FY 2024 Federal Per Diem Rates

FY 2024 Per Diem Rates apply from **October 2023 - September 2024**.

Per-diems are fixed amounts to be used for lodging, meals, and incidental expenses when traveling on official business. Federal per diem rates are set by the General Services Administration (GSA) and are used by all government employees, as well as many private-sector employees who travel for their companies.

The per-diem amount you will be issued for meals and lodging depends on the location to which you are traveling. There are almost 400 destinations across the United States for which a special per-diem rate has been specified. For travel to any other areas within the United States, the FY 2024 general per diem rates are used.
