

Summer School Course Descriptions 2024

Please choose classes according to your child's current grade.

This Booklet Contains Options for Students Currently Enrolled in 4K - 7th Grade

Grades 4K / 5K

Getting Ready for Kindergarten - Fee \$5.00

Get ready for Kindergarten! Students will engage in activities to develop early learning and social skills. Early literacy skills are developed alongside numeracy concepts, fostering a love for reading and laying a foundation for math. Children will engage in a variety of fun activities through art, music, science, sport, outdoor play and more, while developing independence.

Getting Ready for 1st Grade - Fee \$5.00

Prepare for 1st Grade! Students will engage in activities that emphasize social skills and learning foundations. Early literacy skills continue to develop alongside numeracy concepts, fostering a love for reading and building a solid foundation for math. Children will engage in a variety of fun activities through art, music, science, sport, outdoor play and more, while developing independence.

1st Grade-3rd Grade

MAKE n MUNCH - If you know how to follow directions and love to eat good food, then you will soon be on your way to enjoying this fun summer class. We will learn how to use some kitchen tools and follow recipe directions. Prepare for YUM and FUN! Limited to 15 students per period. **Fee \$15.00**

ART CAMP - Explore multiple art media and techniques, including art lessons that are two dimensional as well as three dimensional art creations. All lessons are created to be age and grade level appropriate. **Fee \$10.00**

BOWLING - Students will learn the basics of bowling, including stance, ball position, approach and delivery. Scoring will be explained. Students will enhance their skill development through shadow bowling, individual frame practice and various lead-up activities. Students will bowl one complete game a day. The students will walk to and from Anchor Lanes with the instructor. **Fee \$15.00 (Change: Not Available Session 2 Due to Construction)**

CHEER CAMP - Creative movements of expression in a fun atmosphere will be the focus of this course. Students will assist in creating words of appreciation for their school, families, friends, and community. **No Fee**

DESTINATION IMAGINATION - Destination Imagination is designed as a fun and engaging system of learning. Each person will gain knowledge and experience in areas including creative and critical thinking, project management, team building, conflict resolution, STEAM (Science/Technology/Engineering/Arts/Math), perseverance and a completion mindset - the very skills needed to thrive in any chosen career. **No Fee**

EXPLORING MUSIC- Exploring Music will allow students to learn the basics of playing piano, guitar, African drumming, choir chimes (similar to handbells), autoharp, recorder, Boom wackers, etc. Students will compose their level of music and experience improvisation in music. **No Fee**

GAMES GALORE - Students will be involved with board games and puzzles; both student favorites and an introduction to new games by the teacher. **Fee \$5.00**

GET CREATIVE WITH YARN! Get Creative with Yarn! Over the course of this class you will learn various fun art projects with yarn. No experience necessary. **Fee \$15.00**

GET MOVIN! Test your skills, knowledge, and physical conditioning with Get Movin'. Students will participate in a variety of individual and team sports/games. Learn a new skill, work to play with teammates, and accomplish new goals together. **No Fee**

THE JOY of MATH- Mathematics can be so much fun when we have a deeper understanding of the process. We will be using games, manipulatives, and a little bit of technology to help us gain the skills needed for the upcoming school year. Join Mrs. Kossman for a mathematical adventure! **No Fee**

SUMMER READERS- Summer Readers is a great class, especially if you want your child to continue learning over the summer months. The main focus of this class is to participate in reading activities, phonics, and written language. This is a perfect way to sharpen our learning throughout the fun-filled days of summer. **Fee \$5.00**

LEGO EXPLORERS - Join in the fun! Learn the art of creativity and collaboration through hands-on activities while designing and building. **Fee \$0**

LITTLE TECHIE - This computer class will be a fun and interactive learning experience developmentally designed for young learners. Each student will be able to enjoy and understand new technology concepts. Together we will discover fun child-centered websites, games and activities to aid in computer education. **Fee \$5.00**

LITTLE HOOPERS - Join our exciting three-week summer basketball course tailored for grades 1-3! Your child will develop fundamental basketball skills, teamwork, and sportsmanship through engaging drills, games, and activities. **No Fee**

