

STUDENT WELFARE

It shall be the policy of the board of education to promote safety in the schools, and to cooperate with community agencies in maintaining safe conditions for children and adults. Safety factors will be considered in the selection of equipment, in planning facilities, and supervising related educational activities. Continuing attention will be given to factors or actions which constitute a threat to safety and appropriate steps will be taken to eliminate or minimize them.

Initially Adopted: December 2, 1970
Adopted: February 22, 2010
