

5630	School Facilities
-------------	--------------------------

The intent of the Board of Education's facilities program is to provide facilities which:

- a. are clean, well maintained and of sufficient size and capacity to meet educational program needs,
- b. ensure the health and safety of students, staff and the community at large,
- c. provide for the efficient use of energy and water utilities,
- d. meet all legally mandated requirements

The Superintendent of Schools is charged with periodically reviewing the preventative maintenance program and facilities modifications which are deemed necessary to meet the above goals. Building projects will be presented to the Board for consideration on an as needed basis.
