteet ISD has reduced the overall tax rate by 19 cents since 2020.

AGES 65 & OLDER

For residents 65-years and older, school district tax bills will not increase, even if their property values increase (excluding significant property improvements) as long as an approved Homestead and Over-65 Exemption application is on file with the appropriate county appraisal district, and the property has been owned as of January 1 of the tax year.
