

RCS Software and Online Resources Approval Status List

Please check this list prior to purchasing or using online/software resources. In other words, if you have to create an account, login or download software in order to use a resource for school business, this list should be consulted first. If the resource does not appear in this list, [please submit this request form](#) to Technology to request vetting FIRST.

Students must have an AUP on file before using online resources.

Software Program or Online Resource	
Software Program or Online Resource	Approval Status
