PROFESSIONAL TEACHER STATUS

The Superintendent, upon recommendation of the Principal, may award such status to a teacher who has served in the Principal's school for not less than one year or a teacher who has obtained such status in any other public-school district in the Commonwealth. The Superintendent will base his/her decisions on the results of evaluation procedures conducted according to Committee policy.

At the end of each of the first three years of a teacher's employment, it will be the responsibility of the Superintendent to notify each employee promptly in writing of the decision on reappointment. Notification to a teacher not being reappointed must be made by **June 15** or at an earlier date if required by a collective bargaining agreement.

A teacher who attains professional teacher status will have continuous employment in the service of the school system. A teacher with professional teacher status whose position is abolished by the School Committee may be continued in the employ of the school system in another position for which he/she is legally qualified.

Nothing in these provisions will be considered as restricting the Superintendent from changing teaching assignments or altering or abolishing supervisory assignments except that, by law, no teacher may be assigned to a position for which he/she is not legally qualified.