SAY HOLA I - Through literature, simple art projects, singing, dancing, playing games, and other reinforcement activities, elementary students will be taught more about the Spanish language and culture. We will explore the following weekly units: alphabet, numbers, calendar, family, colors, and more. This will be a great continuation to the academic year's Spanish program from previous years. **Fee: \$5.00**

Ultimate Kickball- Love to play the classic game of kickball? This class allows students to learn the many variations of kickball. The course keeps you moving, having fun, and learning new ways to play an old favorite. **No Fee**

Fee \$15.00

GET MOVIN! Test your skills, knowledge, and physical conditioning with Get Movin'. Students will participate in a variety of individual and team sports/games. Learn a new skill, work to play with teammates, and accomplish new goals together. **No Fee**

GET FIT! Dive into a summer fitness journey with our three-week Get Fit! summer school course. Designed for all fitness levels, participants will engage in body weight exercises, learn essential fitness routines, begin to explore the Kohl Fitness Center, and build a foundation for a healthy lifestyle. **No Fee**

GOLF - A chance to learn some tips to improve your game and also a chance to improve your skills. The majority of this class will take place outdoors working with irons, chipping, pitching and putting. Some days the class will go over to Quit Qui Oc Golf Course and will have the opportunity to use the driving range, putting greens, and course. **Fee \$15.00**

INTRO TO SEWING - Students will learn how to sew on a button, hand sew and machine sew, hem a pair of jeans/pants, patch a hole, use an iron/steamer, learn how to lay out a pattern and cut it out to make a simple pair of mittens, pair of shorts or a skirt, make a pillow, winter scarf and/or hat. Other independent project options could include making a zipper pencil pouch, simple string backpack, over the shoulder bag, etc. **Fee \$5.00**

LASER ENGRAVER - Get in tune with your creative side! Join us in the use of different mediums while we create using the laser printer. It is an awesome adventure seeing our creations come to life. What fun it will be to utilize such an inventive piece of equipment. An imagination is all you need for this amazing experience. **Fee \$5.00**

NATIONAL PARK ADVENTURES - Are you curious about our National Parks? Have you always wanted to explore the United States but are wondering about which state is more intriguing? We will learn through the use of technology, art and foods that are specific to different states. Come explore and find the answers you have been looking for. **No Fee**

PICKLEBALL/TENNIS - Serve, rally, and score in our exciting three-week summer school course! Join us on the tennis and pickleball courts as we teach fundamental skills, strategies, and foster a love for racquet sports in a fun environment. **Fee \$5.00**

SAY HOLA - Through literature, simple art projects, singing, dancing, playing games, and other reinforcement activities, elementary students will be taught more about the Spanish language and culture. We will explore the following weekly units: alphabet, numbers, calendar, family, colors, and more. This will be a great continuation to the academic year's Spanish program from previous years. **Fee \$5.00**

THE ART OF CURSIVE - Unlock the 'Art of Cursive' in our 3-week summer school course for grades 4-7! Students will master the elegant skill of cursive writing through engaging lessons and hands-on practice, enhancing their penmanship with style and precision. **No Fee**

Ultimate Kickball- Love to play the classic game of kickball? This class allows students to learn the many variations of kickball. The course keeps you moving, having fun, and learning new ways to play an old favorite. **No Fee**

WOODWORKING - Construct projects using new and exciting tools in the High School Woods Lab. Students will learn how to properly and safely use hand and power tools to build games, bird houses, and other interesting projects. After learning the basics, students can even design and construct their own projects. **Fee \$10.00**

YOGA - Have you ever wanted to just relax in class? Yoga is the class for you! Dive deeper into a beginner's course on yoga and relaxation practices. Slow down your thoughts and develop an awareness of the body and breathing. Have fun challenging your mind and body with complex moves and imagery! **No Fee**

SEND NO FEES NOW. FEES WILL BE ASSIGNED AND DUE AFTER STUDENT SCHEDULES ARE FINALIZED. THANK YOU.
